THREE CENTS

The Oldest and Largest Clothing House at the Head of the Great Lakes.

The Big Duluth

Store Closed Evenings Except on Mondays and Saturdays.

Downright Fairness!

20 per cent discount to everybody.

The closing out of a Winter's stock is a big business for us. The best way we know to do it is to make lower prices than clothing can be purchased elsewhere and to give every buyer an equal and fair chance. Some may want Overcoats, Storm Coats; others, Dress Cut-away Suits; others, every-day Suits; others, Trousers; others may want outfits for the boys; others, Underwear, Hats, Caps, Gloves, Mittens, Furnishing Goods. A GREAT STOCK HERE. No odds and ends. They're all good to us. Don't know which is to you. We take the shortest way to catch your want.

Buy whatever you like, pay the price, we'll return 20 per cent.

TALK OF CONFEDERATION.

Newfoundland Will Send Delegates to Canada to Negotiate.

ST. JOHN'S, N. F., Jan. 23.—Confederation is the main topic of conversation here. The government will send a delegation to Canada immediately to negotiate terms. The delegation is likely to consist of Premier Green, ex-Premier Whiteway, and ex-Colonial Secretary Bond. The legislature is expected to submit the question to a plebiscite in May, when it is almost certain to be carried.

Sir William Whiteway is said to be striving to obtain the lieutenant-governorship on condition that he advocates confederation. All politicians are keenly discussing the question. The supreme court is considering the compromises of the insolvent firms with their creditors. None of the compromises have been ratified as yet. It is believed that several of the firms are attempting to reduce the value of their assets in order to escape with as little loss as possible. The debtors of all these firms, who are fishermen and working people throughout the island, claim that it is very hard they should be compelled to pay all their debts in full, while these large defaulters escape under advantageous compromises.

The press criticism on the clergy, growing out of the latter's attack upon the newspapers, continues. The clergymen are getting the worst of the altercation. It is shown that one clergyman is the brother-in-law of one of the worst defaulters and another is a son-in-law of a man owing \$500,000. A conference of the shareholders and creditors of the Union bank will be held next week to make arrangements regarding the payment or otherwise of the shareholders of the liability. The shareholders hope to escape this payment. The destitution has seriously increased. The tales of misery here are heartrending.

Jackson Will Fight.

LONDON, Jan. 23.—The Sporting Life publishes an interview with Peter Jackson, in which the colored fighter says he is perfectly willing to fight Mitchell, but only at the National Sporting Club, for £1000 a side. In the course of the talk Jackson remarked that some powerful motive must have induced Mitchell to alter the opinion he held five years ago, when he drew the color line.

Five Miners Killed.

SHREWS, Ky., Jan. 23.—The bodies of the miners killed by an explosion of powder in the mines last night were recovered early today. The names of the killed are Albert Hall, James Walther, John Collier, Robert Hall and Mino Fitzsimmons. The damage to the mine property will be \$2000. All the dead men save one have families.

A PANIC AT CHEFOO.

Sailors From Foreign Warships Landed to Protect Consulates.

LONDON, Jan. 23.—A dispatch from Chefoo says that sailors from all the foreign warships have been landed to protect the consulates of the different countries they represent. The date of Dec. 4, published this afternoon, report that a panic existed there among the inhabitants of Chefoo on account of the proximity of the Japanese soldiers to the city and the Chinese troops were said to be upon the point of mutiny.

It is added that owing to diplomatic objections the plan was not to land any bluejackets from the foreign warships without urgent necessity for so doing, but the signal men ashore and aloft were to remain on the lookout day and night so long as the weather was clear and safe. It is added that frequent gales of snow and spray obscured the signals in town.

Continuing, the Pall Mall Gazette's correspondent says: "All the male foreigners numbering about thirty, are armed and they are able to hold the Chinese in check until help arrives. But, heads, 'God help the outlying American missions'."

A STANDARD OIL MOVE.

Will Fix Prices Regardless of Oil Exchange Quotations.

PITTSBURGH, Jan. 23.—The Standard Oil company has created a sensation by declaring that hereafter it will fix the daily price of petroleum regardless of quotations on the oil exchange.

The opening quotation on the Oil City exchange yesterday was 97 1/8 cents, but the Standard fixed the price at 99 cents. As soon as this became known the price on the exchange went up to 99 1/8.

The action of the Standard caused considerable excitement in this city and there were many opinions expressed as to the effect it would have on the market.

Poor Outlook For Brewer.

NORWALK, Conn., Jan. 23.—The Rev. Frank Robbins pastor of the Norwalk Baptist church received a visit last evening from Harvey L. Brewer and Mrs. Martin S. Straw who asked him to marry them. Mr. Robbins was surprised, as Mrs. Straw's husband died but four months ago. Mr. Brewer is 37 years of age and this is his third matrimonial venture. Mrs. Straw is 77, has outlived four husbands and says she will outlive this one.

Died of Heart Disease.

NEWPORT, R. I., Jan. 23.—Capt. M. C. Martin, U. S. N., retired, was found dead last night at his home from heart disease. Capt. Martin was 76 years of age.

NELSON CHOSEN

On the First Ballot in Joint Session Today, Nelson Was Elected United States Senator.

He Received One Hundred and Two Votes, or Thirteen More Than Were Needed to Elect.

The Washburn Forces Wanted to Throw Their Strength To Lind, But He Declined It.

Nearly All the Democrats and Part of the Washburn Men Cast Votes For Nelson.

ST. PAUL, Jan. 23.—The two houses of the Minnesota legislature, in joint session today, voted for a successor to Senator W. D. Washburn. The developments of the night showed that Mr. Washburn's re-election was impossible and his forces tried to throw their strength to ex-Congressman John Lind. After looking over the situation, Mr. Lind refused to enter the fight and the Washburn supporters concluded to vote for the senator to the last, although hopeless of electing him, hoping to prolong the fight and thereby defeat Governor Nelson, to whom they attributed Senator Washburn's defeat.

KNUTE NELSON.

When the two houses had assembled and were organized, the roll was called and Governor Knute Nelson shown to have been elected. The first vote resulted: Nelson, 98; Washburn, 35; Comstock, 12; McCreary, 3; Donnelly, 13; John Lind, 1; Mitchell, 4. Before the announcement of the vote there were several changes made by members, and the announced result was: Knute Nelson, 102; W. D. Washburn, 36; S. G. Comstock, 9; J. T. McCreary, 2; Ignatius Donnelly, 13; John Lind, 1; William Mitchell (Dem.), 4.

Speaker Van Sant then declared that Knute Nelson, having received a majority of the votes of the legislature, was elected senator for the six years after March 4 next.

The governor was brought before the legislature and returned his thanks for the great honor conferred in a brief speech, and the joint session adjourned. The three representatives from St. Louis county kept in the Nelson column today, as they had from the start, and were among the victors. Senator Spencer, who voted for Washburn yesterday, cast a vote to Nelson today. Representative Gunn, of Itasca county, who had heretofore held to his instructions to support Washburn, voted today for Nelson. Senator Allen, of Cloquet, however, went down with the Washburn forces, being one of the thirty six who held fast to their leader to the end.

Governor Nelson today is unable to say when he will resign the governorship of the state. He will first consult with the lieutenant-governor before taking any step. His resignation, it is understood, will be made to Lieutenant Governor Clough.

"I have not yet reached that point," said the senator-elect, when asked when he would resign. "I am satisfied and pleased with the result. What further could I say? I am thankful to my friends and entertain a Christian spirit towards all that opposed me."

DOINGS OF THE SENATE.

A Bill to Settle Disputes Between Employers and Employees.

ST. PAUL, Jan. 23.—Senator H. F. Stevens this morning introduced in the senate a bill providing for the settlement of differences between employers and employees. The bill provides for the appointment by the governor of a state board of three, one an employer, one a member of a labor union and the third an impartial man, agreed upon by the first two. The board is to be appointed biennially.

The bill provides for voluntary arbitration as the labor unions are decidedly opposed to any of a compulsory character. The state board is empowered to investigate any controversy or dispute either on the complaint of one of the parties concerned, or if reliably informed of the affair by outside parties. After investigating its report is published and recorded in the district court of the county.

If the application to the board for its mediation is from both parties to the dispute its decision shall be binding for six

months or until sixty days after either party has given the other notice of his intention not to be bound by the same. It is made the duty of the state board to encourage the formation of voluntary boards of arbitration between those in dispute. It must also aid in the formation of local tribunals wherever possible.

The state board has power to call witnesses, administer oaths, etc. The arbitrators are to be paid for their services and expenses while they are employed. They are to make a biennial report to the legislature. The measure has already received the endorsement of the State Federation of Labor. It was referred to the committee on labor.

A resolution was introduced by Senator Knute Nelson, relating to the railroad committee inquire into the cost of railroads. The following bills were among those introduced:

Mr. Spencer, to amend chapter 48, section 2, of the general laws of 1893, relating to the compensation of judges of the district courts.

Senator Wyman had the rules suspended and the bill appropriating \$50,000 to meet the deficiency in the state university had its final passage.

NEW BILLS IN THE HOUSE.

A Batch of Measures Introduced by the Members Today.

ST. PAUL, Jan. 23.—Among the bills introduced in the house this morning were the following:

Mr. Hopkins, repealing part of the law relating to civil action.

Mr. Gibbs, amending general laws of 1891, establishing the Itasca state park. It provides a penalty for destroying vegetation or animals in the park. It applies to Indians as well as all others.

Mr. Feig (by request), providing uniform charges for telephone service, making \$4 for business and \$3 for residence purposes the maximum charge.

Mr. Tallman, relating to the exemption of property from the donation making \$200 of the amount carried ninety days prior to attachment exempt.

Mr. Gibbs introduced a joint memorial to congress asking for the donation of the state of the site of Fort Snelling to be used as a museum by the state.

Pannell Acquitted.

ST. PAUL, Jan. 23.—Edward Pannell was found not guilty by the jury in the United States district court. The jury was out for several hours and once came in to get further instructions from Judge Nelson. Had Pannell been convicted he would have been sent to the penitentiary for less than one year, the law being very severe. He was accused of using cancelled postage stamps.

Against the Allomonte.

MILWAUKEE, Jan. 23.—A special to the Wisconsin from Madison, Wis., says: "The legislature of Wisconsin today called upon congress to suspend action for the present on the bill of the Allomonte Power company, a franchise to dam the Wisconsin river. It is intended to head off a scheme that will give Duluth a decided advantage as a manufacturing town over Superior."

The Chicago Still Missing.

BENTON HARBOR, Mich., Jan. 23.—No tidings of the steamer Chicago today. The ship is presumed to be in the Gulf of Mexico. The only word of encouragement is contained in a message from Racine, Wis., which says: "White tug seen in distance. This, however, cannot be the missing steamer."

WILL OPEN BIDS TONIGHT.

Several Bond Buying Firms are Represented Here Today.

The council will hold an adjourned meeting tonight. There will be the regular course of business for transaction but the principal item will be the reception and opening of bids for the first issue of the water-works purchase bonds.

There will be bids all right enough, it is thought, for five specially represented here have put in sealed bids or communications of some sort. The bond men here are: Benjamin A. Seitz, representing R. A. Seitz & Co., of New York; James B. Steedman, of Dayton, Ohio; George A. Lewis, of Mason, Lewis & Co., of New York; W. McDonald, representing H. C. & Co., of Boston; H. McQuiston, of Cincinnati.

THE BRIDGE PLANS.

Duplicate Copies Received Today by the Chamber of Commerce.

Duplicate copies of the plans for the proposed bridge between Rice's and Connor's points were received by the chamber of commerce. There are two, one having a perspective view and the other a cross section.

The plan is drawn under the bill as the company hopes to have it amended. The width is forty-seven feet over all. In the center is the single steam railway track. Thirteen feet is allowed for this. On each side of this is a sidewalk four feet in width and on the outside of these—one on each side of the bridge—is the street railway and wagon space, each nine feet in width.

Will Become Agent.

E. J. Crossett, ex-company treasurer, will assume charge of the United States Express company's office in this city after Feb. 1. Mr. Crossett held the same position before his election to the office of treasurer. It will be pleasing news to Mr. Crossett's friends to know that he is to remain in Duluth.

May Not Recover.

A German named Wagner was sent up the other day for beating his sister. It now transpires that he also beat his aged mother, blacked and bruised her body, knocked her over a stove and so aggravated an old rupture, that the woman is in a most precarious condition. It is a question whether she will recover or not.

Aunt Mollie is a Nobleman.

Humboldt (Tenn.) Leader: Aunt Mollie Blue sent a fine basket of apples to the Leader office yesterday. Aunt Mollie is one of nature's noblemen, and her gentle kindness has done much to brighten our dusty path as we journey down the river of life.

IN THE BALANCE

The Tenth Day of the Street Railway Strike in Brooklyn and Result Still Doubtful.

Henry Ahns, Who Was Shot for Disregarding a Command to Halt, Died This Morning.

Red Pepper Used by Rioters and Many Police and Soldiers Suffering From Sore Eyes.

Wires in a Worse Condition Today Than They Have Been Yet During the Strike.

BROOKLYN, Jan. 23.—At least one life has been sacrificed in the strike of the motormen and conductors of the trolley lines. Henry Ahns, who for disregarding a command to halt was shot by the militia last night, being the first victim. He died at St. Mary's hospital this morning. The injured can be counted by scores, but for the most part they have been kept under cover in the streets, and the result hangs in the balance.

This is the tenth day of the big strike and the result hangs in the balance. The railroad companies can operate their lines so far as the mechanical arrangements go, but up to the present time they have secured only about 400 new men to take the places of the strikers. It is costing them a large amount of money to do this and they have to pay the expenses of the men to Brooklyn and offer enormous sums of money to hold them here.

Then they suffer loss by the fact that motormen leaving the city, and the conductors after they have collected a day's fare are often pulled from their cars and robbed of every cent of the company's money which they have collected. The men who came to Brooklyn at the company's expense and are induced by strikers not to work are looted. They are led and filled with whisky, and when they are full join the ranks of the mobs and are really the most boisterous of the disturbers.

Some of them when they find out the true condition of affairs here, for the companies' recruiting sergeants are not as honest and explicit in their statements as they might be, sometimes go to the offices of the railroad companies and demand their expenses back to the cities whence they came and then even demand them. Some of the men have come here from places as far distant as Buffalo, Chicago and Cincinnati. Despite the assurances of Mayor Scherren that the military force in Brooklyn is sufficient to do all that is required of it, it is believed that he has made a request that additional troops be sent to Brooklyn for an emergency. Every part of the city where the trolley cars run is patrolled by the militia. They are everywhere in large numbers in five minutes' notice of an outbreak. The police are thus enabled to attend to their proper duties.

In every quarter of the city wires were cut during the night, and the stables and power houses of the companies were subjected to a desultory bombardment of stones. Few of the men were placed under arrest. On many of the lines the men have stopped work, but so far as can be learned they have not been called out as an organization. It is probable that the electricians and expert mechanics employed by the companies may also refuse to continue work. Several new lines will be opened up today.

Bernard O'Connor, of 238 Third-ninth street, was arrested for cutting trolley wires at Third avenue and Fifty-sixth street. George McVey, of 1531 Gates avenue, was arrested by Officer Bennett for pulling down wires with a rope at Gates avenue, near Hamburg avenue, early this morning.

Superintendent Brocton, of the Brooklyn city repair shop No. 2, says he has thirty electricians at work and thirty assistants today and that he has already done repairing on Fulton street this morning. Brooklyn city repair shop No. 1 has ten electricians and four assistants and they have done repairing on Gates avenue today.

Excitement has begun to run high at Fifty-eighth street and Third avenue. At 6:20 a wagon load of about a dozen non-union men arrived there in charge of Troop A of New York, under command of Lieutenant Bagley. About a mile below the depot on Third avenue a large trunk of a tree was taken off the track. At Fifty-first street and Third avenue, the strikers headquarters, a lot of stones were thrown at the troopers and the wagon. The troopers charged into the mob and drove them back into their headquarters and down the side streets.

Until 9 o'clock this morning the number of cars in operation was about one-half of that of yesterday. The Fulton street and Flatbush avenue lines have succeeded in getting only one or two cars through to the bridge. The reason was that the wires had been cut in the vicinity of Flatbush avenue and Fulton street and the linemen refused to repair them. The companies are also short of motormen.

Repair shop No. 2 of the Myrtle avenue line has thirty electricians and thirty assistants at work today. The cut wires in East New York and at Gates avenue have been repaired. The linemen say that they will not strike in a body, as the motormen refused to help them a year ago when they had some difficulty with the companies. The individual members among the linemen may strike, but there will be no organized strike.

Rioters had a run in with the militia at Fifth avenue and Twenty-fourth street and one of the militiamen got a black eye. The rioters numbered only about fifty, but they made things lively for a while. One hit a militiaman in the face with brass knuckles.

Red pepper is freely used by the rioters and many of the police and soldiers are suffering from sore eyes. The stuff in this paper clippings is buried at the soldiers, and if it breaks anywhere about the head the militiamen suffer excruciating pain for a while. Fortunately most of these parcels have missed their mark, but the soldiers dread them more than bullets.

The dissatisfaction among the linemen has caused the strikers to cut the wires and ground them by means of the elevated railroad posts. The wires are cut at Ridgewood. At 3:30 a squad of policemen escorted twenty-five of the new employees to the car barns.

The fact that cars would be started this morning had caused a crowd to gather in the vicinity. As the new employees emerged into the street, they were greeted with derisive cries. Maj. Abrams at once ordered his men to charge and a general stampede followed, the crowd fleeing in all directions, closely pursued with the militia with fixed bayonets. At this juncture two men made their appearance upon the trestle of the elevated road, directly overhead. They were in front of the locomotive and their appearance was suspicious.

"Come down off there," yelled Maj. Abrams.

"Oh, we're all right," came back the answer from one of the men, while both refused to stop.

"Come down or I'll shoot," commanded the major again, more sternly.

The men gave utterance to something the major could not understand but refused to budge.

"I give you fair warning. Come down or I'll shoot."

At the same time five of the major's men advanced with elevated muskets. The command from the determined officer backed by the action of his men had its effect, as the strangers fled back upon the platform.

Before starting the first car a detail of militia was sent out on Myrtle avenue and Wyckoff avenue, Magnolia and Palmetto streets to clear these thoroughfares. The sixty-ninth battalion had been sent up from Gates and Ralph avenues and lined Myrtle avenue from Ridgewood down to Broadway.

At precisely 9 o'clock a car was started down Myrtle avenue with two police on each platform and a detachment of soldiers on the sidewalk. This was soon followed by another car so military guarded. At 9:10 forty more new employees were escorted from the railroad company's office to the stables by the police. No demonstration was made as the crowd had been dispersed.

Another Man Shot.

BROOKLYN, Jan. 23.—Thomas Carney was shot in the side by a mobster of the Thirty-third regiment this afternoon. Carney had thrown a number of bricks from the roof of a building at several soldiers below. He will probably die.

A STAG SUPPER.

A Newly Married Man Given a Surprise Party Last Evening.

A week ago, E. George Masom, who is employed at the Duluth Cash grocery, took unto himself a wife. Last evening the happy bridegroom was pleasantly surprised by means of a stag supper given in his honor at the Zenith restaurant, by his fellow clerks and a number of friends.

The table was spread in a manner reflecting great credit upon Col. Hart, of the Zenith and the merry company sat down at 9:30 o'clock. After plenty of good things to eat and drink had been disposed of, Fred Russell, master of ceremonies, conducted the boys through a pleasant hour given over to toasts, stories and songs, flavored with good cigars and moistened with "Finger's Best." After midnight, the merry-making ceased and the boys escorted their guest to his home and his waiting family.

Those who sat at the festive board were: Messrs. Russell, Sleeper, Masom, Martin, Rosebaum, McLean, Thatcher, Florin, Barrow, McDonald, Larson, Davis, Morrison, Tischer, Withrow, Forgy, Davis, Sisk, McPhail and Eble.

Suing For Damages.

Roch Walczak, a tailor, claims that while conducting cars at the Duluth street railway power house on Dec. 8, by orders from a conductor, he fell in a 5-foot pit and received injuries that have not only prevented him from working at his trade since, but have affected his mind and caused him to suffer from headache and dizziness.

In municipal court this forenoon he and his attorney were attempting to convince a jury that damages in the sum of \$500 would just about square the thing with him for the physical and mental injury and pain.

Quite a Rush Today.

Township 68-10 was opened for settlement today at the local United States land office. Forty-four filings were accepted and a number of conflicting entries were rejected. There was quite a little rush for a change, fully 200 people crowding into the hallway early in the morning.

Eleven out of the thirty-nine suspended entries have been tried, but not decided. The case on today is that of the United States vs. Charles E. Salter, a homestead entryman.

An Austrian Peffer.

New York Sun: The Peffer of Europe would appear to be Count Lazzlo Szapary, of Budapest. When the marriage bill was debated before the Austrian legislature he made a solemn vow that he would not cut his beard, though it might grow to the tips of his toes, until Dr. Wekerle gave up his post. When Dr. Wekerle resigned, as he did a few weeks ago, the count had his enormous black beard shaved and went to take his seat in the reichstag. Nobody recognized him and he came near being turned out.

BURKE IS EXONERATED.

Court Finds That He Did Not Get His Deeds Through Fraud.

A peculiar and rather complicated suit over the title to valuable iron lands in 58-17 was ended yesterday afternoon, so far as the district court is concerned, when the findings in the case were filed in the clerk's office. The title of the case is Francis G. Burke against Simon J. Murphy and G. O. Robinson, with Oliver Boucier, Mary L. Pipya and other heirs of Oliver Boucier and Joseph Doucette as intervenors.

Boucier and Doucette were two Sioux half-breeds who took the land with Sioux scrip back in the sixties. Both died in Dakota before the war, and the intervenors fell heir to the land. A couple of years ago Burke obtained title from the heirs through quit claim deeds, but he found that Murphy and Robinson claimed title through deeds obtained long before from one D. E. Little to E. D. and P. M. Graft. Little making the sale through what purported to be powers of attorney from Boucier and Doucette.

In the suit to quiet title the heirs intervened and claimed that Burke had obtained his deeds from them through fraudulent misrepresentations, and asked to have them set aside. The findings entirely clear Burke of the charge of fraud, and removes it to the defendants. It is found that Burke's title was good and that the allegations of the intervenors are false. The defendants' title are found to be void, as they are based upon pretended powers of attorney executed more than five years after the death of both Boucier and Doucette, who were supposed to have executed them.

It is further found that the intervenors were induced to enter the case and make their false allegations of fraud by F. D. Culver, who was the agent and attorney of P. M. Graft, to whom Little deeded the lands by virtue of his pretended power of attorney.

Some time ago C. A. Johnson sold a lot to Axel Johnson for \$500,000, contracting if it were not sold within a year to return the money. It was not sold, and Axel sued on the contract. Judge Moer in his findings filed this morning finds that the contract was without consideration and is void and illegal, so Axel will have to keep the land and allow C. A. Johnson to keep his money.

C. H. Davidson has sued D. K. Pearsons for \$583.61 on a note.

Judge Moer has denied a motion of a new trial in the case of A. L. Newton against the Highland Improvement company.

A. G. Swanson, assignee of T. O. Hall, has a petition at the court for permission to set the insolvent's real estate.

John Chesser has sued the Franklin Iron Mining company to recover \$22,000 alleged to be due him for boarding laborers for the company.

Have made an expensive change in the interior of their store by cutting up and removing the Handsome Cut Glass Jewelry Counters from the front of the store and dividing it around their various departments. This was done in order to make room for

Two Bargain Counters!

Which they are now putting in in the place where the Jewelry used to be.

All Up-to-Date Stores in the East are adopting this plan, and

Duluth's Big Store

Don't propose to be behind them. All things offered on the counters are

BARGAINS!

WATCH FOR THE Opening Day!

It will cost us money to introduce them. They will be known as

Bargain Counters

No. 1 and No. 2.

2
THE CAPITAL GOSSIP.

Bill Introduced to Permit Sheriffs to Open Letters Addressed to Prisoners in Their Custody.

Suggestion That a Syndicate of American Tobacco Growers Might Secure Large Trade With Italy.

Peanut Meal Not Only the Most Nutritious But the Cheapest of Twelve Principal Foods.

WASHINGTON, Jan. 23.—An Illinois court in one of its decisions held that a sheriff who opened a letter addressed to a prisoner in his custody, before the letter was delivered to the prisoner made himself amenable to the law which imposes punishment upon persons who open letters addressed to others. By the introduction of a bill to correct this unsatisfactory condition of affairs the matter was brought to the attention of the house judiciary committee, and in a recent report the latter committee has expressed its opinion that in cases where officials who are charged with the custody of prisoners in confinement in prison under sentence of the law, such officials should have the legal right to inspect correspondence addressed to such prisoners. If the rule were otherwise it is easy to see that the discipline of the prison would be in this way seriously impaired and facilities for the escape of prisoners easily afforded.

"Our committee are unanimously of the opinion that the existing statute should be amended so that the chief officials of penal institutions may inspect correspondence addressed to prisoners in their charge, if they think that such communications will imperil the safe custody of such prisoners."

United States Commercial Agent Huntington at Casablanca has made a special report to the state department regarding the experiments conducted by the Italian government in the cultivation of tobacco from Sumatra and American seed, with a view to producing all tobacco needed at home. Mr. Huntington says the plants grew well, but the tobacco is a government monopoly and the government buys enormous quantities of the American product. Last August it invited bids for supplying 7,000,000 pounds of Kentucky tobacco. Mr. Huntington says this great business is entirely in the hands of a combination of German houses, located in Paris, Bremen, and New York, who have made millions of dollars from it. They have been able to monopolize the trade, because the Italian government requires an enormous quantity of the grower cannot supply, but he suggests that a syndicate of our growers might easily secure this lucrative trade.

According to United States Consul Wiley at Bordeaux the French wine crop in 1904, including Corsica and Japan, amounted to 1,117,570,000 gallons, valued at \$18,500,000, or 15 cents per gallon. The crop was smaller than in the preceding year by 256,412 gallons in France proper, owing to rain, but still in excess of the average crop. The quality cannot yet be fully determined but the price augments every day.

The possibilities in the culture and uses of peanuts are pointed out in a bulletin issued by the agricultural department and compiled by R. B. Handy, of the office of experiments. Attempts have been made to introduce peanut meal as an article of human food, and extension of the manufacture of peanut oil has been urged, but the report indicates that present conditions do not warrant any considerable increase in the acreage of the crop. In a list of twelve principal foods is shown that peanut meal is not only the most nutritious but by far the cheapest of them. The presence of lime, says the report, is necessary for the development of peanuts.

A Conservative Victory.
EVERHAM, Eng., Jan. 23.—The result

The new vegetable shortening is the most popular food product of the day. Its use means good food, good health and a goodly saving in the end. Since the introduction of Cottolene, lard has no longer place in food or kitchen.

Cottolene

serves every purpose of lard, and serves it without grease, odor or indigestion. Those who have given Cottolene a fair trial never go back to lard. Be sure and get the genuine. Don't let any dealer palm off any of the many worthless imitations on you.

Made in U.S.A.
The N. K. Fairbank Company, CHICAGO.

Highest of all in Leavening Power—Latest U. S. Gov't Report.

ABSOLUTELY PURE

of the election which took place yesterday for a member of the parliament to represent this, the south or Everham division of Worcestershire, in succession to the late Sir Edmund Leckmore, Bart. Conservative, is that Col. Long, the Conservative candidate, is declared elected by a majority of 1175.

CLAIMED BY UTAH MORMONS.
Fight for the Possession of Church Property in Missouri.

St. Louis, Jan. 23.—The long-pending suit brought by the reorganized church of Jesus Christ of Latter Day Saints, better known as the Mormon church, against the Church of Christ at Independence, Mo., was called in the United States circuit court of appeals today.

In 1890 one John P. Hedrick and his wife deeded the property to the Church of Christ of Latter Day Saints, for the use and benefit of the said Church of Christ forever. The defendants deny that this Church of Christ of Latter Day Saints is the Church of Christ as that one run by the saints in Utah, and the investigation of this proposition leads to a long review of the history of the church, going at least as far back as Nauvoo and the expulsion of the Mormons from Missouri. The defendants, who have occupied the church at Independence for many years, are known as "Hedrickites."

Their adherents, the defendants insist, have always repudiated polygamy as a practice to be abhorrently condemned, and they have ever held themselves antagonistic to the Utah heresy. They deny the claim of the plaintiffs to their property on doctrinal grounds, while they also assert that they can show a clear title from Hedrick, who was a Mormon, so long ago as 1830, years before Young Smith's special revelation concerning polygamy.

In the court below, the United States circuit court at Kansas City, there was judgment for the claimants, whereupon the defendants appealed.

GREEDY CHINESE NATIVES.
They Demanded \$200 For Rescuing Shipwrecked People.

SAN FRANCISCO, Jan. 23.—The steamer Peru which arrived from China and Japan last evening brought among her passengers a Chinese man, who was the American ship Mary L. Stone, which was lost off the eastern side of Formosa on Nov. 24. The captain was accompanied by his wife and child. Her husband, who was formerly chief officer on the Stone.

The ship went ashore on Sandy beach at night with the threatening heavy rain and stream jagged with rocks. The vessel began to fill with water, but the captain and crew stayed with her until dawn, when they took to the boats. Mate Ward was badly hurt while boats were being lowered and had to be carried off the vessel.

The vessel left New York on July 1 bound for Shanghai with a cargo of kerosene oil. When the crew took to the boats it was found impossible to make a landing until the following morning, when they were rescued by some Chinese natives, who demanded \$200 before they would take them ashore.

FAST SWARM OF INSECTS.
The Hold of a Vessel from India Alive With Insects.

SAN FRANCISCO, Jan. 23.—The British ship Mill Wall, Bremer captain, arrived in port a short time ago from Rangoon, Burma, with a cargo supposed to be composed of rice. When the hatches were removed, however, a vast swarm of insects flew out, and on examination the hold was found to be literally alive with them. It was an impossibility for the sailors to descend for fear of suffocation.

Professor Davidson, of the United States geodetic and coast survey, has obtained specimens of the insects and recognizes among them two species of the common American weevil. But there are several others unknown to him and which he has sent to the university of Berkeley for classification. They may turn out to be a great pest.

RESUBMISSION IN MAINE.
Bill For Submitting the Prohibition Question to a Vote.

AUGUSTA, Me., Jan. 23.—A sensation will be sprung today in the house by Mr. Patton, of Bath, who will present a bill embodying the resubmission proposition so long discussed and by the prohibitionists so strenuously objected to.

The bill will be very short, simply providing for the submission of the prohibition question to the people at the next election to be voted on by yes and no ballot.

Entered For the Derby.
LONDON, Jan. 23.—Richard Croker's chestnut colt, Montauk, 2 years old, by route, of Mr. H. H. Hildesley, has been entered for the Derby of 1895 in the name of "Mr. Leigh." Quarters for all of Mr. Croker's horses have been engaged at Newmarket.

Supposed Publication.
AUGUST, Ga., Jan. 23.—The Evening Chronicle, United States Senator Patrick Walsh's paper, has suspended publication after an existence of six weeks. It took the United Press report, and it stated in opposition to the Herald, which has the Associated Press service.

STORM STILL RAGING
A RAILROAD MAN

Drift After Drift of Snow Piling Up on the Railroad Tracks in Northern California.

Precipitous Banks of Snow That Threaten at Any Moment to Fall Upon the Trains.

Added to the Blinding Volume of Snow is the Wind That is Blowing Fiercely.

SACRAMENTO, Cal., Jan. 23.—The heaviest snowstorm that has prevailed this winter is now raging in the mountains between Shady Run and Emigrant Gap. Drift after drift is piling up on the railroad track and the plows are puffing and blowing with might and main, in order to clear a way for the Eastern mail, which is slowly and cautiously threading its way over the mountains.

"The owner is one drift lifted aside by the force of the gale, is carried over the embankments and down immense drifts brought by the storm, but the plow must fight its way through the snow where it can turn and then fight its way back again to rescue the train from the increasing drifts."

Hundreds of shovellers are at work today to clear the tracks. Although the storm is general drifts are piling up at any moment to fall upon the trains. These men, working in day and night shifts are struggling hard to overcome the danger brought by the storm, but the snow is falling and drifting faster by far than they can handle it.

Added to the blinding volume of snow, so that a lantern stuck in a bank cannot be seen a dozen feet, the wind. Never before has it blown more fiercely, and as the bitter wind sweeps down the cuts in which the men are working, sending the stinging snow into their faces, they are compelled to pause to get breath and turn their backs to the biting blast.

Although the storm is general drifts are piling up at any moment to fall upon the trains. These men, working in day and night shifts are struggling hard to overcome the danger brought by the storm, but the snow is falling and drifting faster by far than they can handle it.

STORM ROUTE BLOCKED.
Great Avalanche of Snow, Rocks and Trees Came Down.

SAN FRANCISCO, Jan. 23.—There is a complete blockade of the California and Oregon railroad, at Upper Soda Springs, Cal., above Dunsmuir. The great avalanche of snow, rocks and trees which came down at that point on Monday was supplemented by another big slide yesterday, and Superintendent Fillmore says it will take forty-eight hours at least and possibly a longer period to get the Santa route cleared.

No passenger train was sent north last night. In its place a force of 120 additional men was dispatched from Oakland to the scene of the disaster. They took with them two of the largest hydraulic pumps of the Monarch pattern, which were supplied with water at once on arrival. The Sacramento river goes rushing past the blockade, and its waters will be utilized by the great pumps to cut away the immense mass of earth and rocks.

The slide of Monday extended a distance of 1000 feet and the mass of debris is piled up to a depth of twenty-four feet. At the same time Sacramento was dammed up by the falling material to a depth of sixty feet.

It was a Herculean work for the force of men to clear away the mountain of obstruction. They set about it with a will, however, and kept up their efforts until noon yesterday, when the slide was supplemented by another big slide down on the rails from the hillside 400 feet above and obliterated all the work that had been done.

Fortunately the men were at dinner at the time of death would probably have been their fate. As it was, the situation was considered as desperate that a report of the condition of affairs was telegraphed to Superintendent Fillmore with pressing demand for aid. The result was that more men were ordered to the scene. The company is apprehensive of others slides and the situation is critical.

BLOWN FROM ITS FOUNDATION.
A Farm House Upset While the Innates Were in Bed.

BRECKINRIDGE, Mo., Jan. 23.—During the heavy rain and hail storm which prevailed here Sunday night a 2-story farm house, three miles east of town, was blown about ninety feet from its foundation, landing on its side. The family, consisting of Mont Mattux and his wife and three children, were in bed at the time of the accident, and all escaped unhurt. The house, which was a roomy and comfortable one, was completely destroyed.

Every article of furniture in the house was demolished and the walls were entirely stripped of plastering. Had Mr. Mattux also been injured, the family would have been cremated, as the room caught fire but was extinguished by him.

Libel Suits Dismissed.
INDIANAPOLIS, Jan. 23.—The suits for libel, filed by Lyndale Palmer, of Philadelphia, in October last against the Journal, News, Sun and American Tribune, of this city for \$50,000 each have been dismissed by the circuit court for failure to file a cost bond. The matter was furnished by the United Press association.

Fire at Perth.
PERTH, Scotland, Jan. 23.—Fire this morning damaged the municipal building here to the extent of £30,000.

NOTICE OF MORTGAGE SALE.

Whereas default has been made in the conditions of a certain mortgage, to-wit: a mortgage, duly executed and delivered by Sybilie Investment Company, mortgagee, to American Loan and Trust Company, mortgagor, dated July 15th, 1893, and duly recorded in the office of the register of deeds in and for the county of St. Louis, Missouri, on page 217, which mortgage was assigned by said American Loan and Trust Company to William F. Frazier, trustee for Louis H. Ogden, dated July 15th, 1893, and duly recorded in the office of the register of deeds in and for the county of St. Louis, Missouri, on page 217, and which mortgage was assigned by said American Loan and Trust Company to William F. Frazier, trustee for Louis H. Ogden, dated July 15th, 1893, and duly recorded in the office of the register of deeds in and for the county of St. Louis, Missouri, on page 217, and which mortgage was assigned by said American Loan and Trust Company to William F. Frazier, trustee for Louis H. Ogden, dated July 15th, 1893, and duly recorded in the office of the register of deeds in and for the county of St. Louis, Missouri, on page 217, and which mortgage was assigned by said American Loan and Trust Company to William F. Frazier, trustee for Louis H. Ogden, dated July 15th, 1893, and duly recorded in the office of the register of deeds in and for the county of St. Louis, Missouri, on page 217, and which mortgage was assigned by said American Loan and Trust Company to William F. Frazier, trustee for Louis H. Ogden, dated July 15th, 1893, and duly recorded in the office of the register of deeds in and for the county of St. Louis, Missouri, on page 217, and which mortgage was assigned by said American Loan and Trust Company to William F. Frazier, trustee for Louis H. Ogden, dated July 15th, 1893, and duly recorded in the office of the register of deeds in and for the county of St. Louis, Missouri, on page 217, and which mortgage was assigned by said American Loan and Trust Company to William F. Frazier, trustee for Louis H. Ogden, dated July 15th, 1893, and duly recorded in the office of the register of deeds in and for the county of St. Louis, Missouri, on page 217, and which mortgage was assigned by said American Loan and Trust Company to William F. Frazier, trustee for Louis H. Ogden, dated July 15th, 1893, and duly recorded in the office of the register of deeds in and for the county of St. Louis, Missouri, on page 217, and which mortgage was assigned by said American Loan and Trust Company to William F. Frazier, trustee for Louis H. Ogden, dated July 15th, 1893, and duly recorded in the office of the register of deeds in and for the county of St. Louis, Missouri, on page 217, and which mortgage was assigned by said American Loan and Trust Company to William F. Frazier, trustee for Louis H. Ogden, dated July 15th, 1893, and duly recorded in the office of the register of deeds in and for the county of St. Louis, Missouri, on page 217, and which mortgage was assigned by said American Loan and Trust Company to William F. Frazier, trustee for Louis H. Ogden, dated July 15th, 1893, and duly recorded in the office of the register of deeds in and for the county of St. Louis, Missouri, on page 217, and which mortgage was assigned by said American Loan and Trust Company to William F. Frazier, trustee for Louis H. Ogden, dated July 15th, 1893, and duly recorded in the office of the register of deeds in and for the county of St. Louis, Missouri, on page 217, and which mortgage was assigned by said American Loan and Trust Company to William F. Frazier, trustee for Louis H. Ogden, dated July 15th, 1893, and duly recorded in the office of the register of deeds in and for the county of St. Louis, Missouri, on page 217, and which mortgage was assigned by said American Loan and Trust Company to William F. Frazier, trustee for Louis H. Ogden, dated July 15th, 1893, and duly recorded in the office of the register of deeds in and for the county of St. Louis, Missouri, on page 217, and which mortgage was assigned by said American Loan and Trust Company to William F. HIGH-WATER MARK.

The Holiday Herald.

Northwestern Lumberman, Chicago:
The Duluth Evening Herald on De-
cember 17 issued a mammoth annual
holiday number, setting forth in ex-
tended form the commercial, industrial
and transportation aspects of that
growing center at the head of Lake
Superior. Included in the expose was
a page devoted to the lumber business
at that point. There is a manifest
destiny-persistence and never-give-up
way about Duluth that has carried it
forward on the line of progress in
the face of catastrophe and seeming
defeat at several stages of its remark-
able history. It is this willfulness and
determination that have made Duluth
and its environs cities. Hereafter
victories will be comparatively easy
for the Zenith City, and we look to
see her make rapid progress during
the coming decade.

The Weather.

U. S. WEATHER BUREAU, DULUTH, MINN.,
Jan. 23.—A storm center has remained nearly
stationary over Lake Huron since yesterday
morning, causing continued cloudiness and
snow over the entire lake region. Clear
weather prevails elsewhere.
An extensive area of high pressure has ad-
vanced south over the Upper Missouri and
Red River valleys, attended with unusually low
temperatures. In the Dakotas the thermom-
eter at 7 a. m. ranged from 14 degrees below
zero, at Pierre to 34 degrees below, at Williston.
From temperatures to Central Iowa and east to Lake Michigan.
Duluth temperature at 7 a. m. today, 12 de-
grees below zero; maximum yesterday, 12 de-
grees above zero; minimum yesterday, 4 de-
grees below zero.

DULUTH, Jan. 23.—Local forecast for Duluth
and vicinity till 7 p. m. tomorrow: Fair;
clouds this evening; rain or snow tomorrow;
rising temperature during Thursday; north-
west winds becoming southerly.

JAMES KENDALL,
Local Forecast Official.

CHICAGO, Jan. 23.—Forecast till 8 p. m. tomor-
row: For Wisconsin, fair tonight; a clear
in east half tonight; Thursday fair and rising
temperatures; northwest winds becoming south-
east Thursday; for Minnesota, fair tonight;
rising temperature west half tonight; Thurs-
day, fair with rising temperatures; northwest
winds shifting to southeast Thursday.

The Municipal Contest.

The nomination for city comptroller
made by the Republican convention yester-
day is a surprise to the public, and that
it is a genuine disappointment evidenced
by the many expressions heard upon the
streets and wherever people congre-
gate. It was very generally believed
that Mr. Ten Brook would be nominated
for the office which he has so faithfully
and ably filled, with great advantage to
the interests of the city. In business
circles especially, the renomination of
Mr. Ten Brook was regarded as emi-
nently proper and it was hardly believed
that the machine politicians would be
foolish enough to turn down
such a thoroughly competent and
efficient official. But the politi-
cal ring that was running
yesterday's convention did not consider
the interests of the city so far as the
comptrollership was concerned. There
was an office to be filled, and some one
demanded it. Mr. Ten Brook had been
deceived by the bosses into believing
that the convention would nominate him,
but then they deliberately voted for an-
other man according to the program pre-
viously arranged. It is not astonishing
that there is considerable indignation
among respectable Republicans at the
treatment which Mr. Ten Brook has re-
ceived, nor is it strange that they are
urging him to enter the field as an in-
dependent Republican candidate. The de-
sire to keep national politics out of the
municipal campaigns is so strong that
Mr. Ten Brook would command a large
vote regardless of party affiliations, and
would undoubtedly be re-elected. It is
altogether probable that Mr. Ten Brook
will decide to make the race.

Of course the convention did not
nominate Treasurer Voss. It would
have been a graceful act and a popular
move, but the political ring wanted the
office. They have not secured it yet,
however, and there is little possibility
that they will be able to capture it. Mr.
Voss is strong in the esteem and confi-
dence of the people, and he will be his
own successor. He is one of the best
officials the city has had, and the people
want him to remain.

It is understood Messrs. Dibble and
Hunt, the Bar association's candidates
for judge and special judge, will be
nominated independently by the members
of the bar. That they will prove very
strong candidates admits of no doubt.
The feeling against dragging the courts
into politics is so intense that the Bar
association's candidates, who were nomi-
nated on the score of fitness and not be-
cause of their political beliefs, will with-
out doubt be successful.

The best work of the convention was
the renomination of the eight aldermen,
who have served the city faithfully and
are entitled to this endorsement.

Plans for Arbitration.

There is likely to be a most interesting
discussion in the house committee on
labor on the relative merits of the two
plans for arbitration for which Labor
Commissioner Carroll D. Wright and
Attorney General Olney are sponsors.
The two distinguished authors of the
principal bills before the committee will
speak, it is expected, in advocacy of
their views. If they appear, their
speeches will doubtless prove to be val-
uable additions to the literature on the
subject.

Commissioner Wright has a reputation
beyond the limits of the United States as
one of the foremost authorities upon
questions concerning the interests of
labor, while Attorney General Olney is a
high authority upon the legal principles
involved in the movement for arbitra-
tion. There was a discouraging dearth
of interest in the arbitration question
a time among those who might naturally
be expected to lead in the discussion, but
the past week has brought to Chairman
McGann of the labor committee, many
communications, giving evidence that
the labor unions are awakening to the
importance of the matter.

Some of the criticisms and compari-
sons of the two proposed systems are
interesting. Fault is found in certain
quarters with that feature of Attorney
General Olney's plan which would give
the attorney general power to apply for
a receiver who should manage a railroad
in the interests of the public, when the
employers and employees refused to sub-
mit to arbitration disputes which threat-
ened to impair or did not injuriously af-
fect the public interests. Curiously
enough the criticism passed upon this
scheme is that it is a step which is being
advocated by high authority in the di-
rection of government control of railroads.

An objection offered to Mr. Wright's
plan for a commission, by some laboring
men, was that a permanent salaried
commission might become allied to the
corporations in its sympathies. The
Olney plan makes the chairman of the
interstate commerce commission the
chairman of the arbitration commission,
while his colleagues are appointed, one
by the employer and one by the em-
ployees. It is contended by one of Mr.
McGann's correspondents that two tem-
porary members might be counted upon
to stand for the interests of their consti-
tuents, leaving the balance of power in
the hands of the chairman. It is hardly
probable that the house will be able to
pass any arbitration bill this session.

A Mean Millionaire.

There are many mean men in the
world who can count their wealth by the
millions, but it is generally agreed that
the first place in the list must be given
to Russell Sage, of New York. He has
been an octopus on Wall street for
years, and his many and far-reaching
arms have squeezed the life out of a host
of "the small fry." But, perhaps, the
most contemptible thing this old skin-
flint ever did was to repudiate the claim
of his clerk who saved his life when a
crank tried to blow him to his final ac-
count with a dynamite bomb.

There is no doubt in the world that
Sage seized Laidlaw and held him as a
human shield to break the force of the
explosion. Laidlaw says so, and his
evidence is strengthened by the testi-
mony of several disinterested and reput-
able parties who say that Sage told
them that he used Laidlaw to save his
own life.

Laidlaw sued Sage for heavy damages,
after the latter absolutely refused to pay
him anything for the several injuries he
received while Sage used him as a shield.

On the first trial Laidlaw got a verdict
for \$5,000. This was set aside, and a new
trial was ordered. The second trial yester-
day resulted in a disagreement of the
jury. In view of the strong testimony

Burning Pain

Erysipelas In Face and Eyes
Inflammation Subdued and Tor-
tures Ended by Hood's.

"I am so glad to be relieved of my tortures
that I am willing to tell the world I have
received from Hood's Sarsaparilla. In April
and May, I was afflicted with erysipelas in my face
and eyes, which spread to my throat and neck.
I tried divers ointments and remedies, but
there was no permanent abatement of the burning,
tormenting pain, peculiar to this complaint.
I began to take Hood's Sarsaparilla and

felt marked relief
before I had finished the first bottle. I con-
tinued to improve until, when I had taken four
bottles, I was completely cured, and felt that all
signs, marks and symptoms of that dire com-
plaint had forever vanished." Mrs. E. E.
OTTAWA, Hillsboro, Wisconsin.

Hood's Pills are prompt and efficient, yet
easy in action. Sold by all druggists, etc.

waiting to hear. Out goes the Woolen
Underwear, Misses', Children's, Infants'
and Ladies' Woolen Underwear at Half
Price. No further comment necessary,
except you want to make haste.

Look For It:

We'll soon tell you about great families of
Muslin Underwear and Embroideries.

Howard & Haynie

presented for the plaintiff and the clear-
ness of the case, it is strange that any
members of the jury would have sought
to relieve Sage of his obligation to the
man whom he forced to save his life. If
a verdict of \$100,000 were to be laid-
law the public would applaud the jury as
much as it now curses the old reprobate
who denies his debt to the man who shel-
tered his miserable carcass. It is to be
hoped that Laidlaw will find friends to
assist him in pushing the case until he
obtains a verdict for an amount sufficient
to make the old miser squirm when he
pays it.

A Pernicious System.

Judge Ricks is not to be impeached.
This is the decision of a majority of the
house judiciary committee, and the house
itself will probably acquiesce in this de-
cision. The committee passed a resolu-
tion censuring the practice under which
Judge Ricks made up his official ac-
counts, which is probably the best way
in which they could dispose of the case.
The fee system is radically wrong in
principle, and it is the existence of this
system that made the charges against
the senatorial election. Judge Dickinson
was honored by one vote in the senate
yesterday. The Herald feels that it is
modestly endorsed in its efforts to send
a Duluth man to the United States sen-
ate.

There is a colored doctor of divinity
(Baptist) in Virginia who boasts of im-
mersing 164 convicts in sixty minutes.
His name is Binger, and a Richmond
paper says he is "unquestionably one of
the most pious men in the world."

And now a St. Louis physician claims
to have found an anti-consumption
serum. It is a great discovery, if proven
to be efficacious, and will prove a great
boon to mankind.

It was a singular fact that every alder-
man whose term expires this year was
renominated yesterday. It was a splen-
did endorsement of faithful service.

Even the News Tribune is now forced
to admit that Mr. Washburn is beaten.
That bridge bill has obscured its vision
for several weeks.

Our Superior Climate
St. Paul Dispatch: Whether it comes
now or later on, the time is certain to
come before long when the people of all
sections will recognize the truth which
the years prove, as they respectively
pass by, that, for an equable, seasonable,
and, in no true sense, severe climate, the
state of Minnesota, and to a measurable
extent, the entire Northwest, is superior
to any section of the American continent.

The Grip Already Lost.
Des Moines Leader: The Nebraska
house has tabled a free silver resolution
by a vote of more than 2 to 1. Free sil-
ver is losing its grip.

No Betwixt and Yel.
Dubuque Times: Senator Hill coyly
smiles whenever Grover's name is men-
tioned; but he does not wear an engage-
ment ring. His sarcasm, however, has a
metallic ring.

every Wednesday. Right, easy and only one
dollar a year.

NOTICE OF MORTGAGE SALE.
In the conditions of that certain mort-
gage deed made in the conditions of a
certain mortgage containing a power of sale
only executed and delivered by Albert E.
Cline and Julia B. Cline with their joint
Savings and Loan association, of Duluth,
Minnesota, to American Loan and Trust
company, mortgagee, to American Loan and
Trust company, mortgagee, on the 25th day of
August, 1894, and duly recorded in the office of the
register of deeds in and for the county of St. Louis
and state of Minnesota, on the 25th day of August,
1894, at 2:30 o'clock p. m., in Book 106 of mort-
gages, on page 225, which said mortgage contains
in the future of the mortgagee to pay the due
of the said mortgage, and of interest thereon,
interest and premium on said mortgage secured
ready for more than the space of four months
after the same became due.

And whereas said mortgage contains a pro-
vision that in case of default in the payment of
the interest or premium, or any part thereof,
for the period of four months after the same shall
have become due, then the whole principal
debt secured by said mortgage shall become
due, and the mortgagee shall have authority
and power to sell the said premises at public
auction, and to convey the same to the purchaser
thereof.

And whereas the mortgagee has elected and
do hereby elect to declare the whole debt
secured by said mortgage due because of de-
fault in the payment of said interest and pre-
miums as above said; and there is now therefore
declared to be due and in default of the date of
this notice on the debt secured by said mortgage
the sum of five hundred forty-two and 0/100 dollars,
and no action or proceeding at law or otherwise
having been instituted to recover the debt
secured by said mortgage or any part thereof.

Now therefore, notice is hereby given that by
virtue of said power of sale and pursuant to the
statute in such case made and provided, the
said mortgage will be foreclosed by a sale of the
premises therein described and situate in St.
Louis county, Minnesota, to-wit: Lot number
six (6) in block number fifty-five (55), in the
first subdivision of the town of Duluth, in the
county of St. Louis, state of Minnesota, at the
front door of the court house of said county in
the city of Duluth, in said county and state,
on Thursday, the 28th day of February, 1895, at
10 o'clock in the forenoon, at public auction, to
the highest bidder for cash to pay said debt and
interest, together with twenty-five dollars ad-
ditional fee, stipulated in said mortgage to be
paid in case of foreclosure, and the disburse-
ments allowed by law, subject to redemption at
any time within one year from the date of sale as
provided by law.

Dated January 19, 1895.
ALFRED E. RICHARDSON,
As Assignee of American Loan and Trust Com-
pany.
FEARNS DAY,
Attorney for said Assignee,

WHEREAS DEFAULT HAS BEEN MADE
in the conditions of that certain mort-
gage deed only executed and delivered by Albert E.
Cline and Julia B. Cline with their joint
Savings and Loan association, of Duluth,
Minnesota, to American Loan and Trust
company, mortgagee, to American Loan and
Trust company, mortgagee, on the 25th day of
August, 1894, and duly recorded in the office of the
register of deeds in and for the county of St. Louis
and state of Minnesota, on the 25th day of August,
1894, at 2:30 o'clock p. m., in Book 106 of mort-
gages, on page 225, which said mortgage contains
in the future of the mortgagee to pay the due
of the said mortgage, and of interest thereon,
interest and premium on said mortgage secured
ready for more than the space of four months
after the same became due.

And whereas said mortgage contains a pro-
vision that in case of default in the payment of
the interest or premium, or any part thereof,
for the period of four months after the same shall
have become due, then the whole principal
debt secured by said mortgage shall become
due, and the mortgagee shall have authority
and power to sell the said premises at public
auction, and to convey the same to the purchaser
thereof.

And whereas the mortgagee has elected and
do hereby elect to declare the whole debt
secured by said mortgage due because of de-
fault in the payment of said interest and pre-
miums as above said; and there is now therefore
declared to be due and in default of the date of
this notice on the debt secured by said mortgage
the sum of five hundred forty-two and 0/100 dollars,
and no action or proceeding at law or otherwise
having been instituted to recover the debt
secured by said mortgage or any part thereof.

Now therefore, notice is hereby given that by
virtue of said power of sale and pursuant to the
statute in such case made and provided, the
said mortgage will be foreclosed by a sale of the
premises therein described and situate in St.
Louis county, Minnesota, to-wit: Lot number
six (6) in block number fifty-five (55), in the
first subdivision of the town of Duluth, in the
county of St. Louis, state of Minnesota, at the
front door of the court house of said county in
the city of Duluth, in said county and state,
on Thursday, the 28th day of February, 1895, at
10 o'clock in the forenoon, at public auction to
the highest bidder for cash to pay said debt and
interest, together with twenty-five dollars ad-
ditional fee, stipulated in said mortgage to be
paid in case of foreclosure, and the disburse-
ments allowed by law, subject to redemption at
any time within one year from the date of sale
as provided by law.

Dated Duluth, Minn., Dec. 18th, A. D. 1894.

A WAR FEELING.

The People of Mexico Are Much Wrought Up Over the Prospective War With Guatemala.

More Great Popular Uprisings Expected in Addition to Those Which Have Already Taken Place.

Volunteer Movement Spreading Rapidly and Twenty-Five Thousand Could Be Raised in the Capital.

Fresh Forces Are Being Sent to the Guatemalan Frontier Almost Daily and More Going.

MEXICO CITY, Jan. 24.—With the immense demonstrations of students in this capital, the war feeling throughout this republic has been wrought up to a high pitch. Reports from many interior points show a rising spirit of patriotism among the majority of the people, and it is probable that other great popular uprisings will occur in many of the cities of this country.

Don Emilio de Leon, the Guatemalan minister of Mexico, was outside his hotel when the recent students' procession was moving, and had an excellent opportunity of viewing the feelings of the Mexican people on the international boundary dispute, and the firm stand taken by Mexico. A full report of the proceedings was sent by the Guatemalan representative to President Barrios at Guatemala, and it is said to have created a profound impression in government circles.

This city is quiet and orderly, although the effects of the patriotic storm are easily discernible. The volunteer movement is rapidly spreading, and it would evidently be possible to raise 25,000 volunteers in this city alone within a day or two.

ON THE GUATEMALAN BORDER.
Fresh Forces Being Pushed to the Frontier by Mexico.

COMITAN, State of Chiapas, Mex., Jan. 24.—The government has pushed fresh forces into the Guatemalan frontier almost daily and camp quarters for a large body of men have been arranged for near this place. A few Guatemalans living in this vicinity have quietly left for their native country, and others who are disgusted with the course of President Barrios and the Guatemalan administration have fled to Mexico rather than be pressed into an unwilling service.

Reports from the other side of the border are that Guatemala is using every effort to work up feelings of patriotism among the people in hopes of gaining large reinforcements to continue its bluff against Mexico. When persuasion fails, it is given out that the government needs men, it will press them into service.

Nearly every horse for 100 miles from the border has been seized by the means of another already, and a strenuous effort is being made to secure more. The uncommunicative policy of the Guatemalan government is having an astrophical effect upon the public order and many alarms are constantly felt by the residents of the frontier, fearing an invasion of the Mexican territory.

It is generally felt that should war ensue, the frontier will be so overrun by troops and pillaging renegades that life will be a burden.

In a Ferment.
TAPACHULA, State of Chiapas, Mex., Jan. 24.—The southern border is in a ferment over the impending hostilities between Mexico and Guatemala. More troops are being centered about the frontier, and a heavy movement of people is noticeable on every hand.

Fugitives from Guatemala soil are arriving here almost daily. They number many Guatemalan revolutionaries from the Guatemalan interior, but are thus far for the most part native born Mexicans who have taken up a residence on Guatemalan territory. Large parties are on their way from Quetzaltenango, Northern Guatemala, either afraid to remain in their homes or coming with the purpose of enlisting against the government which they leave behind.

Was a False Report.
ACAPULCO, Mex., Jan. 24.—The report that the armed Mexican corvette Zaragoza had invaded Guatemalan waters was lying off the harbor of San Jose is not true. The school ship was loaded with munitions and provisions of war for Mazatlan for the supply of the Mexican troops tributary to the ports of San Bino and Santa Cruz, on the southern coast. Having discharged its commission, it is now on its return trip to Mazatlan, where it will await further orders from the Mexican government for the transportation of troops and supplies or any other duties connected with the Guatemalan difficulty.

NEW DULUTH'S POSTMASTER.
P. J. O'Leary Has Been Appointed at Maj. Baldwin's Request.

WASHINGTON, Jan. 24.—[Special to The Herald.]—P. J. O'Leary was today appointed postmaster at New Duluth, St. Louis county, Minn., vice U. C. Tower, resigned.

The Delaware Deadlock.
DOVER, Del., Jan. 24.—One more ballot was taken for United States senator without result. The only change was that Speaker McCluney desired the Higgins camp and voted for George Vosey.

Widow's Pension Granted.
WASHINGTON, Jan. 24.—[Special to The Herald.]—A widow's pension was today granted to Amy J. Hunter, Harris, Minn.

LANDED WITHOUT LOSS.

How the Japanese Effected a Landing at Yung Chang.

SHANGHAI, Jan. 24.—The Japanese transport Sabama-Maru, which returned to Nijima yesterday, reports that she left the gulf of Taitien Wan on Saturday last, Jan. 19, with other Japanese transports, escorted by warships, and arrived off Yung Chang, not far from Wei Hai Wei, the Chinese seaport on Shan Yung peninsula, at daybreak on Sunday, Jan. 20.

The Yagayama and other Japanese warships then landed a detachment of marines. The latter met with feeble resistance from the Chinese troops which were supported by four guns mounted ashore. The Japanese landed without loss. The Chinese were eventually dispersed when the guns of the Japanese warships opened fire upon them. The Japanese landing was effected without any loss being sustained by the invaders, and the four guns previously mentioned were captured by the marines landed from the Yagayama. Immediately afterwards, the landing of the Japanese troops commenced and was fully completed when the Sabama Maru left Yung Chang on Monday last, the weather having been favorable to the Japanese operations.

Two English women, a German woman and one Chinese woman, who were found in charge of Shang Tung lighthouse, were placed under the same pay as they had been receiving and were instructed, in the interests of commercial and other traffic at sea, to keep the light burning as usual.

DEBS CONSPIRACY CASES.

Their Trial Was Begun at Chicago This Afternoon.

CHICAGO, Jan. 24.—The trial of the Debs conspiracy cases, which was to have begun at 2 o'clock today, was postponed until 2 o'clock, the prospective jurors being dismissed until that hour. Debs and his seven associates were brought from the Woodstock jail to the city and placed in the courtroom, where they were formally released on bail.

The prisoners did not appear to have been affected by their confinement. All expressed themselves as having enjoyed their jail life exceedingly. Debs said that he and the other Americans, who were with him, were performing a sacred duty and did not regret their imprisonment in the least. In an interview he declared that he excused the speech made regarding strikers recently by Gen. Fairchild, of Wisconsin, on account of the great age of the speaker.

When court convened at 2 o'clock the defendants with a large number of witnesses and veniremen were present and the conspiracy trial was begun.

The trial today is the indictment found against the railroad strikers of last summer by the grand jury and which is known as the Debs conspiracy case. There were originally sixty-nine persons named in the omnibus indictment for conspiracy to obstruct the United States mails. On Jan. 4 and again on Jan. 8, the government counsel entered a not pro as to the number of persons indicted, leaving the number at present forty-five.

LORD RANDY IS DEAD.

End of the Career of a Once Prominent Engineer.

LONDON, Jan. 24.—Lord Randolph Churchill died at 6 o'clock this morning. His death was peaceful and painless.

During the morning a private funeral service for the family only was held at the Churchill residence on Grosvenor square. The remains will be interred at the church near the church, near Blenheim, where the two younger brothers of the deceased are buried. The mother of the late Lord Randolph Churchill, Frances Ann Emily, duchess of Marlborough, wife of the seventh duke of Marlborough, is seriously ill.

BATTLE WITH HIGHWAYMEN.

They Robbed a Railway and Express Office of \$1500.

SUGARLAND, Tex., Jan. 24.—A bold robbery of the railway and express office here has roused the town. A band of masked men rode to the office and demanded of Agent Adams the safe's contents. After a severe beating Adams opened the safe and the robbers took \$1500 in cash. A number of citizens undertook to intercept the robbers, a sharp battle took place, but the highwaymen escaped to the Brazos swamps. A posse started in pursuit and returned with four men under arrest named Crane, Thompson, Denton and Flowers. The posse is still scouring the country for the others.

HAS PROBABLY FOUNDERS.

The Chicora Supposed to be Lost With Twenty-Six People.

CHICAGO, Jan. 24.—A large piece of the bulwark of the missing Graham & Morton propeller Chicora was found floating in the lake today about five miles south of North Haven. One of the proprietors of the boat, on hearing of the discovery, said that it indicated to him that the boat is still afloat. If she had gone down, he thought the wreckage would have been sunk with her but the piece of bulwark indicated that the steamer was still afloat though badly damaged. Other marine men, however, were of the opinion that the boat had been lost with its twenty-six people.

SEVEN SECURED.

The Work of Obtaining a Jury in the Hayward Murder Trial Nearing an End.

Judge Smith Threatens to Discipline Several Reporters for Stories They Wrote About the Case.

Senator Spencer Wants Frank Lazier Made Clerk of the Senate Committee on Mines and Minerals.

Attempt to Pass Deficiency Appropriations for the University Caused Warm Debate in the House.

MINNEAPOLIS, Jan. 24.—Seven of the jury in the Hayward murder trial have now been secured, two men being sworn in this morning in the persons of John Kimball and Neil MacNeill, two farmers. The trial proper will probably begin next week. There was quite a stir in court when the trial opened this morning over the threat of Judge Smith to discipline several newspaper men for stories which had been printed yesterday and this morning about the examination of Adry Hayward by the defense. The attorneys for the defense arose and denounced the publications as tissues of falsehood.

The reporter of the Journal was summoned before the court to divulge the source of his information. He maintained that the information was reliable, but averred that he was under a pledge not to divulge its source. Judge Smith was very much vexed and said he would give the reporter until 2 o'clock to divulge, intimating that a refusal would be contempt of court.

One thing the judge objected to particularly was the assertion that he ordered the state to permit the defense to interview Adry. The interview was arranged amicably between the two sides without intervention on the court's part.

THE WORK OF THE SENATE.

Senator Spencer Wants a Clerkship for Frank Lazier.

ST. PAUL, Jan. 24.—In the senate this morning work was commenced promptly at 11 o'clock. Senator Johnson moved that a standing committee of five be appointed on building and loan associations. Resolution adopted.

Senator Spencer moved that Frank Lazier be appointed clerk of the mines and mining committee which went to the committee on legislative expenses.

Senator Ringwald moved that the state treasurer replace \$50,000 to the funds of the soldier's relief fund. Committee on finance. The following bills were introduced:

Mr. Jones.—To provide for the destruction of the Russian title.
Mr. Rindahl.—To amend section 91, chapter 65 of the general laws of 1878; to amend section 84, chapter 65 of the general laws of 1878; to amend section 331, chapter 66, general statutes of 1878.

Mr. Greer.—To appropriate \$5000 for the improvement of the state military camp grounds at Lake City. Appropriations.

Mr. Keller.—To appropriate \$3000 for the widow of John C. Hoffmann, killed by the Indians in 1863. Appropriations.

Mr. Lloyd.—To amend section 467 of the penal code, relating to receiving deposits in insolvent banks. Judiciary.

Mr. Hanna.—To amend section 1 of chapter 199 of the general laws of 1893. Judiciary.

Mr. Morgan.—Regulating the time and manner of taking exception to the charge and trial of jury causes. Judiciary.

Mr. Miller.—To amend chapter 1, section 4, of the general laws of 1893. Judiciary.

Mr. Theodor.—To prohibit the sale of intoxicating liquors to minors. Temperance.

Mr. Greer.—To amend section 13, chapter 10, of the statutes of 1878 to amend section 84, chapter 65 of the general laws of 1878; to amend section 331, chapter 66, general statutes of 1878.

of 1878 in regard to appeals on the matter of highways.
Mr. Cross, detaching villages from townships in certain cases.

Mr. Hartshorn, amending the law of 1878 relating to justices of the peace in St. Paul.

Mr. Swanson, amending the law of 1878 regulating the sale of liquors in quantity.

Mr. Tallman, relating to the election of county superintendent of schools, making a first grade certificate a necessary requisite.

Mr. Hartsborn appropriating \$2000 for draining swamps and building roads in Todd county.

An attempt was made to pass the \$600,000 deficiency appropriation for the university and strong objection was made to the too speedy passage of any appropriation bill. A warm debate ensued and the bill went to the committee on appropriations. Adjourned.

The committee on appropriations met immediately after the house adjourned and voted to recommend the Wyman university deficiency appropriation be passed.

Representative Nelson's bill providing for the submission of a constitutional amendment to the people, allowing the state to build and operate grain elevators and warehouses was one of the most important measures introduced at the morning session. The state now owns a site for an elevator at Duluth, and had about let the contract for the building when the law passed two years ago was declared unconstitutional.

CLOUGH SOON TO BE GOVERNOR.

It is Expected Nelson Will Resign the Governorship Soon.

ST. PAUL, Jan. 24.—Governor Nelson and Lieutenant Governor Clough have held a consultation as to when the governor shall step down and out and pass his footwear over to his chief lieutenant, but neither of those directly concerned will give out a hint as to when the change will take place, not even as to whether it may be expected soon or late.

Many members, however, are of the opinion that the change will take place in the very near future, as the lieutenant governor will be anxious to assume his new position, and Governor Nelson will be anxious to lay aside the cares of the governor to prepare for those of a senator.

THEY LOST THEIR HOMES.

Four Italian Families in St. Paul Lost All Their Furniture.

ST. PAUL, Jan. 24.—Fire burned four Italian families out of their houses and homes last evening. They dwelt in four small cottages adjoining each other on the upper flat, near the foot of Chestnut street. The fire broke out shortly before 7:30. Before the departing work could possibly arrive the shanties were reduced to ashes.

The total loss—and nothing was saved but a few articles of clothing and some kitchen utensils—amounted to at least \$1000. The names of the heads of the families thus rendered destitute are Antonio Vacco, Gineppio Daddario, Nicola Daddario and Gideppio Severi.

MAY RESULT FATALLY.

Three Young Toughs May Have to Answer for Murder.

ST. PAUL, Jan. 24.—Gus Pruden, John Koneen and James McEvoy, the three young men who attacked, with knives, a party of seven young men last Sunday night, near the corner of Kent and Edmund streets, were arraigned in the municipal court this morning.

Assistant County Attorney Donnelly said that he had information from Dr. Hanley which intimates some doubt as to the recovery of one of the young men injured, Kneiser, and he asked the court for a continuance until his condition took some decisive turn. The court allowed a continuance until Feb. 2.

Separated from His Money.

ST. PAUL, Jan. 24.—August Robe, a compositor on a morning paper, who was returning to his home, 414 North Exchange street, late last night, was pounced upon by three highwaymen near the corner of Franklin and Exchange streets, dragged into an alley, choked and robbed of \$180 in cash, a bunch of keys and his pension papers. He is of the opinion that he can recognize one of the highwaymen.

Burned to Death.

ST. PAUL, Jan. 24.—A special to the Dispatch from Long Prairie, Minn., says: The 6-year-old daughter of John Miller, recently adopted by R. E. Gasper, was burned to death last night at the public school building by her dress catching fire in one of the open fire places. Her body was badly burned, but she lived from 4:30 last evening until about 6 this morning.

Fire at La Crosse.

LA CROSSE, Wis., Jan. 24.—A 2-story business block at Whitehall, Trempealeau county, burned yesterday. E. Eichen's store, Parson's restaurant, Porter's harness shop and a saloon occupied the first floor. While two doctors and two families, occupied the second floor. All occupants saved something. The building was owned by Mr. Swarthout. Total loss, \$15,000; insurance, half.

Fire at Winnipeg.

ST. PAUL, Jan. 24.—A special to the Dispatch from Winnipeg, Man., says: The large fur establishment of Joseph Rogers & Co. was badly damaged by fire this morning. The loss is \$25,000; insured for \$14,000.

APPROPRIATION CUT OUT.

Gen. Poe Says He Has Enough Money for Lake Improvements.

WASHINGTON, Jan. 24.—[Special to The Herald.]—The appropriation of \$150,000 in the sundry civil bill for continuing the improvement on St. Mary's river and Hay Lake channel was stricken out this afternoon, upon motion of Chairman Sayre, of the appropriation bill.

He offered this motion because of a letter of Gen. Poe, chief of engineers, stating that there was money enough available for continuing this work.

Quit the Task.

PARIS, Jan. 24.—M. Bourgeois has finally given up the task of attempting to form a cabinet.

Panton & Watson, Glass Block Store.

The First 25 Of 1895.....

Have been busy days at the Big Store. Witness the great transition of the store from the existing holiday selling to the regular clock-work of enlightened store-keeping.

Rearrangement of Departments, Alterations and extensions are being made New Bargain Department Created.

Special sales in several departments in full swing. Yes, the first twenty-five have been great days in our life; all helped to make the "Greater Glass Block" promised for this year. There are but six left, while they hold on, the currents of the old business year run towards setting up time, 1st of February. Trying to land all we can at the Port of Cash. To wind up 1894 there will be more bargains about the remaining short January days, but the good assortments of the stocks are never impaired.

Dress Goods.

We mentioned a few of the beautiful things last week that had arrived and were on our tables. They continue to come, prettiest ones yet. No back-number patterns but the newest, nattiest things for 1895.

The Introduction

will take place Saturday.
Bargain Counters No. 1 and 2 will be introduced to our patrons Saturday morning.

Watch this paper tomorrow night for the Introduction Bargains. Depend upon it, everything ever offered on those counters will be Bargains. Watch!

PANTON & WATSON

THE PENSION CLAIMS

The Gross Inequalities of the Present Pension System Shown by Cases That Frequently Arise.

Rascals and Bounty Jumpers on the List, to the Detriment of the Worthy Veterans.

Ineffective Effort to Secure Justice for a Michigan Man Wrongly Branded as a Deserter.

WASHINGTON, Jan. 24.—[Special to The Herald.]—Few people realize the gross inequalities of the present pension system. Of course, it is very difficult to distinguish between the worthy and the unworthy ex-Union soldier in granting pensions, and in the great majority of cases the record of the soldier is the only thing the officers of the pension bureau have by which to guide them.

Some of them declare their intention, if the opportunity presents itself, of making a hard fight on the line of Secretary Gresham's recommendation to discontinue our share in the protection of the pensioners. The first step in that direction, and the warmth with which the Republicans are pushing the Hawaiian matter has the effect of stirring the Democrats to greater hostility against it.

The bill introduced by Mr. Coombs to retire the gold certificates received in payment of the pension, is a private in the pension roll, who by reason of certain technicalities cannot be put upon the pension roll. No one who watches the various cases that come up before the pension committee of the house can fail to appreciate this fact.

Last week the case of a young lieutenant of a Michigan regiment was discussed by the pension committee. He stood upon the rolls of the war department as a deserter.

On the testimony of one man, who declared that he had seen him walking about well and healthy, he was marked on the rolls as a deserter and is still recorded as such. So that the man who was unable to correct this record, and yet there are hundreds of men drafted into service towards the close of the war who were never ordered to the front and who draw a quarterly stipend from the general government for patriotic performance of their duty.

The civil service examinations to be held throughout the country during the first six months of the year have been arranged by the commission. During the period applications from the following states will not be allowed to take the clerk, copyist, watchman or messenger's examination: Colorado, Florida, Georgia, Illinois, Indiana, Massachusetts, Michigan, New Hampshire, New York, Ohio, Oregon, Pennsylvania, Rhode Island, Vermont, Virginia, Washington and West Virginia.

An effort is being made by Republican members of the house committee on foreign affairs to secure a full attendance of members at the meeting this week when the Hawaiian question will be called up if they can bring it about.

Four resolutions have been referred to the committee, and it is possible that a composite may be framed from them if the Democrats agree to any action.

The Democrats of the house have determined to use the Samoan protectorate which was agreed upon during President Harrison's administration as a reply to the Republican strictures upon the administration's Hawaiian policy.

Highest of all in Leavening Power.—Latest U. S. Gov't Report.

St. Louis Building Trades Council Condemns Strikes and Boycotts.

ST. LOUIS, Jan. 24.—At a meeting last night of the Building Trades Council, delegates being present from each of the thirty-two building trades unions in St. Louis, a new and most important resolution was adopted. One of the most important changes made by it is the abolition of the office of "walking delegate."

A MILLIONAIRE PRIVATE.

Was Reported for Insubordination by His Clerk, a Sergeant.

NEW YORK, Jan. 24.—John Daniels, the millionaire dry goods merchant of Broadway and Eighth streets, is a private in the battalion of the Seventh regiment, stationed at the car depots at 42nd street and 10th avenue.

THE OIL EXCHANGES WILL SOON BE UNABLE TO DO BUSINESS.

PITTSBURGH, Jan. 24.—The Standard Oil company has announced another move which more effectively closes up the oil exchanges. Hereafter it will issue no pipe line certificates and hence it will not be many weeks when there will be no certificates on which to speculate.

NO LINE TO BE DRAWN.

The Chicago Woman's Club Admits All Races and Colors.

CHICAGO, Jan. 24.—A regular session of the Woman's club was held last night. The consideration of a resolution touching the question of the color line as it affects membership in the club, engaged the attention of the meeting.

A NOTORIOUS PICKPOCKET.

Caught While Trying to Induce a Boy to Join Him.

KANSAS CITY, Jan. 24.—W. H. Parker alias "Antonio the Dago," the notorious pickpocket, is in the custody of the police. Yesterday Inspector Moran happened to be strolling along Third street when he spied Parker in a barber shop talking to a sharp-eyed lad.

Plan on Foot to Establish One at Excelsior Springs.

Excelsior Springs, Mo., Jan. 24.—There has been in contemplation for some time a plan to establish a national printers' home at this place.

It Was a Failure.

DENVER, Jan. 24.—The attempt to introduce Chinese labor in the mines at Idaho Springs has been abandoned. Sheriff Bell notified the mining company that he would resign rather than attempt to protect Chinamen in this work and that he had no doubt that every Chinese miner in Clear Creek county would be hanged.

Hotel Vendome Affair.

New York, Jan. 24.—Fire broke out in the kitchen on the top floor of the Hotel Vendome about 7 o'clock today and had gained considerable headway before the firemen got to work.

Drank Carbolic Acid.

OAKLAND, Cal., Jan. 24.—Mrs. Bessie Webb Loughbridge, wife of Professor R. H. Loughbridge, of the university of California, took her life yesterday by drinking carbolic acid at her home at 2218 Union street, Berkeley.

Edited by Women.

CLEVELAND, Jan. 24.—A 44-page issue of the Plaindealer, a weekly paper, was published this morning. The first two papers were printed on silk and were sold to the highest bidder. Already \$1000 has been bid for the first issue.

Free Pills.

Send your address to E. B. Becken & Co., Chicago, and get a free sample box of Dr. Kline's New Life Pills. A trial will convince you of their merits.

Hotel Vendome Affair.

New York, Jan. 24.—Fire broke out in the kitchen on the top floor of the Hotel Vendome about 7 o'clock today and had gained considerable headway before the firemen got to work.

IS HEIR TO MILLIONS.

A Cigar-maker at Spokane Who Also Plays in a Theater Orchestra Receives Good News.

He Is One of Four People Who Are Heirs to an Estate of Eight Millions.

It Was Left by His Father's Brother Who Died in Ireland Without Any Children.

SPokane, Wash., Jan. 24.—J. D. Luttrell, of this city, yesterday received the welcome news that he is one of four heirs to an estate in Ireland valued at \$8,000,000.

Several years were spent in tracing David Luttrell's whereabouts and when he was found he was also dead. He left a widow and three children, the two sons above mentioned, and a daughter, but no one knew where they were.

THE ILLINOIS COAL MINERS DECIDE NOT TO STRIKE.

ST. LOUIS, Jan. 24.—At a largely attended meeting of coal miners at Belleville, Ill., last night, called to decide whether to organize a general strike throughout the district, the conservative element prevailed and the men will remain at work.

GREAT GAMBLING GAME.

Redskins Have Been Playing One Game for Eighteen Days.

TACOMA, Wash., Jan. 24.—The Puyallup and Black River Indian tribes are participating here in the first great gambling game that has occurred for over thirty years.

AND SO THEY ELOPED.

African Cable Conductor Elopes With His Stepladder.

SAN FRANCISCO, Jan. 24.—John H. Harvey, who was formerly a waiter in a restaurant in this city and has worked as a cable conductor, eloped with his pretty 17-year-old stepdaughter, leaving his wife in destitute circumstances.

Lull in the Storm.

SACRAMENTO, Cal., Jan. 24.—At last there is a lull in the storm of the past eight days, and the steady sheets of snow that have been falling since the service of the available men at the command of the railroad officials have been throughout the mountain ranges.

Purify your blood, tone up the system, and regulate the digestive organs by taking Hood's Sarsaparilla. Sold by all druggists.

The Holiday Herald.

Northwestern Lumberman, Chicago:
The Duluth Evening Herald on Dec-
ember 17 issued a mammoth annual
holiday number, setting forth in ex-
tended form the commercial, industrial
and transportation aspects of that
growing center at the head of Lake
Superior. Included in the expose was
a page devoted to the lumber business
at that point. There is a manifest
destiny-persistence and never-give-up
way about Duluth that has carried it
forward on the line of progress in the
face of catastrophe and seeming
defeat at several stages of its remark-
able history. It is this willingness and
determination that have made Duluth
and its environs cities. Hereafter
victories will be comparatively easy for
the Zenith City, and we look to
see her make rapid progress during
the coming decade.

The Weather.

U. S. WEATHER BUREAU, DULUTH, MINN.
Jan. 24.—The barometer is highest in Manitoba
and a ridge of high pressure stretches thence
southeast to the Gulf states.
There has been a decided rise in temperature
in the Canadian Northwest and thence south-
ward to Colorado and Nebraska. In the central
part of the continent the temperature has
risen from 25 to 35 degrees below zero.
Reports this morning range from 25 degrees be-
low zero at St. Paul, Minn., to 35 degrees
above at Fort Smith, Ark.
The weather has continued fair, except some
in Eastern Michigan, Northern Ohio and the
Northern Rocky Mountain region.

Duluth temperature at 7 a. m. today, 12 de-
grees below zero; minimum yesterday, 12 degrees
below zero; maximum yesterday, 12 degrees be-
low zero.

Duluth, Jan. 24.—Forecast for Duluth and
vicinity till 8 p. m. tomorrow: Fair, followed
by increasing cloudiness Friday; rising tempera-
ture today, tonight and Friday; winds becom-
ing easterly.

JAMES KENEALY,
Local Forecast Official.

CHICAGO, Jan. 24.—Forecast till 8 p. m. to-
morrow for Wisconsin and Minnesota: Fair
and warmer tonight and Friday; winds becom-
ing southeasterly.

They Want Ten Brook.

The general desire of the people for
the re-election of Comptroller Ten Brook
is shown by the strong pressure that is
being brought to bear upon him to be-
come an independent candidate. The
question whether Mr. Ten Brook once
said he would not run without the Re-
publican nomination has been entirely
eliminated from consideration by the
large number of prominent Republicans
who have waited upon Mr. Ten Brook
yesterday and today and pledged their
support to him as an independent candi-
date.

The importance of the office and the
necessity of having it filled by a thor-
oughly competent and experienced man
have prompted many to urge Mr. Ten
Brook to make the race. His
election would be undoubted. It is
almost a parallel case with that
of the late John Roche, who was com-
ptroller of St. Paul for many years, and
who was elected by overwhelming ma-
jorities, even when the rest of the ticket
on which he ran was buried out of sight.
The people regarded him as an invalua-
ble guardian of the city's interests.

It is with much the same feeling that
the people of Duluth regard Mr. Ten
Brook. He has been afforded to refuse
the very general demand that he be-
come the people's candidate.

Municipal Reform.
The prophecy is made by the New
York Evening Post that unless the Re-
publicans of New York state speedily
throw over Boss Platt there will be a re-
action, with the result of putting Hill
again in the saddle. A correspondent
describes the struggle that has begun be-
tween Platt and Mayor Strong, who, at
last accounts, remained firmly deter-
mined to carry out the program of re-
form that he had arranged at the outset,
whether it pleased or displeased Mr.
Platt. It must be remembered that Mr.
Strong, although elected by a non-parti-
san combination, is a pronounced Re-
publican on all national issues.

It would not be surprising hereafter,
from events occurring in New York city,
Philadelphia and other places, if munici-
pal reform did not take the form of que-
rying a national issue two years hence. The
people are tired and disgusted with the
results of political ring rule in the gov-
ernment of our cities. They have seen
the gross corruption and the serious
abuses which have attended the rule of
the machine politicians, to the great in-
jury of the citizens, and they have re-
solved that the politicians must keep
their hands off the city offices. This is
true not only in the cities mentioned, but
in many others throughout the country.
There can be no municipal reform where
national politics play a leading part in
the election of city officials. These men
must be chosen on the score of fitness
and not of political beliefs, in order that

good government may result, and this is
the way that they will be elected in Du-
luth this year. The bosses must keep
their hands off or take the consequences.

Settling Labor Disputes.

The street railway strike at Brooklyn,
with the resultant rioting by lawless
mobs and the calling out of thousands of
soldiers to preserve order and protect
the property of the railway companies,
emphasizes once more the necessity of
devising some means of settling disputes
between employers and employees with-
out recourse to such extreme and vio-
lent measures. The recent trouble at
Chicago and the present proceedings at
Brooklyn are events that cannot be re-
peated many more times without caus-
ing a tremendous upheaval throughout
the country.

It is significant that in nearly every
state legislature now in session bills have
been introduced providing for arbitra-
tion of disputes between labor and capi-
tal. The favorite plan is that of volun-
tary arbitration. The labor unions op-
pose compulsory arbitration, and it does
not seem clear that any satisfactory
method could be devised of carrying out
a compulsory arbitration law so that the
results of the arbitration could be en-
forced as to all parties concerned. A
bill introduced in the Minnesota legisla-
ture yesterday by Senator Hiram F.
Sivens has the approval of the state
federation of labor and provides for vol-
untary arbitration, but in cases where the
parties will not agree to arbitration the
state board is empowered to investigate
and publish a report, giving its conclu-
sions. The board is to be appointed by
the governor and shall consist of three
members, one an employer, one a mem-
ber of a labor union and the third an im-
partial man, agreed upon by the first two.
It seems to be an improvement upon the
law which has worked so well in
Massachusetts. A bill of a similar na-
ture has been introduced in the Illinois
legislature. It suggests the nomination
of a Republican and a Democrat by the
governor. These are to pick a third,
and failing their agreement, the govern-
or is to appoint as non-partisan a per-
sonage as he can select. The board can
be called in to arbitrate in cases where
twenty-five men of labor are concerned.
With laws of this character in every
state, there will be an end to all strikes
and boycotts, which are ruinous and un-
American in principle.

The Gold Situation.

The New York Recorder tells the story
of the gold situation in a clear man-
ner that it can hardly be improved upon.
Here is what it says: Congressmen
Hendrix made it entirely clear a few
days ago that our treasury is only at the
mercy of the gold exporters because it
does not meet them in the same way that
European governments and banks meet
them.

The Brooklyn congressman explained
that if Rothschild wanted to contribute
gold to enable Austria-Hungary to go
upon a gold basis, he makes a bid to the
Reichsbank at such a rate for American
eagles. A cable cipher comes across the
ocean and an offer is made for American
eagles at such a price, interest to be paid
from date of shipment. There may be
only 1/2 or 1/3 percent in the deal, but
on a large transaction \$1 or 1/2 percent, as
any business man knows, is a very
valuable thing.

All they have to do to get our gold
to collect our treasury notes and green-
backs, go down to the treasury and hand
them in denominations of \$1 or \$10,000
and fill a cart backed up to the door.
The gold of the United States finds its
way into the bowels of a steamer waiting,
with steam up, ready to cross the Atlan-
tic, and the exporter receives interest
from the moment the gold is put on
board the ship.

The Bank of France, as Mr. Hendrix
went on to show, puts a price on Ameri-
can eagles in the same way. Then he
pointed out how the thing works when we
want to get gold. If any man goes to
the Bank of France and asks to have a
note at bank cashed, if it is a small
amount, and he is an American traveler
they will be very glad indeed to hand over
the counter the few napoleons which he
requires, but if he brings in a large
amount of notes and asks for gold, they
will simply tell him that the rules of the
Bank of France forbid them to give him
more than 5 percent of the amount in
gold, and they will pay him the rest in
silver. If he is a merchant and must
have gold they will say to him: "Our
price for American eagles is so much; if
you desire to pay that price we shall
be very glad to sell them to you." They
put a premium on it.

The Bank of France and the Bank of
Germany, as Mr. Hendrix says, both
become great bullion dealers under that
system, while the treasury of the United
States, a great, free-handed country,
shovels it out to anybody who comes
along with a demand note.

Duluth's High Standing.

Duluth has good reason to feel proud
of her excellent standing in financial cir-
cles. The bid made by a prominent
New York bond-house of a handsome
premium for the proposed issue of \$294,
000 of 4 percent water bonds testifies in
a striking manner to the high position
which Duluth occupies in the regard of
Eastern investors. The fact that a
good-sized premium has been offered for
Duluth's 4 percent bonds by one of the
leading investment institutions of the
metropolis cannot fail to have a bene-
ficial effect on Duluth investments of
every character. This is the first time

Muslin Underwear and Embroideries.

Howard & Haynie

that any premium has been given on 4
percent bonds issued by any city west
of Chicago. When it is re-
called that no premium was paid
on a recent issue of 4 percent bonds
issued by Kansas City, the splendid
credit of Duluth becomes more striking.
Blair & Co., who have made this offer
for all the water bonds, have purchased
heavily in the past of Duluth and Su-
perior bonds, their total holdings of city
and school bonds issued by these cities
reaching \$1,800,000. Their representa-
tive, B. A. Selig, upon whose recom-
mendation the firm first entered this
section, says that they are ready to take
any more bonds that Duluth may offer
upon the same terms. They are satisfied
that no Western bonds are more
gilt-edged than those issued by the city
of Duluth.

The News Tribune is very anxious to
ingratiate itself with Senator-elect Nel-
son, and is now using honeyed words of
endeavorment when referring to him. At
regular periods it will publish laudatory
articles of the new senator. It will have
no use for Senator Washburn after
March 4, but in the interests of Mr.
Hartley's bridge bill, Mr. Hartley's new
paper is ready to praise Senator Nelson
in all the moods and tenses.

The death of Lord Randolph Churchill
closes the career of a man who once
promised to become one of the most
prominent Englishmen of this genera-
tion. He was a member of the Conser-
vative cabinet, a leader in the house of
commons, and everywhere regarded as a
possible premier some day. Ill health,
caused, some say, by dissipation, caused
his withdrawal from public life and now
death has claimed him.

It is told of Lord Randolph Churchill
that when he was elected to the house of
commons he left London and went to
Rutlandshire, where he spent six weeks
at a quiet country inn preparing speeches
and reciting them. The result was that
his early speeches showed much ease
and self-possession, and were listened to
with attention.

No one who has seen Mayor Strong, of
New York, or such a portrait of him as
that in a recent Harper's Weekly, will
doubt the stubborn invincibility of his
temper. He looks the incarnation of
the moral idea. Sagacity and stern re-
lentless justice are written on his face.
A profound seriousness, too, as of one
who has known of the depths of man's
nature and distrusts its empty professions.

The Superior Leader had an article
yesterday on the "Death of Judge Trum-
bull." Why not wait until the aged Chi-
cagoan is actually dead? It is true that
he is over 80, but he may live several
years yet.

While we as a nation were issuing
bonds almost as fast as they could be
printed, Massachusetts during last year
wiped out nearly \$13,000,000 of its public
debt.

Do not delay the payment of your in-
come tax. Go early and avoid the
rush.

A Base Insulation.

Minneapolis Journal: A certain dress-

maker at Duluth publishes a card of
thanks and adieu in the News Tribune,
in which she says: "Notwithstanding all
my efforts, I find it so impossible to ac-
custom myself to the very peculiar man-
ners of this city that I prefer to return
East. I thank such as may have shown
courtesy to me. I am, however, a very
happy girl. Can it be that the cus-
tomers have reference to the peculiar
manners of some of the Duluth 400 in
regard to bills for services?"

Getting Even With a Janitor.
Somerville Journal: The janitor of one
of Somerville's apartment houses was
married recently and the tenants all
clubbed together and bought him two
tickets to San Francisco, so that when he
went on his wedding trip he might stay
away as long as possible. They all say
that it seems as if they have been living
with him for years.

His Great Fear.
Chicago Tribune: "You'd better go
away. We've got the measles here,"
said the woman at the kitchen door.
"Madam," replied the tramp, seating
himself on the steps with great deliber-
ation, "the only disease I am afraid of is
appendicitis. I shall be obliged to
ask you, madam, to be added with dig-
nity, 'not to give me any cherry pie.'"

Giants Buckle To.
St. Louis Globe-Democrat: One of
the signs of the times has appeared in
the Connecticut legislature. A fight is
on hand between the steam and the trol-
ley roads as to the right to parallel
existing roads. The trolley is now threat-
ening to reach from New York to prom-
inent points in New England generally.

The Gully Frenzy a Free Press.
Washington Star: The discredited
government of Newfoundland made a
serious, but unsuccessful effort to bring
about the arrest and legal punishment of
two newspaper men who had been send-
ing forth to the world a truthful portra-
y of the condition of the colony. This
attempt at repression and suppression is
entirely in line with the practice com-
monly followed by the government of
Newfoundland. The trolley is now threat-
ening to reach from New York to prom-
inent points in New England generally.

street, Duluth, Minn.

NOTICE OF MORTGAGE SALE.
Whereas default has been made in the con-
dition of a certain mortgage which was duly ex-
ecuted and delivered by Charles H. Purcell, (mar-
ried), bearing date the fifteenth (15th)
day of October, A. D. 1892, and which was
recorded in the office of the register of deeds
in and for the county of St. Louis and state of
Minnesota, on the fifteenth (15th) day of Oc-
tober, A. D. 1892, at four (4) o'clock p. m., in Book
and hundred three (103) of mortgages, on page
one hundred eighty-two (182) thereof; which
said mortgage and the conditions thereof should
be made in and to the satisfaction of the
conditions contained on the part of the
mortgagee to be kept and performed, then the
whole sum thereby secured shall immediately
become due and the time therefor by law and
payable, at the election of said mortgagee, with-
out notice and default has been made in the
payment of the same and the law has been made
to enforce payment thereof.

And whereas default has been made in the
payment of the semi-annual installment of in-
terest upon said note and mortgage,
October 1, 1894, amounting to the sum of
twenty-five dollars (\$25), which said mort-
gage and the conditions thereof should be made
in and to the satisfaction of the conditions
contained on the part of the mortgagee to be
kept and performed, then the whole sum there-
by secured shall immediately become due and the
time therefor by law and payable, at the election
of said mortgagee, without notice and default has
been made in the payment of the same and the
law has been made to enforce payment thereof.

And whereas default has been made in the
payment of the semi-annual installment of in-
terest upon said note and mortgage,
October 1, 1894, amounting to the sum of
twenty-five dollars (\$25), which said mort-
gage and the conditions thereof should be made
in and to the satisfaction of the conditions
contained on the part of the mortgagee to be
kept and performed, then the whole sum there-
by secured shall immediately become due and the
time therefor by law and payable, at the election
of said mortgagee, without notice and default has
been made in the payment of the same and the
law has been made to enforce payment thereof.

BID BETTER THAN PAR.

Blair & Co. New York Bond Buyers, Make the Only Bid Above Par For the Bonds.

Several Other Firms Wanted the Rate of Interest Increased While Others Wanted Big Commissions.

City Attorney Morris Will Investigate the Bids and Report Next Monday—Water Company Has Accepted.

The opening of bids for water bonds in the sum of \$504,000, was the leading feature of last evening's adjourned council meeting. The bids were as follows:

Blair & Co., of New York, represented by B. A. Seitz, offered to take the bonds at par, and pay a premium of \$178.20 with accrued interest.

Mason, Lewis & Co., of Chicago, offered to purchase the bonds at par if allowed a commission of \$2.100.

Rudolph, Kleybott & Co., of Cincinnati, represented by M. MacQuiston, made no regular bid, but offered to take the bonds at par and pay a premium of \$4.00 if the interest was raised to 4 1/2 per cent.

T. H. Gay & Co., of Boston, represented by Mr. MacDonald, stated that they could not make a bid, but that they would take the bonds at a premium if the interest was raised to 4 1/2 per cent.

T. T. Lewis & Co., of Dayton, Ohio, represented by F. G. Steadman, signified a willingness to take the bonds at par less a commission to be agreed upon later between themselves and the city.

Each definite bid was accompanied by a certified check for \$10,000. The bids were referred to the finance committee.

The city attorney will pass upon the bids and it is likely that the committee will make a report next Monday evening.

At a late meeting of the council, the Duluth Gas and Water company was given an additional ten days in which to accept the council's resolution, accepting the company's proposition to sell its plant.

Last evening, the Duluth gas and water committee submitted a communication, in which the resolution passed by the council, Dec. 10, was accepted on condition that the sum of \$26,250 be deposited in escrow in the First National bank of Duluth, together with an agreement specifying the manner in which the money be held and paid out by bank.

The city attorney submitted a statement to the effect that J. T. Bullock, who claims \$130,000 damages for the loss of block 7, Murray & Howe's addition, on account of the removal of the lateral support, has signified his willingness to accept \$300 cash and avoid litigation. Received and referred.

Agrees Upon a Settlement.
John Hinman, who was hurt in a gravel pit in July, 1894, in the city of the city, has agreed to drop his damage suit on condition that he be paid \$281 cash and be given employment at such work as he is able to do at \$35 a month from Jan. 1, 1895, to June 1, 1895. City Attorney Morris recommended that a settlement be made on that basis. Received and referred.

The board of fire commissioners invited the council to visit and inspect Central Fire hall tomorrow, Friday, afternoon, and a prompt acceptance was the result.

Christian Beckinger, who has the contract for the Fond du Lac electric light plant, asked that the time in his contract be extended sixty days on account of inability to secure and get in place some of the apparatus.

The secretary of the board of fire commissioners reported that during December 17 men were employed in the fire department and that the expenditures were as follows:

Salaries.....\$ 8,883.94
Materials..... 342.86
Fuel..... 346.98
Hired help..... 8,971.87
Miscellaneous expenses..... 3,142.37
Total.....\$20,698.92

W. H. Hollenbeck et al submitted a petition for the erection of an iron bridge across the St. Louis river at Fond du Lac. Referred.

The first reading was given a new ordinance granting the Duluth Transfer Railway company a right-of-way over certain streets and avenues. The right-of-way tracks Twenty-first, Twenty-fifth, Twenty-sixth and Twenty-seventh avenues west, Lemare street, Onondaga street, Front street, Selwyn street, Gage street, Bay street, Swenson avenue, Howard avenue, Hulett avenue, Cumberland and Brighton streets, Maple street, Elm, Cedar and Fifth avenues west, and Polk street. By this ordinance the company is compelled to relinquish all previous grants across Twenty-fifth, Twenty-sixth and Twenty-seventh avenues west.

About thirty-five West Duluthians submitted a petition asking for public work. They state that they are penniless, out of work, and while they are loth to accept public charity they must do so unless the city provides labor. The petition was referred to the board of public works.

Wm. E. Lucas,

Exchange Bldg.

Fire insurance written in companies unsurpassed for prompt payment of losses. Keep your property well insured.

Money ready for desirable loans; the better your security the lower the rate. Keep a little money in your pocket, even if you borrow it—it is a very handy thing to have around.

Congress is a brake on the wheels of business, bringing business usually to a stop during the long session. The present short session is retarding business perceptibly, but the effect of it will be done—other than that "talk" can do. After congress adjourns we all hope to get on our feet, and enough to pay our taxes, penalties and all. I can sell good good properties in Duluth, cheap, that will surely make money for the buyer.

AMUSEMENTS.

Ideal Concert Company.

The Ideal Concert company, of St. Paul, will give a concert at the Lyceum on Saturday evening. All of the members have friends in Duluth and at least two of them have been heard here. Miss Gertrude Sans Souci is a young pianist who has already won a fine reputation. The Minneapolis Tribune said of her:

"Miss Sans Souci is an artist. Her great power lies in her fingering and exceptional delicacy of touch; her pretty hands with the long tapering fingers glide over the keys seeming scarcely to touch them, yet producing notes, unflinching in accuracy and precision."

Of Mrs. C. B. Vale, the contralto, the Pioneer Press says: "Mrs. C. B. Vale has no longer been known as the favorite contralto of the Northwest that the mere mention of her name is a guarantee of excellence; she never fails to win wherever heard."

Mrs. S. V. Harris, the soprano, and Miss Edith Cline Ford, elocutionist, have testimonials full of strong.

Rooney Comedy Company.

Pat Rooney's merry face company will present at the Lyceum next Monday and Tuesday Mr. Carroll's laughing festival, "Lord Rooney." The company comprises Mattie, Josie and Master Pat Rooney and several other well-known New York favorites, all of whom have won a deservedly prominent place on the farce comedy stage. "Lord Rooney" is one of the most successful comedy attractions on the road. The dialogue in "Lord Rooney" is said to possess more literary merit than is usually found in farce comedies. It is sparklingly witty, and without plot or play would of itself be exceedingly enjoyable. The story of the play is really catching. The situations are exceedingly ludicrous, and there is a whirl of fun accompanying the performance that is refreshing and promoting.

Each definite bid was accompanied by a certified check for \$10,000. The bids were referred to the finance committee.

The city attorney will pass upon the bids and it is likely that the committee will make a report next Monday evening.

IS STILL PUSHING IT

D. W. Hines, the North Dakota Farmer, is Here Again in the Interest of His Railroad.

Operations on the Road Are in Progress and He Wants Money for Getting Out Ties.

Bill Prepared for Giving a Rebate of Royalties on Iron Ore—Other Important Matters.

D. W. Hines, the North Dakota man, who came to Duluth last summer in the interest of a railroad which the farmers around Langdon, N. D., are endeavoring to build, is again in the city and appeared at the chamber of commerce meeting yesterday. Mr. Hines is nothing if not persistent, and he can talk railroad to the queen's taste. The road which he and his brother farmers are projecting and are in fact now building is to run from Thief River falls westward into North Dakota. The farmers in that region have no way to get their grain to market and their supplies in except by teaming. It costs, Mr. Hines said, 10 cents a bushel to get their grain to the railroad and 14 cents more to get it to Duluth or Minneapolis as it more frequently goes. The haul is 600 miles now, but with the cut off would be only 350.

The idea of Mr. Hines is to build this road to connect with the Duluth & Winnipeg. He has traveled over the country and tells in glowing terms of the rich resources it possesses. The Duluth & Winnipeg runs out 108 miles now. Beyond this for twenty miles is a magnificent pine forest. Then comes a hardwood belt and then a great meadow producing 2,000,000 tons of hay annually, which is never cut. Then for 125 miles is one solid grain field.

The farmers now have a force of men at work at Red Lake getting out ties. The cost to buy them would be about \$700 a mile, but by getting them out themselves they only cost \$200.

The right-of-way costs nothing, Mr. Hines says, and he told one rather amusing circumstance which illustrated his own energy as well as the point he was making.

At Dayton he appeared before the farmers one evening in the interest of the road. Some of the audience said he could not get a right-of-way through Dayton, and rather laughed at the idea. "Well, now," said Mr. Hines, "I got up early next morning and I had the right-of-way for two miles and a half out of Dayton before that fellow was out of bed."

The farmers expect after the right-of-way is all secured and the grading done, which Mr. Hines says can be done for almost nothing, to bond the road to secure the right-of-way. He said he was paid money by St. Paul and Minneapolis men, provided they would give control of the road to him. Mr. Hines says, the farmers emphatically will not do. They propose to keep the road themselves.

Money for the Tie Camp.
This then is the project. What he wants now is to secure money enough to keep the tie camp running all winter. The road is to be built in sections, each 20 or 25 miles long. Mr. Hines is here to see what Duluth will do. He says the Dakota farmers have a high opinion of Duluth and are waiting for an endorsement from them would aid the project materially.

Mr. Hines and his railroad were referred to a committee consisting of Messrs. H. H. Phelps, C. E. Lovett, H. W. Coffin, A. Finger and G. A. Leland.

The committee on legislation made a report on the matter, recommending a reduction of fees for recording instruments in the register of deeds and clerk of courts' offices. The total receipts last year for the register's office were \$11,470.36 and total expenses \$10,663.82. It is recommended that no change be made in the fees of that office.

The receipts in the clerk of court's office were \$18,376.18 and expenses \$6,757.73, leaving \$11,622.45. It is recommended that the fee in that office be cut two-fifths. John Owens, the new clerk, interprets the law fixing the fee for certificates of judgment as requiring 50 cents to be paid for each name on a judgment charged 50 cents for the first and 15 cents for each subsequent name. The present charge is regarded as highly excessive.

The present charge is regarded as highly excessive.

The committee on legislation submitted a report on the matter, recommending a reduction of fees for recording instruments in the register of deeds and clerk of courts' offices. The total receipts last year for the register's office were \$11,470.36 and total expenses \$10,663.82. It is recommended that no change be made in the fees of that office.

The receipts in the clerk of court's office were \$18,376.18 and expenses \$6,757.73, leaving \$11,622.45. It is recommended that the fee in that office be cut two-fifths. John Owens, the new clerk, interprets the law fixing the fee for certificates of judgment as requiring 50 cents to be paid for each name on a judgment charged 50 cents for the first and 15 cents for each subsequent name. The present charge is regarded as highly excessive.

great feeling down there in favor of this same measure and that a bill is already introduced covering it.

The bill was approved and will be sent to Representative McInnes.

E. C. Gridley presented a letter from Thomas J. Davis on the subject of "Savings Banks." The present law was severely criticized. It provides for no capital stock or other security for the payment of deposits beyond so much as are not used in expenses or losses. The trustees are to serve without pay. There is no capital stock provided for and there is no personal liability of stockholders to give a feeling of security. Another weakness is the provision that excess over the regular dividends must be distributed to depositors once in three years. It was suggested that the law ought to be amended.

The letter was referred to the committee on legislation.

J. M. Geist was elected a member and J. H. Crowley's application was received.

RAINY LAKE CLEANINGS.
The Fine Showing Made at the Famous Great Western Mine.

6

CITY BRIEFS.

Cullum, dentist, top floor, Palladio.
Smoke Endion cigar. W. A. Foote.
The Evening Herald is on sale in St. Paul at the Windsor Hotel news stand.
A great loofer, Duluth Imperial flour.
A mandolin orchestra, with Harry Preston as leader, was organized by the young men's Christian association.
An experience social was held in the Pilgrim Congregational church last evening by the ladies' union. Each member told how she earned \$1 during a week, and the experiences were quite amusing.

Tomorrow, John G. Howard, will take about thirty of his friends out to the Howard lumber camp and give them a dinner in the piney woods.
For cheapest homes, quickest transit, Duluth Heights Land Co., Herald bldg.
The death of Emil Haff, 223 West Fifth street, aged 31 years, of typhoid fever, has been reported to the board of health.

The board of health has been notified of the birth of a daughter to William and Mary Kilby, at West Duluth.
In police court this morning, Jack Enright, Andrew Peterson, Thomas Baker and William Dale were up for drunkenness. All secured suspended sentences.

The suffrage committee will meet in the Y. W. C. A. rooms tomorrow at 2:30 p. m. Mrs. A. P. Washburn will read a paper on "Our State Constitution" which will be followed by a general discussion.

Miss Florence Silberstein entertained a few of her young lady friends yesterday afternoon at her home, 31 West Second street. The decorations of the table and rooms were all in pink.

A marriage license has been issued to A. Leond and Rose Brazinska.

PERSONAL.

C. Rupp, of Saginaw, is in the city.
E. B. Hamilton went to Chicago today.
W. M. Tomkins, of Ashland, is in the city.

J. F. Kelly, of Ashland, is in the city.
F. Wickam leaves for Chicago tonight.

L. Fisher went to St. Paul last night.
C. H. Turner, of St. Paul, is in the city today.

H. E. Barber, of Minneapolis, is at the St. Louis.
Mrs. J. W. Bull left for Los Angeles yesterday.

W. F. Everett left for Sioux City, Ia., yesterday.
Capt. Torrey left for New York this afternoon.

D. G. Cutler went to Chicago this afternoon.
W. E. Harwood came down from Soudan this noon.

C. H. Pettit came up from Minneapolis last evening.
R. McBurnie and J. J. Bell, of Winona, are in the city.

F. W. Adams, of Stockbridge, Mass., is at the Spaulding.
George Monroe came down from Grand Rapids today.

Eds. Edward Padlock left for Fond du Lac, Wis., today.
Jeremiah Gleason started for Queens- town, Ireland, yesterday.

Mrs. Anna Shephard returned yesterday from a month's visit in Toward.
C. S. Morgan and J. J. Rhodes, the St. Paul coach men, came up from St. Paul today.

G. S. Richards left yesterday for a lengthy trip through the east and south, including Cuba.
J. D. Kingsbury, of Saginaw, Mich., general manager of the Grand Union Tea company's stores, is in the city.

B. G. Matteson, of Park River, N. D., was on the board of trade today, the guest of ex-Governor A. H. Burke.
Dr. James McAuliffe, who has been ill with typhoid fever, is rapidly recovering and will soon be able to venture out.

A. W. Hartman leaves for New York this afternoon, and will visit points of interest in Europe, Asia and Africa before his return.
Hon. Joseph Weiss, of Detroit, state senator of Michigan and one of the most popular young men of Detroit, is visiting here for the first time and is a guest of his cousin, Mrs. J. Silberstein.

A Diamond Mine in Duluth.

It is a fact that genuine diamonds are discovered daily in cans of tea, and they are bona fide and genuine, and set in gold at that, and it is not an unusual occurrence to find a can containing a solid gold watch of best make. These cans are sold at the minimum price of \$1, and in another column of this journal will be found the names and addresses of many of our most prominent and well known citizens who have obtained them. Of course, every purchaser does not get a watch or diamond, but each and every purchaser does get something else for his dollar besides the dollar's worth of choice bleached tea. It is all true. Go and see for yourself. Remember that one week from next Saturday ends the time to get these valuable articles.

Terms, single can, \$1; six for \$5, and 13 for \$10. A club order of \$5 will surely get one or more of these valuable articles. Address Merchants' Tea Co., 20 West Superior street. Open until 9 o'clock. Orders promptly forwarded anywhere in the United States.

Yes, it's true.

Foley's Honey and Tar
Is the best cough medicine

He failed to use the Clonic Kidney cure for his kidney complaint. \$1. Max Wirth.

No Danger Now
Of breaking through if you fall on the ice at Washington rink. City band will be there tonight.

THE CITY COMMITTEE.

J. E. Meyer Has Not Yet Announced It
Owing to Conflicts in Some of the Wards.

Question as to Who Shall Represent the Fifth Ward Seems to Be the Main One.

The Chairmanship of the Committee Will Go to Some Man From the East End.

Up to this afternoon at 3 o'clock J. E. Meyer, chairman of the Republican convention, had not announced the members of the city committee, though he expected to announce them before the day is over. Mr. Meyer is plainly having some difficulty in satisfying everyone, and although he did not care to talk about the matter the facts have been obtained.

From talks on the question it is definitely ascertained that the chairmanship of the committee will go to the East End, probably to some one from the First or Second wards. The committee is all easily arranged except the representation from the Fifth ward. Here a great deal of pressure is being brought to bear on the chairman to appoint men on the committee who are not desirable to any one except a certain set of politicians.

At any rate it will be impossible to please all parties as to this matter and it is probable that Mr. Meyer will take the course that seems best to him and appoint a good man to the place. When asked about the committee, Mr. Meyer admitted that there was more than ordinary deliberation over one of the appointments, but he expected to have the full committee ready some time today.

The Democratic and Populist delegates and committee men in the Fourth ward, met in the city hall last night to see if they could decide upon some candidate to put up against Alderman Christensen but no action was taken. Mr. Ed Ingalls would not refuse a nomination but he is not acceptable to all. Many would like to see Herman Berg make the race but he does not care to do it.

This morning James Anderson filed his nomination as a citizen's candidate for alderman in the Fifth ward, by petition with the city clerk.

Paul S. Liden is now talked of as a candidate for alderman in the Sixth ward, against Alderman J. W. Nelson.

J. W. Hunt this afternoon filed with the city clerk his certificate of nomination for special municipal judge.

It is pretty well understood that W. G. Ten Brock will stand as an independent candidate for city comptroller. It is said that a petition is in circulation and that he will be ready for filing tomorrow.

Ten Brock, when asked about it this afternoon, said that his decision would soon be ready for public announcement, and his friends feel that it will be in favor of making the race.

FRAUD IS DENIED.

Auburn Iron Company Answers an Action Brought to Recover Land.

In the case of Robert and Annie Crowley against the C. N. Nelson Lumber company et al the Auburn Iron company has filed its answer. The suit is to set aside deeds to some valuable iron lands which the plaintiffs allege were obtained from them by fraudulent misrepresentations and impositions on their illiteracy. The answer denies these allegations and asserts that the deeds from the Crowley couple were obtained for sufficient compensation.

It is alleged that before the commencement of the plaintiffs' action, the defendant, the intent of which was to secure H. H. Hoyt, their attorney, for his share in the proceeds of the action, and which was in furtherance of a conspiracy with him which is alleged to be champertous and illegal. The instrument referred to is an agreement to transfer certain property to Hoyt in consideration of \$1000.

In the mandamus proceedings of R. C. Ray against the county auditor, the latter has filed the decision of appeal from the order of the court denying to quash an alternative writ of mandamus.

In the condemnation proceedings of the Duluth & Iron Range against Amelia Sherwood et al, a stipulation has been filed allowing the appointment of commissioners to make awards on all the property sought to be condemned, except some in \$17. As to that the hearing is continued to March 23.

The Wells-Stein Mercantile company has sued Alfred Wilson for \$101.85 for goods sold.

John R. Marshall, the contractor, has made a voluntary assignment to A. P. Cook.

Robert N. Loomis has begun divorce proceedings against Lillian E. Loomis on the ground of adultery. The parties were married in Chicago in May, 1888, and are 37 and 31 years of age respectively. A co-respondent is named and several sensational incidents are related in the complaint.

Why?
Taste of "Royal Ruby Port Wine" and you will know why we call it "Royal." THE "KID" DISCHARGED.

Young Wright Got Off Because He Was Roaring Drunk.

This morning United States Court Commissioner Pressnell discharged John Wright, commonly called "Kid" Wright, from the charge of passing a counterfeit gold piece. Monday night young Wright made the rounds of the bad lands with a companion named George Bell. They visited several "palaces of sin" on St. Croix avenue and finally, in the resort of Annie Ray, in paying for some beer, Wright passed a counterfeit \$10 gold piece. John Peterson, in charge of the refreshments, soon discovered the bad coin, the police were notified and soon the young rouser was behind the bars. His father bailed him out after his arraignment before the United States authorities and last evening the preliminary examination was commenced.

John Peterson, Annie Ray's porter, testified for the prosecution, and also did Officer Gilis, who swore that Wright was sober when arrested, soon after he passed the coin.

Lake Peterson and Inez Sinclair also gave testimony, but it was not at all damaging to the defendant. The case was then adjourned until this morning at 10 o'clock.

The defense was opened this morning and the ground, taken that the money was unintentionally and ignorantly passed. Young Wright himself was placed on the stand. His mind was as blank as a new sheet of paper as to his visit to the tenderloin district and everything that happened there. He said that he was too drunk to know anything and that, after drinking in all the saloons on Superior street all the afternoon his mind became a blank about to 10 o'clock the Central saloon on Lake avenue. He thought that when he started on his bentcher, he had \$5 or \$10, but was positive he had no gold and could not account for his possession of the coin.

W. H. Cross, a waiter at the Ideal restaurant, testified that he waited on Wright at 11 o'clock Monday night and that both were pretty drunk. Hazel Hamblen, one of Frankie Young's fairies testified that Wright came to her house at 12 o'clock Monday night and was very drunk and would have turned off his chair at one o'clock but he caught him. He bought one bottle of beer and paid for it with a \$1 dollar bill.

Frances Clifford, housekeeper at the Young place, took the stand and swore that Wright was so drunk he could hardly stand up and that he ordered one drink.

Blanche Spencer's place was represented by Mabel Le Roy and Nellie Norton. They testified that Wright came to their place between 1 and 2 a. m. with George Bell but did not stay.

That closed the case. Commissioner Pressnell said that there was no doubt but that Wright passed the coin. He also thought there was enough evidence to cause a grand jury to return an indictment but he did not think there was enough to cause a conviction by a jury.

A hearing house has been fixed up on the east end of Traveler lake for the convenience of travelers to the Seine River region.

Are Not After Gordon.
W. D. Gordon thinks that some one has been after him for some time. Within the last few days he has received circulars from two different green goods firms, some in New Jersey. It is said that a great many circulars of the kind are being received here through the mails.

How's This!
We offer \$100 reward for any case of catarrh that cannot be cured by any of the best medicine. We have a cure. J. J. Clancy for the last five years and believe him to be the most reliable of all business transactions and trustworthy of all advertisements made by their firm.

NEARLY ENDED.

The Great Trip At Brooklyn Reported to Be
Broken and the Strike Almost
Ended.

Wires Still Being Cut and Cars Stopped, as
Well as Other Gross Outrages
Committed.

Dynamite Cartridge Picked Up In One of
the Busiest Portions of the
City Today.

Another Cartridge Was Exploded on Myrtle
Avenue and Many Windows Broken,
But Nobody Injured.

BROOKLYN, Jan. 25.—The big street
car strike is nearly over. The day may
see the strikers declare themselves
beaten and returning to work as indi-
viduals, as the railroad companies say
they may and not through the treaties of
the executive committee. Trolley cars
are running on nearly all the lines,
though not the full complement, but the
great tieup has been broken. The situa-
tion has become so serene that the
Ninth regiment has been ordered home,
and there is every likelihood that before
the day is over the Seventy, in com-
mand of Col. Appleton, may be ordered
back to New York tonight. The soldiers
will be glad to be relieved from duty.

Since midnight the only trouble caused
by the strikers was the cutting of wires
which happened in many sections. This
did not desperately affect the running of
cars as the companies have been able to
replace many linemen who struck.
The Brooklyn Heights railroad com-
pany will venture to run its crosstown
lines from Greenpoint to the Erie basin
today. Large crowds of men and women
are waiting for the cars, and it is be-
lieved they intend to give it a warm re-
ception. The authorities have sent a
large military force and a strong detach-
ment of regular and special policemen
up on short notice, from the small-
est to the beautiful Gates Ajar, and
packed to ship long distances.

Police Commissioner Welles has made
an investigation into the shooting of
Kearney who was shot on a car in a
house in Hicks street yesterday after-
noon and died in the City Island col-
lege hospital yesterday. The commis-
sioner refuses to let the nature of the
report, but it is believed in police
circles that he has arrived at the con-
clusion that the killing was unwarranted.
At strikers' headquarters it is said that
the unusual quietness of the strikers is
on account of Justice Gaynor's man-
damus opinion. They believe that if
any opposition were made to the run-
ning of cars, the man-
damus will be rendered in-operative.
This they wish to avoid. All the non-
union men who were held by the mil-
itary in order that they might not join the
ranks of the strikers have been released.
Troop A escorted two wagon loads of
linemen along the route of the Crosstown
line between Tisey hall and Red Hook
early in the day. They found that wires
had been cut and were lying about the
streets, and on Columbia street tin
cans had been strung together and
thrown over the wires. In places the
feed wire had been severed.

The linemen, surrounded by guards of
soldiers, cleared away the incumbrances
but left nobody to protect the wires. The
cutters were right behind them and as
fast as the linemen made their repairs
the wires were severed and the cans
flung over them again. The linemen
did their work over the tops of the bu-
sles some distance away. The crowd is
amusing itself by smashing the windows
of the stalled cars.

The strikers, under Walking Delegate
Hill, have induced many of the crews of
the crosstown and Graham avenue lines
to desert. The strikers in some instances
shut them came in on the elevated road
An exciting episode occurred at the
Ridgewood station when about twenty-
five new men arrived to go to work.
When they came in on the elevated road
the strikers surrounded them and suc-
ceeded in hustling them down Palmetto

street before the militia or police had
any knowledge of the new arrivals.
As soon as the kidnapping became
known a detail of police and militia
were sent hurriedly to the rescue. The
militia succeeded in overtaking the kid-
nappers and their prisoners, rescuing
six of the latter. These were escorted
back to the barracks by the police and
militia. The other nineteen were taken
to the headquarters of the strikers and
kept as prisoners. A picket was then
placed upon the elevated road to pre-
vent a repetition of the occurrence.
It is reported that three pistol shots
were fired by unknown persons in a
mob at Bedford avenue and Lorimer
street at 3 o'clock this afternoon at a car
on the Lorimer street line.
Cars have been stalled there for three
hours and all the motormen have de-
serted their posts. The police brought
a number of motormen but these re-
cruits refused to get on the cars when
they saw the proportions and temper of
the mob. The police were compelled to
take them back to the Crosstown
stables.

Died From an Operation.
MANKATO, Minn., Jan. 25.—Elias Nost-
dahl, a young business man of this place,
died yesterday from an operation per-
formed on him Wednesday. He was
suffering from inflammation of the
bowels.

New Postmasters.
WASHINGTON, Jan. 25.—The president
today sent the following nominations to
the senate: Frank E. Newell, postmas-
ter at Morris, Minn.; William L. Mar-
shall, postmaster at Tomahawk, Wis.

A Deputy Oil Inspector.
ST. PAUL, Jan. 25.—A deputy oil in-
spector to the Dispatch from Madison, Wis., says: John
Diffor, of West Superior, has been ap-
pointed deputy oil inspector.

A New Summer School.
CHICAGO, Jan. 25.—Bass Lake, Ind.,
has been selected for the site of the new
Presbyterian summer school and resort,
fashioned after the Chautauqua. The
school will be controlled by the Presby-
terian church but will be conducted on
liberal lines and it is expected to draw
its support from all denominations.

A Long Sentence.
NEW YORK, Jan. 25.—Edwin Quigley,
the municipal bond forger, was today
sentenced to fifteen years and six months
imprisonment by Recorder Goff.

A Chicago Failure.
CHICAGO, Jan. 25.—The board of trade
firm of W. H. Young & Co., 237 Fifth
avenue, failed today. The firm was one
of the oldest on the board and the fail-
ure caused considerable excitement in
the pits.

THAT RAILROAD SCHEME.
Mr. Hines Was Before the Jobbers' Union and
Chamber Today.

D. W. Hines, of the Duluth & North
Dakota railroad, appeared before a
meeting of the jobbers' union and cham-
ber of commerce today. He went over
the ground again in about the same
manner as before the chamber of com-
merce on Wednesday afternoon. He had
a homely way of putting things, which is
quite taking, and his bumps of stick-to-
itiveness and energy must be abnormally
developed.

He told about how the St. Paul men
want to get control of his road. "Don't
you think our former road amounts to
anything?" he said. "Well, when we go
to St. Paul those fellows down there buy
me \$2 dinners and pay my fare down and
back. Then they try to get me to de-
liver the road to them, but we are going
to keep it ourselves."

He has the right idea on nearly every
argument he makes. For instance he
said the Northern Pacific and Great
Northern roads are opposed to the
scheme. They want long hauls and are
not looking for any cut-offs or shortening
of distances.

Mr. Hines spoke of his coming here
before and getting broke, and being com-
pelled to borrow money. He said he was
a big farmer in his part of the country
and just happened to run out of money
while here.

"I was trying, anyway, to see how
cheap I could make that trip," said he.
"I was away three weeks, came to Du-
luth, went to St. Paul and then back
home and only spent \$17. The tightest
rub I ever had in my life was when I
was here."

What he wants is money to assist in
getting out ties this winter and he plain-
ly said he was here to see what the Du-
luth people would do for him.

F. A. Patrick suggested that Mr.
Hines withdraw while the matter was
being talked over. This he did. Mr.
Patrick said that while the matter looked
visionary it might contain much. He
said that such a road would exactly what
the wholesalers need. Mr. Hines may
be a crank, but cranks often accomplish
what other people cannot. He suggest-
ed that an effort be made
to investigate the matter and
said if it is all verified he
felt that his firm and every other whole-
sale house could well afford to chip in
\$50 or \$100 apiece for the advertising
they would get out in that country if
nothing more.

C. E. Lovett liked Mr. Patrick's idea.
He said the Duluth people ought to
throw no cold water on the scheme. He
regretted that one of the newspapers
had spoken slightly of Mr. Hines.
He is projecting a road which means
much to Duluth, no matter whether the
farmers or wholesalers build it.

A dynamite cartridge exploded in
front of 476 Myrtle avenue today. Many
windows were broken but nobody was in-
jured.

There is a howling mob in front of the
Seventh precinct station at Greenpoint
surrounding a string of cars which have
been deserted by the motormen. The
police are absolutely powerless. Most
of the patrolmen are on duty at the sta-
bles some distance away. The crowd is
amusing itself by smashing the windows
of the stalled cars.

The strikers, under Walking Delegate
Hill, have induced many of the crews of
the crosstown and Graham avenue lines
to desert. The strikers in some instances
shut them came in on the elevated road
An exciting episode occurred at the

WAR MAY SOON COME.

The Serious Trouble Between Mexico and Guatemala Has Now Reached a Very Acute Stage.

Meeting of the Mexican Cabinet Being Held Today to Discuss the Reply of Guatemala.

Likely That It Will Preface an Ultimatum to Be Followed by War, if Necessary.

MEXICO CITY, Jan. 25.—The official communication of Guatemala to the demands of Mexico over the threatening international boundary dispute, was delivered to the national palace this morning. It came in on the Vera Cruz railway mail train last night having been forwarded from Coahuila to Vera Cruz by a boat in waiting.

Foreign Secretary Mariscal was engaged today in making a careful reading of the report which is very voluminous and covers many pages of closely written matter. Its contents have not as yet been made known even to the president and members of the cabinet. The document will be presented at the meeting of the cabinet today.

It is generally understood that the import of Guatemala's reply is the same as indicated in the telegram received from Mexican Minister Godoy at the time it was delivered to him by the Guatemalan government. Its tone is evasive and negative and the foreign department said that the declaration of Mexico's position may be expected inside of four or five days, by which time the reply of Guatemala will have been considered in all its bearings.

While not showing any heat over the reply of Guatemala, the Mexican authorities hold firm to their position and it is very generally understood that early next week an ultimatum will be sent to Guatemala by the corvette Zaragoza, which will at once declare war on that republic unless it accepts the demands of Mexico in every particular. In any event, the Zaragoza, it is expected, will bear a note to Minister Godoy instructing him to request his passports from Guatemala. Should its answer be negative, he will be protected and landed on Mexican soil by the corvette, which will then be detailed for the transportation of troops and munitions of war.

The war department in this capital is all activity. The entire officers are working over hours, and an unusual spirit of life and animation is seen on every side. On the frontier is a large force and several brigades are in readiness to be pushed to the front at a day's notice. Throughout the republic the same activities are noted, and there is no doubt that Mexico could put 50,000 men on the Guatemalan frontier within a week or ten days should the occasion demand. The general health and equipment of the Mexican troops now in the South are very good, and reports are of the probable start of war are that the soldiers and officers are in high spirits and anxious to push forward at the command from headquarters.

Considerable feeling is manifested in this city over the visit to the national arm factory of a member of the Guatemalan legation, reports from the Italian minister. The parties appeared at the factory without previously announcing their intended visit. Being without instructions, the operations of the factory telephoned to headquarters for instructions. The reply was that under existing circumstances, it would be inconvenient that the diplomats be given admission, and while the commander was profuse in his apologies the visitors had to go away as ignorant as they came in regard to the operations of Mexico's big killing establishment and the figure it might cut in the near future.

The practice has been given the range cannon as reformed by Senors Mondragon and Perez, two officers of the Mexican army. The improvements are notable and materially affect the rapidity of fire, accuracy and general effectiveness of the cannon now in use in the army.

There is great excitement here and nothing is heard on the streets and in

Don't be Deceived

By those who offer substitutes for Cottle. Its success has been so phenomenal that numerous imitations are now being offered, which are claimed to be "just as good." All these

Imitations

lack the intrinsic merit of Cottle, and will prove disappointing and disagreeable to those who use them. These counterfeits differ widely from Cottle, and are mere

ABSOLUTELY PURE

newspaper offices but war talk. A meeting of the cabinet has been called for this morning, at which time this thought war will be declared. Mexico, it is said, has 6000 men on the Guatemalan frontier ready for action.

MEXICO'S ADOPT PLAN.

How Forces Would be Pushed to the Guatemalan Capital.

SALINA CRUZ, State of Oaxaca, Mex., Jan. 25.—It is reported here that arrangements are being quickly made by the Mexican war authorities for the Guatemalan invasion as soon as hostilities are declared. The theory is that the armed corvette Zaragoza, the gunboat Oaxaca and all the Mexican boats on the Pacific coast will be employed in landing troops at San Jose, Guatemala, or at some other convenient point.

Immediately on landing, the forces will be pushed with all possible speed across the country toward the capital, which lies only about fifty miles from the coast, and where it is naturally expected the hard fighting will occur. At the same time, the famed Mexican rural forces will be ready to start from the various points on the border now occupied by Mexican troops and cavalry, sweeping through the country like a whirlwind.

The rurales will aim to clear up things as they go and be on hand and ready to co-operate with the sea forces by the time they have arrived before the city of Guatemala. The artillery and other heavy guns will be shipped by sea and, as the Guatemalans will probably do all their power to prevent a landing of the artillery mounted on the Mexican ships and that designed for besieging service will be immediately brought into play. In this event, as there are several good landing places along the Guatemalan coast, there will be no difficulty in eluding the opposition should it be shown at the regular harbor.

The Guatemalan forces are altogether too small to put up a good fight at more than one or two points, and Mexico will probably have little trouble in gaining the city. The Guatemalan forces will be too small to put up a good fight at more than one or two points, and Mexico will probably have little trouble in gaining the city. The Guatemalan forces will be too small to put up a good fight at more than one or two points, and Mexico will probably have little trouble in gaining the city.

TAYLOR'S WHEREABOUTS.

South Dakota's Defaulting Treasurer Said to Be Located.

CRAWFORDVILLE, Ind., Jan. 25.—Relative to the whereabouts of W. W. Taylor, the defaulting state treasurer of South Dakota, John G. Overton, one of the best known citizens in this town, who claims to know exactly Taylor's location, said this morning:

"Yes, sir, I know where Taylor is, I'm not telling. I'm after that \$2000 reward, and I'm sure of it. I know where Taylor is and I know he can't get away. To tell the truth, he is dangerously sick and cannot even be moved at present. I learned his whereabouts by the merest accident, and immediately notified the governor of South Dakota, the attorney general, the sheriff at Redfield and several of his bodymen.

"I was Sunday, and I heard from them all before night. They assured me of the \$2000 reward if I located him. Yesterday afternoon I received word from the sheriff that a United States marshal was on the way here. We will have Taylor in custody in less than forty-eight hours and no mistake. Of course I would be a fool to let his whereabouts be known but I will say that he is with a relative."

It may be conjectured that Overton has located Taylor to his own satisfaction, at Alamo, off the railroad and in a wild part of this county.

Paris, Jan. 25.—The betrothal of Mile. Lucie Faure, daughter of the president of France, to M. Paul Deschanel, member of the chamber of deputies, is announced. M. Paul Deschanel is the son of M. Emile Deschanel, the eminent professor. He is a Republican, the author of a number of political and literary works and is now attached to the staff of the Journal des Debats.

Severe Storm Expected. The weather bureau report of this morning shows the experience in Arkansas of a severe storm which will probably move north-east, causing heavy snow there, the Ohio valley and lake regions, and dangerous gales on the lakes, seriously interfering with railroad travel in those regions tonight and Saturday.

Ribot Will Try It. PARIS, Jan. 25.—President Faure has summoned M. Ribot to form a cabinet and the latter has accepted the task. He is now consulting with his friends. The wife of M. Ribot was formerly Miss Minnie Ribot of Chicago. Since the fall of M. Ribot's ministry, under the late President Carnot, he has occupied a rather obscure place in politics.

How About This? CONSTANTINOPLE, Jan. 25.—The Turkish newspapers print a letter addressed to the Sultan by the Armenian clergy and notabilities of Adrianople, thanking him for the benefits enjoyed by his Armenian subjects. The letter also reproaches the "conduct of certain insensate Armenians who are endeavoring to disturb order by promoting intrigues in the provinces of Asia Minor."

Dyspepsia seldom causes death, but permits its victims to live on in misery. Food's assimilation becomes dyspepsia and all stomach troubles.

A VERY PECULIAR CASE.

Man With His Head Cut Off in Two Astonishing Seconds.

SEATTLE, Wash., Jan. 25.—Of all the peculiar and interesting cases the sawmills of Puget sound have sent to this city, none compares with that of Horatio A. Stetson, an engineer in Stetson & Post's mill, whose head was cut off in two yesterday by a tip saw.

Stetson was the engineer and also assisted his brother Leroy at times in fixing the machinery in the planing mill. By chance the mill feed belt came off and Stetson stooped under the table to fix it. He ran his head against the saw, and in less than a twinkling of an eye his head was cut across the top just in front of the ears.

The saw bent down into the brain fully three inches, the point of exit on either side of the head being on a level with the tops of the ears. Stetson crawled out from under the table and was grabbed by his brother who clapped the two pieces of his head together. The brother says that "blood and brains were coming from his head, which looked as if it were falling apart."

The wounded man was hurried to the hospital and while on his way there was possessed with a sort of mania for swinging his right arm. It could not be held. He was speechless but understood everything said to him. When he was placed on the operating table it was thought he would die before the longitudinal incision was made. He was, in fact, more alive than he had been for some time. He was, in fact, more alive than he had been for some time. He was, in fact, more alive than he had been for some time.

Towards night partial paralysis of his arm and legs set in, but he regained the power of speech and called for his mother. At that time he said he was not suffering pain. During the night he was restless, but toward dawn he took a bowl of beef tea. From this time on he became stronger, the power of motion of his legs and arms came back to him and his mind was clear. He could talk, but with difficulty. His temperature was normal and his pulse remained all day and up to 8 o'clock at night in the condition of a perfectly well man, and there was no inflammation in the wound, and at last accounts there were no indications of fever setting in.

According to the technical description of the wound, it commences on the top of the head and in entering the brain cuts the fissure of Rolando. This section of the brain is supposed to affect the power of motion, the truth of which claim is borne out by the manner in which Stetson acted on the way to the hospital.

Many physicians do not wonder at his being alive, but they are mystified at his being possessed of all his mental faculties and retaining the control of his limbs, having a good appetite and being perfectly normal in all other conditions of his body.

"WILD GOOSE BILL" DEAD.

Killed in a Row and His Assailant Fatally Wounded.

SPOKANE, Wash., Jan. 25.—News of a double fatal shooting affair at Condon's Ferry, on the Columbia river, twelve miles north of Wilbur, has just been received. William Condon, better known as "Wild Goose Bill," became involved in a dispute with a man regarding some cattle. Both men pulled their revolvers and began shooting.

"Wild Goose Bill" fell dead at the first shot and his assailant was fatally wounded, dying soon after. Condon was a pioneer, and possessed of considerable property, and was one of the most noted characters in the Northwest.

A PHILADELPHIA TRAGEDY.

William McGrath Shot His Little Daughter and Suicided.

PHILADELPHIA, Jan. 25.—William McGrath, aged 31 years, of 1225 South Thirty-sixth street, went into the cellar of his house this morning and called to his two children, Samuel, aged 6 years, and Lillian, 2 years old, who followed their father into the cellar and with a revolver shot the girl through the head, killing her instantly. McGrath then placed the weapon to his own head and sent a bullet through his brain, dying at 12 o'clock.

Had a Narrow Escape.

NEW YORK, Jan. 25.—A party of Americans under the leadership of Col. Frank G. Grayson, of Stamford, Conn., who sailed from Cartagena, on Dec. 1 for the port of Quito on the steamer Albatross, had a narrow escape from shipwreck. They sailed in the little twin screw steamship Albatross, which has a coast trade with the natives. The Albatross is now lying on a mud bank at Cartagena.

Many Chinese Killed.

YOKOHAMA, Jan. 25.—An official dispatch says that Gen. Nodzu attacked the Chinese on Jan. 17 and added: There were 8000 Chinese troops under Gen. Chang on our right wing and 6000 under Gen. Tui on our left. We found twenty Chinese were slain in battle, including two officers. The natives say that the Chinese lost over 100 men on the field.

A Matter of Life and Death.

LONDON, Jan. 25.—The Paris correspondent writes that the Panamanians upon the death of non-eligible as ministers. He says the secret is that it is a question between the Panamanians and the latter are not keen on taking office, but the Panamanians are straining nerve to exclude them. To the latter it is a matter of life and death.

Dyspepsia seldom causes death, but permits its victims to live on in misery. Food's assimilation becomes dyspepsia and all stomach troubles.

GOSSIP OF CONGRESS

Interesting Financial History Related by Secretary Carlisle to the House Ways and Means Committee.

Silver Dollars Paid Out Until There Were More Certificates Out Than Dollars in the Treasury.

That Unusual Incident Occurred at a Time When Small Currency Was at a Premium.

WASHINGTON, Jan. 25.—An interesting fragment of financial history is found in the report of Secretary Carlisle's recent appearance before the ways and means committee, which has been made public. Mr. Sibley, Pennsylvania, in the course of an informal discussion, said to the secretary: "In your reply to the senate resolution asking why the treasury had refused to give silver in exchange for gold, you replied to the effect that you had no free silver. Has the silver accumulated since that time?"

"I do not remember the date of the reply," replied the secretary. "That was Aug. 17, 1893," said Mr. Sibley.

"In the summer of 1893," Secretary Carlisle explained, "by an oversight of the assistant treasurer, the United States silver dollars were paid out to meet the extraordinary demand which then existed for small currency to such an extent that we had, in fact, more silver certificates outstanding than we had silver dollars in the treasury. When I discovered the fact it was stopped, of course, and the ten sub-treasurers were scattered throughout the country and, not being in communication with each other, when the people should be stopped, they continued to pay out the small currency, until it was discovered that they had done so to such an extent that the treasury was out of silver dollars to the amount of between \$500,000 and \$700,000, had no silver left behind them. That was at a time, when small currency was at a premium."

At another point in the discussion, the secretary having said that it had been his experience that the kind of money paid out to the officers of the United States courts, More or less scattering efforts have been made in years past by both houses to do away with the system of compensating district attorneys, marshals, clerks and commissioners by fees which places a bounty on prosecutions, and a tendency to have a good many reduce and limit fees for some time.

Several attorney generals, including Brewster, Miller and Olney have recommended to Congress that the court officials be paid on a salary basis and several reports have been made to the same effect by congressional committees. The committee on the judiciary is thoroughly aroused on the question. There is a bill on the calendar of the house to pay the officials by salaries and prominent members of the committee, among them Representatives Stone and Wolcott, of Pennsylvania, and Grover, of Ohio, are enlisted in the movement. They say if nothing is done by this congress they intend to bring the question before the Fifty-fourth congress.

While the limit of compensation fixed by law is \$6000 for marshals and district attorneys and \$3000 for clerks, Attorney General Olney has been endeavoring to close the numerous loopholes in the law made by decisions of controllers, it is possible for clerks to obtain as much as \$10,000 a year, while district attorneys sometimes attain the \$20,000 mark. In the bill of the house calendar the salaries of marshals and district attorneys are fixed at \$4000 and the salaries of clerks are to be adjudicated by the attorney general, but not to exceed that sum. Attorney General Olney has said that the bill, if enacted, would accomplish a great saving to the government.

ANOTHER TRAIN ROBBERY.

The Sale of the Express Car Opened and About \$25,000 Taken.

PINE BLUFF, Ark., Jan. 25.—The south-bound Cotton Belt train was held up and robbed by two masked men near McNeil last night.

After an ineffectual attempt to open the safe in the express car, the bandits compelled the messenger to assist them. The amount taken from the safe is estimated at \$25,000. The watch and chain taken from Conductor Harris were returned to him upon his assurance that they belonged to him individually.

It is thought that members of the Cook gang No. 2, who were implicated in the recent train robbery near Ogemaw, Ark., and released for want of proof, are the men who did the job. They remarked when leaving the office: "You have the laugh on us this time, but we will come again," and it seems they made good their threat.

The passengers were not molested nor was any one hurt by the bandits.

"Mothers' Friend"

MAKES BILTH BIRTH COLVIN, La., Dec. 2, 1894.—My wife used "MOTHERS' FRIEND" before her third confinement, and says she would not be without it for hundreds of dollars.—DORR MILLER.

PASSENGER TIME TABLE.

Daily except Sunday. A. H. VIELK, General Passenger Agent.

AN ORDINANCE

To establish the office of electric inspector for the city of Duluth, to regulate and define the duties of such office and to establish rules and regulations concerning electrical wiring and appliances.

The Common Council of the City of Duluth do Ordain:

Section 1. The chief engineer of the fire department is hereby made the chief electric inspector for the city of Duluth, and he shall have the duty of inspecting and regulating the electrical wiring and appliances in all buildings in said city so as to prevent fire, accident or injury to persons or property and to cause all electrical appliances to be so placed, constructed and guarded, as not to cause fire or accident or damage to life or property; and whenever in the judgment of said electric inspector any electrical wire or appliance shall be defective by reason of improper or insufficient insulation or for any other cause, the immediate removal of such defect.

Section 2. The said electric inspector, or other competent person designated by him, shall have the right at any time to enter any building, house or place, in the discharge of his official duties or for the purpose of making any tests of the electrical apparatus or appliances therein contained. And for that purpose he shall be given prompt access to all buildings, public and private, and to all manholes and subways, on application to the company or individual owner, or to its or his charge or control of the same.

Section 3. The said electric inspector, or other competent person designated by him, shall have the power to cause the removal of all wires or the turning off of all currents, where the same interfere with the work of the fire department.

Section 4. The said electric inspector or competent person designated by him shall have the power to cause the removal of all wires or the turning off of all currents, where the same interfere with the work of the fire department.

Section 5. No alteration or change shall be made in the wiring of any building, nor shall any building be wired for the placing of electrical motors or heating devices, without first securing from the said electric inspector or competent person designated by him, a permit therefor, and securing a permit therefor.

Section 6. Any person violating any provision of this ordinance shall be liable to a fine of not more than one hundred (100) dollars, or be imprisoned not exceeding ninety (90) days.

Section 7. This ordinance shall take effect and be in force from and after its passage and publication.

Passed Jan. 23, 1895.

BENJAMIN F. HOWARD, President of the Council.

Approved, Mayor.

Attest: C. E. RICHARDSON, City Clerk.

[Corporate Seal]

AN ORDINANCE

To amend an ordinance entitled "Building ordinance and building inspection."

The Common Council of the City of Duluth do Ordain:

Section 1. That section of the ordinance of the City of Duluth entitled "Building ordinance and building inspection," passed May 15th, 1894, be amended so that it shall read as follows: "The words 'and the fee charged therefor' wherever said words occur shall be deleted and the words 'and the fee charged therefor' shall be inserted in their place."

Section 2. This ordinance shall take effect and be in force from and after its passage and publication.

Passed Jan. 23, 1895.

BENJAMIN F. HOWARD, President.

Approved, Mayor.

Attest: C. E. RICHARDSON, City Clerk.

[Corporate Seal]

AN ORDINANCE

To license and regulate all keepers of intelligence and employment offices for men or women as well as all persons doing the business of seeking employment for men or women, or for furnishing male employees for others in the city of Duluth.

The Common Council of the City of Duluth do Ordain:

Section 1. No person shall engage in the business of keeping an intelligence or employment office for men or women, or for furnishing male employees for others, shall make application in writing to the common council of the city of Duluth, designating the place where such business is to be carried on and the name of the person keeping such application. Such application shall be accompanied by a certificate signed by the city of Duluth, stating that they are acquainted with said applicant and that he is a fit and proper person to engage in said business, and shall accompany his application with a bond in the sum of one thousand (1000) dollars, with at least two sureties conditioned for the payment of any damages which any person secured or obtained by reason of any unauthorized act, fraud or misrepresentation on the part of said applicant, in the securing of employment.

Section 2. Any person desiring to engage in the business of keeping an intelligence or employment office for men or women, or for furnishing male employees for others, shall make application in writing to the common council of the city of Duluth, designating the place where such business is to be carried on and the name of the person keeping such application. Such application shall be accompanied by a certificate signed by the city of Duluth, stating that they are acquainted with said applicant and that he is a fit and proper person to engage in said business, and shall accompany his application with a bond in the sum of one thousand (1000) dollars, with at least two sureties conditioned for the payment of any damages which any person secured or obtained by reason of any unauthorized act, fraud or misrepresentation on the part of said applicant, in the securing of employment.

Section 3. Any person hired or engaged to work for others by one so licensed as aforesaid, who shall fail to get employment according to the terms of said contract, or who shall be discharged by reason of any unauthorized act, fraud or misrepresentation on the part of such person, may bring an action upon the bond hereinbefore provided for, and may recover in said action against the principal and sureties, the full amount of his damages sustained by reason of said unauthorized act, fraud and misrepresentation, together with the costs and disbursements of said action.

Section 4. Every person licensed under the provisions of this ordinance shall keep in this office or place of business, a book in which shall be entered in consecutive chronological order in writing, in the English language, the names of all persons who are hired or engaged to work for others by one so licensed as aforesaid, the term or duration of employment, the place where such service is to be performed, the price or wages to be paid therefor, the number of employees that such licensee is authorized to hire or employ, for each person, and the time when said licensee was paid, and the time when said person will expire. Said contract shall be signed and countersigned by the said licensee and the person for whom such licensee hires or engages any person.

Section 5. Whenever such licensee hires employees or furnishes an employee pursuant to any such contract, he shall enter in such book the name of the person so hired or engaged, the date of his hiring, the time when said person will expire, the term of such employment, the kind of service, where such services are to be performed, the wages to be paid therefor and for whom employed.

The books and records provided for to be kept, shall at all reasonable times be open to the inspection of the chief of police or any member of the police force and to all other persons interested.

It shall be the duty of such licensee to furnish to each and every person so hired or employed at the time of said employment, a certified copy of said contract, and record signed by such licensee

New!

We Are a New House!
Our Stock is Entirely New!
Our Prices Are Also New!

Can you not see the great amount of good we can do you? We have no old, bad accounts to charge into our profits, which increases the cost of the goods to you, neither have we any old, hard stock to work off on you. And last, but not least, our goods cost us from 15 per cent to 25 per cent less, having been bought within the past six months, as the duty has decreased that much since September 1st, 1894, and nearly all the stocks of Crockery owned in Duluth are from four to six years old.

F. A. Parker Company,
28 West Superior Street.

LOW RATES TO RULE.

Monster Craft Revolutionizing the Trade of the Great Lakes.

Referring to the fact that three 400-foot freighters are now under contract for the lake trade a vessel owner said the other day: "With the advent and multiplication of steamers carrying anywhere from 3500 to 5500 gross tons those carrying from 1000 to 2500 tons must soon hold the same relative position that the old style Welland canal schooners did when compared with schooners whose carrying capacity ranged from 10,000 to 60,000 bushels, and this of necessity must in turn cause everything carrying from 1500 tons downward to be put into the mosquito fleet grade, and those of smaller size still into the ranks of the hookers and punts."

But the introduction of vessels of monster carrying capacity will have an influence far more important than that of changing grades. Its effect will be to place freight rates upon a very low basis and hold them there for all time to come. Regarding this matter the Cleveland Leader had this to say in a recent issue:

"Three good steamers of the wooden type will not be able to move as much freight in a season as a monster craft capable of carrying 5500 or 6000 tons at the rate of thirteen or fourteen miles an hour. Steamships 410 feet long mean that freight rates on the great lakes will become lower and lower, because the cost of transportation will be cut down. The big boats will make the rates, and the smaller and older vessels must do as well as they can to meet them. That is how the money spent by the national government in the improvement of lake channels will come back to the people. Every dollar so expended will tend to insure the cheapest possible transportation rates on routes over which enormous quantities of freight will always be moved. The investment has been a good one, and it will pay for all time to come. Great as the past and present of lake trade have been the future will make all that has yet been done seem small and of little account by contrast."

BUY A FARM!

20,000 acres of Fine Farming Land for sale at \$10.00 per acre. 10 per cent cash, balance in 10 year payments; 10 per cent each year.

10 East Michigan Street, Duluth, Minn.

GREAT TIME FOR SHRINERS.

Legislators to be Taken Across the Burning Sands of the Desert.

As is the usual custom, there will be one or two legislative sessions of Osman temple of the Mystic Shrine at St. Paul, and Potentate Hugo, of Duluth, has decided upon Feb. 13 as the date for the first grand Bedouin gathering of the new year. On that date there will be a great many unregenerated heathen conducted across the burning sands of the desert to Mecca, and among them will be many of state fame.

The legislature contains a large number of Shriners, and also a larger number of those entitled to receive the imposing Arabic degrees, and so much hustling has been done since the first of the year that the class of novices promises to be unusually large. On that occasion the new ritual will be used and that will have the additional effect of bringing together Shriners from all over the state.

The People's Concert.

The second of the Bethel People's concerts was given last evening under the direction of Miss Margaret McDonald. The Cathedral quartet, consisting of Miss McDonald, Miss Donovan, Franz Schultz and J. D. Sattler, sang, Miss Lynn played and Miss Zella Hurd recited. Miss Julia Donovan sang "O Mio Fernando" by Donizetti. Miss McDonald gave the "Grassies" from La Hasche's mass, Franz Schultz, "At Sea," by Sirelski, and J. D. Sattler Schubert's "Serenade." Miss Donovan and Mr. Schultz sang Jordan's "Love's Reward." Miss Lynn played "Cachouca Caprice" by Raff. The Cathedral quartet sang two more numbers. Miss Mae Bondy recited two selections and was received with marked favor.

Deleted the Superior.

The V. M. C. A. polo team defeated the Superior club last night by a score of 2 to 0 in a warmly contested game. The first goal was scored after twenty minutes' play and the second in two minutes more. The ice was good and the attendance fair.

Found for the Company.

In the damage case of Roch Walczak against the Duluth Street railway for \$500, the jury found for the defendant yesterday. He claimed to have fallen into a coal pit while changing cars at the power house and sustained injuries amounting to \$170. He wanted \$30 more for loss of time.

NO MARKET FOR LABOR

Employment Agencies Report That There Are Many Idle Men and No Places For Them.

Lumber Camps Around Duluth Are Full and No Relief Can Be Obtained From That Source.

Employment Shanks Are in Evidence Just the Same, Taking the Last Dollar of Destitute Men.

The employment agencies report a very poor condition in the labor market. Labor is going for almost nothing, for anything it can get, and it goes begging in vain in many cases at that. Strong, able-bodied men, willing able and anxious to work, with at least one and often half a dozen mouths dependent on their work for food, are forced into idleness while their children ask for bread which sometimes comes and most always does not come.

In short there is destitution in the city, which, while it is not so serious as it was last winter, is still a stern and unavoidable problem. The only work which yields any hope at all just at present is the work in the woods, and that will not support any more than it does now. All the camps within forty or fifty miles of Duluth are full to their utmost capacity, and never a day passes that many a hungry searcher after occupation for his muscles is not fed at each of these places.

"We have some few orders for men in the woods," said one of the employment agents this morning, "but they are of no use to us or to the men because of the distance from Duluth of these opportunities. The town has many idle men, but they cannot get to these jobs without money for railroad fare, and when most of them lack means for a meal they could not get a winter's job by doing so."

"This work is mostly in Michigan, Wisconsin and distant points on the Duluth & Winnipeg and the Mesaba range, and it is scarce even there. We have absolutely no work for the men in attainable distances. I could send thirty men out today if they could pay their fares. But

"Is there destitution among these men?" was asked.

"Yes, there is. A great deal more than the general public is aware of. A day does not pass that from one to a dozen men do not apply for the price of a meal. These are mostly single men. You can imagine the conditions among those who have families."

"I was out in the woods last week on business, and in the short distance I was walking on the road looking vainly for work. The woods near Duluth are full of them. They walk from camp to camp, begging for work, and even for their board. There are so many that nothing can be done for them, and the best that can be done is to give them a meal and send them along to the next camp."

And even among such conditions as these the employment shark, the most mean and contemptible of the race of human sharks, is as much in evidence as ever. Some time ago one agent sent fifty-six men to the range for grading work on the Iron Range road. There has been some little work there, and quite a number of men, were given employment, but there are still a great many men for every job, and to send them men up there, bleeding them first of perhaps their last dollar, was to subject them only to disappointment.

The Iron Range officials were incensed at this action, and had they known of it before the train left, the men would not have gone. This morning eight men walked in from there and said they had been there for ten days, and not only had they been unable to get work, but there was no chance for more.

Yet an agent, the same one that sent the fifty-six men up, was this morning asking for twenty men to go to the range for railroad work.

In Old Times People overlooked the importance of permanently beneficial effects and were satisfied with transient action; but now that it is generally known that Syrup of Figs will permanently cure habitual constipation, well-informed people will not buy other laxatives, which act for a time, but finally injure the system.

Sued on Endorsed Notes. The General Electric company, of Schenectady, N. Y., has sued O. H. Simonds and R. S. Munger for \$15,488 in the United States circuit court. The claim is made on notes given by the Fond du Lac Light, Power and Railway company and endorsed by defendants. The first was for \$10,000 and was given in September, 1893, and five others for small amounts were given later.

When Baby was sick, we gave her Castoria. When she was a Child, she cried for Castoria. When she became Miss, she clung to Castoria. When she had Children, she gave them Castoria.

A Correction. A certain laundry has been representing themselves as having bought Lutes' laundry. We want it understood that we have not sold out, neither do we intend to do so. Do not be fooled into giving them your work, but be sure it is our driver before giving him your bundle.

Lutes' Laundry, 815 East Second street. Telephone 417. Duluth, Minn., Jan. 14, 1895.

The copartnership heretofore existing between W. W. McMillan, William Harwood and E. L. Hemmaway, dealers in engines, boilers, machinery and supplies, under the firm name of W. W. McMillan & Co., at 215 West Michigan street, Duluth, Minn., is this day dissolved by mutual consent of the partners.

MRS. WM. P. ROBBINS.

The Smartest Woman of Her Age in Michigan---Why She Works.

Old age is the most delightful time of life if one is well.

Eyesight may not be as strong, hearing may become a little harder, the step may not be so elastic—but with only such "infirmities" as these, the man or woman who is living the last twenty years of life ought to be, and generally is, as full of sunshine as the children in the family.

It is only when the nervous system has become unduly impaired, when rheumatism and neuralgia trouble one, and the system shows its inability to recover from extra exertion, to overcome a slight cold, or to ward off disease—it is only in that condition that the elderly person finds advancing years a burden.

For such people there is nothing in the world so certainly good as Paine's celery compound, a remedy upon which thousands of good old folks in every part of the country have showered their blessings. Paine's celery compound is food for the weakened nerves and thin blood. It means new life to the aged.

Here is what William P. Robbins, of Springfield, Mich., writes of himself and estimable wife, whose portrait being the case reflecting on Mr. Culver's professional integrity or otherwise.

"My wife has taken four bottles of

Paine's celery compound with very beneficial results. It has had such an effect on her that her neighbors say that she is the smartest old lady of her age that they ever were acquainted with. She is upwards of 70 years old and is doing more work than any ordinary woman within miles of here. She is doing her housework, making upwards of 100 pounds of butter a month, and taking care of the milk of four cows, and she attributes her ability to do this to the use of Paine's celery compound.

"She has suffered for fifteen or twenty years from female weakness and the compound has cured her."

"As far as I am concerned I think that Paine's celery compound must have renewed me, as I am managing my farm of 160 acres this year, doing my own chores, taking care of horses and cattle and hogs and fowls, after three attacks of paralysis within the last sixteen years. I have taken the compound when I felt any symptoms of paralysis returning, and it has warded off the disease and kept me well."

There is the case in a nutshell; Paine's celery compound makes and keeps aged people well. It should be tried.

STRIKES FROM THE RECORD.

Unfounded Reflections on Mr. Culver and Mr. Graff Corrected.

In The Herald of Jan. 23 the report of the Burke case made a reference to Mr. Culver, one of the counsel therein, which should be corrected. The findings, prepared by Mr. Burke, were voluminous, and signed by Judge Moer inadvertently and by mistake, so far as any reflection on Mr. Culver or Mr. Graff was concerned, and the judge has ordered the same expunged from the record, stating there is not a scintilla of evidence in the case reflecting on Mr. Culver's professional integrity or otherwise.

"The Ideal Church." Read about it in tomorrow's Duluth Press.

Grocery Company Meeting. The annual meeting of the Duluth Cash Grocery company was held yesterday afternoon and the following officers were elected for the year: H. E. Barnes, president; F. H. Martin, vice president; C. B. Russell, secretary and treasurer; Fred H. Russell, manager. The reports of business were good and an aggressive and pushing method for the year was decided upon.

"Fourth alley, from Twenty-third to Twenty-fifth avenues, needs a sewer. Take Broom Corn alley. It now costs \$150 a year to keep that clean of refuse and garbage. At that rate, we could soon save the cost of a sewer. Then there is quite a little other work. Oh, I think some recommendations can be made to the council that will result in opening up employment to a good many hungry men and work that the city really needs to have done, too."

"Should the judiciary be Taken out of Politics?" Read tomorrow's Duluth Press.

Fresh Air and Exercise. Get all that's possible of both, if in need of fresh strength and nerve force. There's need, too, of plenty of fat-food.

Scott's Emulsion of Cod Liver Oil builds up flesh and strength quicker than any other preparation known to science.

Scott's Emulsion is constantly effecting Cures of Consumption, Bronchitis and kindred diseases where other methods fail.

What is

CASTORIA

Castoria is Dr. Samuel Pitcher's prescription for Infants and Children. It contains neither Opium, Morphine nor other Narcotic substance. It is a harmless substitute for Paregoric, Drops, Soothing Syrup, and Castor Oil. It is Pleasant. Its guarantee is thirty years' use by Millions of Mothers. Castoria is the Children's Panacea—the Mother's Friend.

Castoria.

"Castoria is so well adapted to children that I recommend it as superior to any prescription known to me." H. A. Archard, M. D., 111 So. Oxford St., Brooklyn, N. Y.

"The use of 'Castoria' is so universal and its merits so well known that it seems a work of supererogation to endorse it. Few are the intelligent families who do not keep Castoria within easy reach."

CARLOS MARTIN, D. D., New York City.

Castoria.

Castoria cures Colic, Constipation, Sour Stomach, Diarrhoea, Eruption, Itch, Worms, gives sleep, and promotes digestion. Without injurious medication.

"For several years I have recommended your 'Castoria,' and shall always continue to do so as it has invariably produced beneficial results."

EDWIN F. FARDEE, M. D., 1212 Third Street and 7th Ave., New York City.

Hon. Joseph M. Weiss and Mrs. Weiss returned to Detroit today.

J. S. Lane, merchant tailor, removed to 328 Superior street, Hotel St. Louis.

POLITICAL MATTERS.

W. G. Ten Brook is an Independent Candidate for Comptroller and is Developing Great Strength.

All Certificates of Nomination and Petitions Must be Filed Tomorrow—Republicans Are All In.

C. M. Thomas is Announced as an Independent Candidate for Alderman in the Seventh Ward.

W. G. Ten Brook is on the track as an independent candidate for comptroller larger than life. The encouragement he is receiving is almost marvelous. He is kept busy greeting callers and nearly everyone, regardless of party or faction, is promising him a hearty support.

His petition as an independent candidate will be filed today. It has been no trouble to secure signers. In fact, many have asked the privilege of putting their names on it and they are among the best men financially, morally, intellectually, socially and politically in the city.

Mr. Ten Brook feels confident of reelection and the assertions of some of his factious friends that the handwriting on the wall indicates that he will be a "La Vaque No. 2" only incites a smile of pity and disbelief.

A. N. Hopkins, the regular Republican nominee and candidate for Mr. Ten Brook's shoes, was a caller at the city hall this morning. He is an agreeable, pleasant-spoken gentleman of good physique and appearance. He wears grey chin whiskers and has the appearance of a man who knows honest toil and is not afraid of it. To a Herald reporter he said:

"I was born in Livingston county, Michigan, in 1830, hence am 56 years old. Most of my life, until the war opened, was spent at Vermontville, Eaton county, Michigan. I learned the trade of stationary engineer and when the war broke out enlisted in the Second Michigan cavalry. I served through the war and remained at my old home until 1879, when I located in the Red River valley near Crookston, Minn. I followed farming with the exception of four years which were spent in the sheriff's office at Crookston, until 1887, when I came to Duluth and took a position in the weighing department of the state grain inspector's office. I have been in that position up to the present time."

All of the republican nominees for city offices, 13 in number, have filed their certificates of nomination with the city clerk. It is expected that a number of independent candidates for aldermen will file either today or tomorrow. Alderman Evans expects an independent candidate to oppose him in the Second ward and hopes that such will be the case.

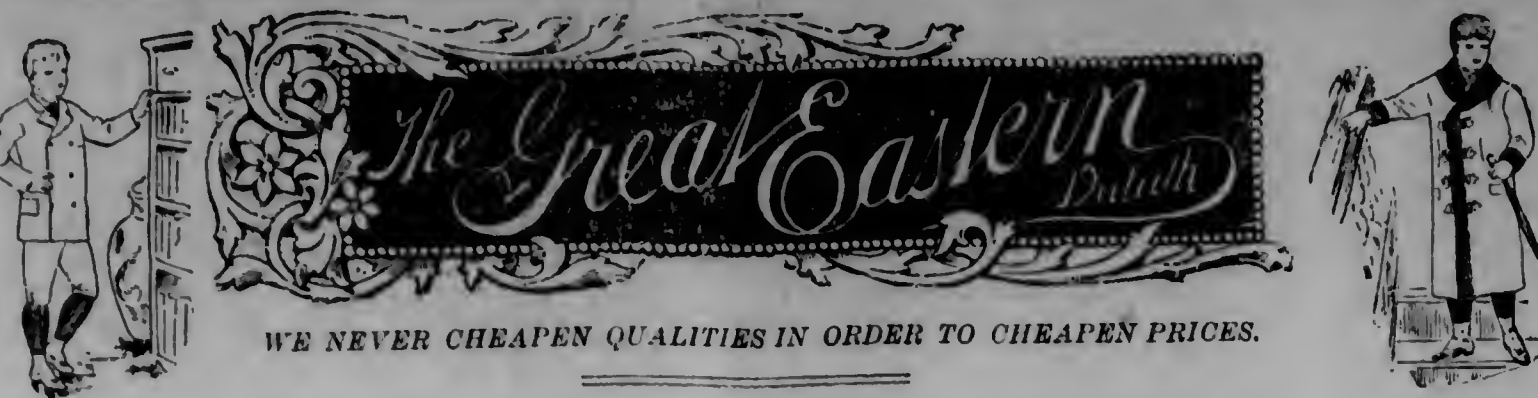

He has no idea though who it will be. The fourth warders are yet all at sea, but they will undoubtedly get together tonight or tomorrow and pick out some one to oppose Alderman Christensen.

Robert C. Kennedy is right on the war path in the Seventh ward and Alderman French, the boys say, will have to gird up his loins and battle or else the ex-alderman will get the lead.

The Populists, Democrats, anti-water-works-purchase fellows and dissatisfied Republicans in the Sixth ward have combined on Paul C. Liden to oppose J. W. Nelson.

Alderman Cox gives it as his opinion that Nelson will be elected by a larger majority than ever before.

C. M. Thomas will come out as an independent candidate in the Seventh ward against Robert C. Kennedy and Alderman French. Mr. Thomas is a street railway conductor and is a solid, able man, possessed of an unusual fund of good hard common sense and any amount of integrity.

Limitation Partnership Sale....

Settling Partners' Interests in a \$200,000.00 Stock.

Pointed and Positive!

Special Bargains for Tomorrow, Saturday.

SO varied and comprehensive that they appeal universally. Plain, clear, direct, simple facts. TAXES ON MINES

Bill Introduced in the House Today For a Constitutional Amendment Regarding Taxing Mining Property.

The Object Is To Fix Taxation Free From Being Tapered With By the Legislature.

Governor Nelson Will Resign At the End of This Month, and Clough Will Succeed.

Before Quitting Office, Nelson Will Appoint a Railroad and Warehouse Commissioner To Succeed Becker.

ST. PAUL, Jan. 26.—After the house opened for business this morning, Mr. Niemman, of Benton county, presented a petition from A. Le Bonte, of Benton county, for relief to the extent of \$1000 for injuries received in the Indian wars. It was referred to the committee on claims.

The judiciary committee reported five bills adversely and five favorably. The latter were Staples' anti-cigarette bill, Johns' amendment of the statutes of 1878, J. D. Jones' bill amending the laws re-

ed, in lieu of other taxation on mining property, a specific tax upon the product of all mines in this state, but no such tax shall be construed to prevent the taxation by law of any real estate belonging to the owners of such mine not used in the business of mining or in connection therewith.

The proposed amendment is to be submitted to a vote at the next general election. The object of the bill is to have the provision for the taxation of these mines fixed in the constitution where it cannot be tampered with by the legislature, except after a three-fourths vote of the people of the state. By this means the mining companies would be free from all tampering with their taxation and could rest easy.

The tax on their wild lands would amount to little or nothing, as the lands are supposed to have no particular value until they are developed. As the matter stands at present, the tax may be increased at any session, and the companies evidently prefer to deal with the state board of equalization rather than the legislature.

TO RESIGN NEXT WEEK.

Dave Clough Will Become Governor on Next Friday.

ST. PAUL, Jan. 26.—Governor Nelson this morning said he would resign the last day of the present month and Governor Clough will take charge of the office on Feb. 1, Senator Frank Day then becoming lieutenant governor.

Before resigning Governor Nelson will appoint a successor to Gen. Becker on the railroad and warehouse commission.

CONGRATULATIONS TO NELSON.

Expressions of Good Will From Mayor Lewis and Other Duluthians.

ST. PAUL, Jan. 26.—The congratulatory telegrams received by Senator-elect

SERIOUS DELAY.

The Hayward Murder Trial Received a Set-back Owing to One Accepted Juror Being Excused.

It Was Found that He Had Decided Opinions in Opposition to Inflicting Capital Punishment.

J. W. Bone, a Burlington Yardmaster at St. Paul, Killed by Being Crushed Between Two Cars.

Halford Erickson, of Superior, Has Been Selected by Governor Upham for Wisconsin's Labor Commissioner.

MINNEAPOLIS, Jan. 26.—The jury in the Hayward murder trial, which has been growing slowly but steadily during the week, received a serious setback this morning by the successful challenge interposed by the state against Juror Ira Newell, the first man who was sworn on the jury. This reduced the number of accepted jurors to eight when the work of examining veniremen was resumed. The challenge was the result of interviews published in the Times going to show that Newell had strong ideas on

age and lived at 32 Hoffman avenue. He leaves a widow and one child.

A St. Paul Blaze.
ST. PAUL, Jan. 26.—The Virginia flats on Central avenue were damaged to the extent of \$1500 by fire last evening. The fire was discovered in the basement by the janitor about 9 o'clock and an alarm turned in. The blaze was confined to the basement, but the rooms above were somewhat damaged by smoke.

Died From La Grippe.
BALDWIN, Wis., Jan. 26.—J. L. Anderson, aged 72 years, died last night at Woodville from the effects of la grippe, contracted three years ago. Deceased was one of the earliest settlers in the county and built the first sawmill in the county.

Murder at Ashland.
ASHLAND, Wis., Jan. 26.—Yesterday Charles Little and Charles Lee quarreled over a game of cards in the Norway house, resulting in Little shooting Lee down in his tracks. Little fled and has not been captured. Lee cannot recover.

The G. A. R. Encampment.
ST. PAUL, Jan. 26.—Commander-in-Chief Lawler, of the G. A. R., will be present at the state encampment in this city, Feb. 27-28. The candidates for department commander are Senator Vice Commander Reed, ex-Adj.-Gen. Mullen and Judge Torrence, of Minneapolis.

Erickson for Labor Commissioner.
ST. PAUL, Jan. 26.—A special to the Dispatch from Madison, Wis., says: The appointment of Halford Erickson, ex-register of deeds at West Superior, to succeed Jere Dobbs as labor commissioner has been decided upon by Governor Upham.

Noted Jurist Dead.
CINCINNATI, Jan. 26.—Judge Alfred Vaple, one of the most noted jurists and authors of law books in Ohio, died today aged 65.

READY FOR WAR.

President Diaz Says Mexico Will Try to Avoid a Conflict With the Guatemala Government.

If War Must Result, Mexico Will Confront the Situation With True Faith and Energy.

Another Conference of President Diaz and Minister Mariscal With the Cabinet to Occur Monday.

The Lands that Are in Dispute Are Covered With Dense Forests of Precious Woods.

CITY OF MEXICO, Jan. 26.—President Diaz and Foreign Minister Mariscal had a long conference over the Guatemala matter. The reply of Guatemala to the demand of Mexico, received yesterday at the national palace, was read and considered in many of its bearings. Another conference will probably be held next Monday at which the entire cabinet would be asked to the president. When interviewed, neither President Diaz nor the minister would give any information. As to the various reports published by the press on the president's speech, President Diaz dictated the following to a reporter:

"The government appreciates this manifestation, it being one of the results of the vehement and inexact phases in which the press has presented the question of the day. I comply with a duty in stating that, although it is true that the government is sustaining a serious and delicate controversy of a diplomatic nature, which if not handled with correct, logical and honorable means may conduce to a war; although it is also true that we are not yet on the verge of war because honor, good faith and logic constitute the program of the government, and because it has no right to attribute any other course to its adversary, the government believes, and has practically demonstrated that belief for several years, that the greatest blessing we can offer to our country is the present period of re-construction and happy and visible development of peace, and declares that it will only allow it to be interrupted when an unjust and malicious aggressor insists upon infringing upon its well established rights and assailing the national honor and decorum.

"In such an event, which I hope will not be realized, the government will confront the situation with true faith and energy, inspired by its duty and its right. The government accepts, holds in esteem and will use with economy what you so patriotically offer. We soldiers of the generation now passing away feel our blood tingle when we think that we may be able to baptize in a war every way just on our part the generation coming on, in whose hands we are going to leave our country and its fate."

THE LANDS IN DISPUTE.
Covered With Dense Forests of Precious Woods.

SAN FRANCISCO, Jan. 26.—The land involved in dispute between Mexico and Guatemala is covered for the most part with dense forests of precious woods. Mexican choppers from the north and Guatemalan choppers from the south have slashed in the heart of the forest that fringes the banks of the rivers Usumacinto and Lacantun and their tributaries, and this has precipitated the conflict.

The controversy rests on the question whether the Lacantun or one of the forks of the Usumacinto constitutes the boundary between the Mexican state of Chiapas and Guatemala. The old traditional boundary was the Lacantun, but according to the treaty of 1826 the boundary was pushed to the eastward. The Guatemalans do not now accept the Usumacinto as the boundary, and companies declining to acknowledge the title of the little republic to that territory have recently invaded these regions on the left bank of the Lacantun.

Don Miguel Furco has one of the largest concessions and in June, 1892, the Guatemalan authorities ordered him to cease exploring the forests. As he denied the authority of Guatemala a company of soldiers was sent to enforce the order and capture the chief offenders. Other complications of the same sort followed, Mexico declining to allow the holders of the Guatemalan concessions to strip the forests.

An American engineer, Miles Rock, was sent out to survey the boundary. He ran a line through the forests still further west than the Lacantun and included as Guatemalan territory the country of precious woods in which the complications have arisen. According to Guatemalan claims, the lands under dispute have been Guatemalan territory for over fifty years. The Guatemalans claim Mexico's desire to extend her territory is at the bottom of the complication on Chiapas border.

WILL ACT AS PEACEMAKER.
Isaac Pusey Gray Will Have a Chance to Dis-tinguish Himself.

WASHINGTON, Jan. 26.—Isaac P. Gray, United States minister to Mexico, who has been on leave of absence in this country for six weeks, will leave for his post at the City of Mexico on Monday. He has been in consultation with Secretary Gresham and is acquainted with his wishes in the matter of bringing about a friendly and peaceable settlement of the boundary dispute between Mexico and Guatemala, and if the appeal of President Cleveland is favorably entertained Mr. Gray will probably cooperate with United States Minister Pierce Young in Guatemala in the effort to arrange a basis of settlement of the trouble.

lating to compensation of county commissioners; Staples' amendment to the law on roads and bridges, and Baston's anti-pest house outside city limits bill.

Mr. Jacobson, of the committee on legislative expenses reported against two additional pages and in favor of clerks for the judiciary, public accounts and expenditures and enrollment committees, and an assistant clerk or stenographer for the judiciary committee, and their report was adopted. Under introduction of bills the following were presented:

Mr. Cant, to legalize certain conveyances heretofore executed for married women by their attorneys in fact.

Judiciary.
Mr. Torsen, authorizing villages to sprinkle streets and assess the expense on abutting property. Municipal corporations.

Mr. Lovejoy, to regulate the employment of children, forbidding labor by children under 14 outside of their family and compelling school attendance. Labor and labor legislation.

Mr. Lee, regulating the sale of imitation butter, requiring the posting of a notice that such article is used or payment of a fine of \$50 to \$100. Public health.

Mr. Parker, proposing an amendment to section 3, article 6, of the constitution providing for a specific tax on the product of all mines in the state. Judiciary.

Mr. Littleton introduced and the house adopted a resolution to allow Budd Reeves to use this hall for this lecture on "Roots and Other Things" when it may be convenient to all concerned. Adjourned until Monday morning.

TAXING MINING PROPERTY.

Bill for a Constitutional Amendment Introduced Today.

ST. PAUL, Jan. 26.—C. A. Parker, of Washington county, introduced in the house a bill for a constitutional amendment that may be of considerable interest to the northern part of the state. It provides for the submission of a constitutional amendment to the people of the state, adding at the end of that section the following words:

"And there may be levied and collected, in lieu of other taxation on mining property, a specific tax upon the product of all mines in this state, but no such tax shall be construed to prevent the taxation by law of any real estate belonging to the owners of such mine not used in the business of mining or in connection therewith."

Nelson on the day of his election have been followed by hundreds of letters from all parts of Minnesota and Wisconsin, which re-echo the expressions of good will contained in the former.

Mayor Lewis of Duluth writes: "Everybody around Duluth seems to be pleased, and I am sure that you will continue to be as you always have been a friend of Duluth."

Among the others are O. Stenson, Duluth; M. J. Davis, Duluth; George W. St. Cloud, William P. Swift, West Superior; also a large number from Minneapolis.

Dr. Price's is the only baking powder that will make fine pastry without shortening. It's absolutely pure.

RUMORS OF A BOND ISSUE.

Fourteen and a Half Millions of Gold Taken From the Sub-Treasury.

NEW YORK, Jan. 26.—The Press today says: The clearing house committee, consisting of Bank Presidents Nash, Williams, Perkins, Baker, Sherman, Hamilton, Tappan, Simons and Cannon met last night and discussed the recent withdrawals of gold from the United States sub-treasury.

Just \$7,200,000 in gold was withdrawn from the sub-treasury yesterday, making a total of \$14,500,000 for the week a record without precedent. Of this amount \$7,700,000 goes abroad, leaving \$6,800,000 to be accounted for on no other theory than that it is to be hoarded in vaults for future development.

The directors of the National Park bank also held a meeting and the opinion was general that the government should at once issue bonds.

The rumors of a bond issue were thick everywhere. That the sub-treasury is fortifying itself against all demands for the yellow metal was shown by the big express wagons that are unloading their precious freight at the vault doors of Uncle Sam daily.

Earthquake at Helena.

HELENA, Mont., Jan. 26.—An earthquake occurred here about 5 a. m. Houses shook, windows rattled and some articles were shaken off shelves and sideboards.

the subject of capital punishment and that he had frequently stated his belief that the law should hang no man.

When court was opened, County Attorney Nye arose and said: "I desire at this time to call the attention of the court to an inadvertence on the part of the state in failing to question Juror Newell as to his beliefs on the question of capital punishment. I have tried to select impartial men to sit on this jury, and I believe the defense has. I wish at this time to interpose a challenge of implied bias in the case of Juror Newell and I submit to the court a number of affidavits going to justify the challenge."

Judge Smith declined to receive the affidavits as competent, saying the witnesses could be summoned.

Finally Mr. Newell himself was put on the stand. He admitted that he had decided opinions, but declared that he had intended, when he took the oath, to ignore them and do his duty. After further questioning the defense admitted the challenge and Newell was excused. John Denny, a carpenter, was accepted as a juror in place of Newell. The court then adjourned until Monday morning at 10 o'clock, when the examination of veniremen will be resumed.

Every analysis and contest proves Price's cream baking powder absolutely pure.

WAS CRUSHED BY CARS.

A Yardmaster Killed at St. Paul While Making a Coupling.

ST. PAUL, Jan. 26.—J. W. Bone, yardmaster of the Chicago, Burlington & Northern, was killed at 1 o'clock this morning by being caught between two cars while making a coupling. His watch chain apparently caught while he was between the cars and held him long enough so he got crushed.

His hips and the lower part of his abdomen were badly smashed, and when Dr. Hoyt, who was sent for and went down on an engine, arrived the injured man was breathing his last.

Bone was a well-known railroad man, having been in the employ of the company for some time. He was 30 years of

BISHOP McQUAID SPEAKS.
Says All the Stories Are Concocted By a Clerical Clique.

ROCHESTER, Jan. 26.—Bishop McQuaid gave out the following statement relative to the dispatch from Rome that he has been censured by the pope for his sermon against Archbishop Ireland: "All these stories are manufactured by a clerical clique in New York and neighborhood. First, they implied bias to Rome; next, they had me deposed and now they have me scolded. I wait patiently for the next piece of news."

Dr. Price's is the foremost baking powder in all the world, because it's absolutely pure.

Confederation Favored.
ST. JOHN'S, N. F., Jan. 26.—The question of confederation is under discussion by a government caucus. The party is divided on the subject, but those opposing confederation are in a minority. The government is keeping its proposals very quiet, but it is understood that they are arranging for the reception of a delegation at Ottawa shortly.

Has Many Victims.
LIBERTY, Mo., Jan. 26.—If all the victims of Mrs. Anna I. Bellah, who have written expressing a desire to prosecute here for check swindling carry out their expressed purpose, the rest of her days will be spent in prison. Prosecuting Attorney Woodson receives from one to six letters a day from these persons.

Shot His Wife.
ST. LOUIS, Jan. 26.—In a jealous quarrel at their home at 1438 Farragut street today William Rudolph shot and fatally wounded his wife, the bullet lodging just above her heart. Her disposition to seek other male society was the cause. She was 30 years of age. Rudolph was arrested.

Double Tragedy.
LAWRENCE, Mass., Jan. 26.—Walter P. Wright and his wife were found dead in bed today. There was a bullet hole in the head of each. A revolver lay on the bed between them.

HEARD ABOUT TOWN.

How a Sturdy Little Chap Got Even With a West Duluth Street Car Conductor.

A Victim of Hard Times Who Found the Correct Way to Get His Note Renewed.

Young Lady Stenographer Whose Employer Toots Upon a Horn When He Wants to Call Her.

Some of the hardest fought battles, both physical and legal, take place on the street cars or have their origin there. The electric car seems to be a great place for the generation of humor, ill-nature and numerous other attributes of this human race. One of the best and latest incidents of street car traffic occurred a short time ago, early one morning on a West Duluth car.

There were a number of boys and girls on board for the Central high school. One of the boys was a little short chap, but he was game to the backbone, as events gave ample evidence.

"Fares, here," growled the conductor as he faced the school boy.

The youngster handed out a dime and the blue coated servant of the street car company rang up two fares and started on down the aisle.

"Here," exclaimed the boy, "I want my change."

"What change?" inquired the conductor.

"I gave you a dime. I want back a nickel."

"I've rung up two fares now," replied the conductor.

"Well, I didn't tell you to ring up two fares, and I want my nickel."

"I can't give it to you," continued the conductor. "I've rung up two fares and that ends it."

The boy insisted that he have back a nickel but the conductor would give him no satisfaction.

At last the young pilgrim up the hill of knowledge grew angry. He was a little short fellow, but he was equal to the emergency.

"Well, damn you," he exclaimed, "that nickel shant do you any good" and sitting his actions to his words, he sprang up onto the seat with his feet, grabbed the cord and before the conductor could interfere had rung up four fares.

Maybe that conductor was not mad. He almost frothed at the mouth. He grabbed the boy as if he would throw him through the window.

"I'll give you a good licking for that," he shouted.

No you won't," exclaimed several sturdy passengers, springing forward.

Seeing he was outnumbered and outnumbered, the conductor cooled down, but it is said that his hobby now is the return of the exact change when passengers hand him more than the exact fare.

When the early days of these times of financial depression first struck Duluth, The Herald printed a true story about a minister building a Duluth bank into loaning him \$1000, by saying, when told that the bank was not in a position to make him a loan that if such was the case he did not know but that it was his duty to notify some of his old parishioners, so that they might look out for their deposits.

That minister is now in the land of eternal day, but his shoes are well filled by a layman over in Superior. Said a Duluthian to a Herald man recently.

"I have a friend in West Superior who is not very flush these days. He recently had a note come due at a bank over there and had not a cent. His roommate, who was not in a condition that denoted excessive prosperity, but he was equal to the emergency. He called on one friend and secured a loan of a fine seal-skin cap. From another an expensive fur coat was borrowed, and so on, until he had the outer winter garb of a millionaire or an ice baron."

The day his paper matured, he stepped into the bank in a most lordly fashion and to the chilly magnate at the cashier's desk said:

"I have a note for \$300 due here today and I have decided to have it renewed for ninety days. Will you be

KNOWLEDGE

Brings comfort and improvement and tends to personal enjoyment when rightly used. The many, who live better than others and enjoy life more, with less expenditure, by more promptly adapting the world's best products to the needs of physical being, will attest the value to health of the pure laxative properties embraced in the remedy, Syrup of Figs. Its excellence is due to its presenting in the form most acceptable and pleasant to the taste, the refreshing and truly beneficial properties of a perfect laxative, effectually cleansing the system, dispelling colds, headaches and fevers and permanently curing constipation. It has given satisfaction to millions and met with the approval of the medical profession, because it acts on the kidneys, liver and bowels without weakening them and it is perfectly free from every objectionable substance.

Syrup of Figs is for sale by all druggists in 50 cent bottles, but it is manufactured by the California Fig Syrup Co. only, whose name is printed on every package, also the name, Syrup of Figs, and being well informed, you will not accept any substitute if offered.

IN Making Bread and Cake

the best results, the finest flavored, sweetest, lightest, and most wholesome foods, are obtained by the use of the best baking powder. The highest scientific authorities, alike with American housekeepers, agree that the ROYAL is the best.

AS the result of my tests, I find the ROYAL BAKING POWDER superior to all the others in every respect. It is entirely free from all adulteration and unwholesome impurity, and in baking it gives off a greater volume of leavening gas than any other powder. It is therefore not only the purest, but also the strongest powder with which I am acquainted.

kind enough to make out a new note so that I may sign it now, as I will be very busy the remainder of the day."

"The bank official looked him over and not wishing to offend so prosperous a looking customer without a word of dissent and with several obsequious smiles and nods granted the request."

"If that had been on this side of the bay," said Monroe Nichols, who was a listener to the story, "and the banker had called the turn on the fellow, his cap and fur coat would have been taken from him before he could have made his escape."

"Say," exclaimed a member of the press, who also is a stenographer, to a Herald reporter, "I think the meanest man in this town is a certain lawyer. Why he has not a single instinct of a gentleman. I was in his office the other day to see his stenographer when I heard something go 'Toot toot toot'."

"What's that?" I exclaimed.

"Oh, it's that horrid horn," replied the unfortunate woman who was deputed to so hard a fate as to work for the monster."

"Horn?" I asked her. "What horn?"

"Oh, old Greenback has a fish horn in there, and when he wants me he toots on that. He seems to think it's smart and smart."

"Gee whiz! but wouldn't I catch it if a brother of mine knew what I did when he was married a few months ago?" replied the young but inveterate club man the other day.

"He gave me the task of sending out a part of the wedding invitations. They were made of old paper and addressed to places I took them to the postoffice the clerk told me to send them to a fine seal-skin cap. From another an expensive fur coat was borrowed, and so on, until he had the outer winter garb of a millionaire or an ice baron."

"The day his paper matured, he stepped into the bank in a most lordly fashion and to the chilly magnate at the cashier's desk said:

IS IN GOOD CONDITION.

The Hawaiian Republic Has a Comfortable Balance in the Treasury.

WASHINGTON, Jan. 26.—Minister Thurston was seen today relative to the statement that the Hawaiian government was selling bonds in this country at 25 cents on the dollar for the purpose of influencing a feeling in favor of annexation. Mr. Thurston made the following statement:

"There is no more possibility of such a thing being done by the Hawaiian government than by the United States government. By law the Hawaiian government can borrow money for two purposes only, viz: First, to pay public savings bank deposits in case the treasury is unable to meet the demand; second, for the purpose of constructing certain public improvements, such as wharves, roads, bridges, harbors and public buildings which, together with the amount to be spent for each, are specified in the several acts authorizing the loans. So far from being in trouble concerning financial matters, the provisional government was, and the republic now is, stronger in that department than in any other. The continuous balance in the treasury has ranged from \$300,000 to \$400,000."

The Mours Incensed.

MADRID, Jan. 26.—The Correspondencia de Aspas publishes a dispatch from Tangier stating that the Moorish government has become incensed at the long stay of his visit to the capital and at the persistence with which Ernest Sator, the British minister, has urged his claims. It has been intimated to him that the terms of his visit to the capital has, according to Moorish etiquette, expired. There is no official confirmation of this news.

Ferdinand in Trouble.

LONDON, Jan. 26.—A dispatch to the Chronicle from Vienna says that the relations of Prince Ferdinand, of Bulgaria, with Austria are becoming worse and worse. Rumors are afloat that a conspiracy is in existence to depose him.

Yes, it's true. Foley's Honey and Tar Is the best cough medicine.

A RAILROAD MAN

Tells of His Speedy Relief From Stomach Trouble by the Copeland System of Treatment.

When a man, because of catarrh of the stomach, cannot retain his breakfast, he is in bad enough condition; but when the diseased organ of digestion refuses to retain any one of three meals, the condition of that man is beyond description.

But such cases are not beyond hope and help, thanks to the Copeland Medical Institute. In proof of this statement read what George T. Rich, a fireman on the Duluth, Missabe & Northern railway, who resides at 821 West Third street, has to say:

"For three years I suffered with catarrh of the head, throat and stomach. The disease was marked by pain in the head and eye and my nose was stopped up more or less. The trouble was chiefly with my stomach, however. After eating I would have distressing pains, a fullness and a bloated feeling. Then there was coughing and spitting and that nasty, disagreeable feeling in throat. I also had a sore throat a good deal. My throat was sensitive and when my throat or anything would touch it, I would be taken with vomiting."

"After vomiting up three meals a day for two weeks, my condition was critical. The engineer with whom I worked recommended the Copeland Medical Institute. On November 21 last, I called on them and commenced treatment. The first dose of medicine stopped my vomiting. I have not been troubled with that since. The bloated feeling soon disappeared, and after a month's treatment my stomach, throat and nasal trouble only, viz: First, to pay public savings bank deposits in case the treasury is unable to meet the demand; second, for the purpose of constructing certain public improvements, such as wharves, roads, bridges, harbors and public buildings which, together with the amount to be spent for each, are specified in the several acts authorizing the loans. So far from being in trouble concerning financial matters, the provisional government was, and the republic now is, stronger in that department than in any other. The continuous balance in the treasury has ranged from \$300,000 to \$400,000."

HIGH-WATER MARK.

The Weather.

U. S. WEATHER BUREAU, DULUTH, MINN.,
Jan. 25.—The storm which moved north-
ward from the Gulf of Mexico on Friday
morning over Arkansas has moved north-
ward to Lake Huron, intervening in the
lake and the lake region. These conditions
will probably continue till Monday or Tuesday.
The temperature in the Mississippi valley
and the lake region is in the 30's. In the
Mississippi and in the Canadian Northwest
the weather is fair and generally
clear.

The temperature has fallen from 10 to 25 de-
grees in the region north of Montana and from
15 to 25 degrees in Iowa, Missouri and Arkansas.
In the lake region it is in the 30's. In the
Mississippi and in the Canadian Northwest
the weather is fair and generally
clear.

With the advance southward of the area of
high pressure over the north of Montana and
the lake region, the weather will probably
continue till Monday or Tuesday.
The temperature in the Mississippi valley
and the lake region is in the 30's. In the
Mississippi and in the Canadian Northwest
the weather is fair and generally
clear.

Duluth, Jan. 25.—Forecast for Duluth and
vicinity till 10 a. m. tomorrow: Fair; de-
cidedly cooler today, tonight and Sunday; brisk
northwest wind.

Local Forecast Official,
JAMES KENNEDY.

Chicago, Jan. 25.—Forecast till 5 p. m. to-
morrow for Wisconsin: Local snow today,
fair and decidedly cooler with cold waves in
east half tonight; Sunday fair and cooler;
northwest wind. For Minnesota: Fair and
cooler tonight; Sunday fair with colder in
east half; brisk northwest wind.

Stick to the Northwest.

The experience of the West Superior
people who went to Florida several
months ago attracted by the stories of its
splendid climate and productive soil, but
who found they had been terribly de-
ceived, is naturally recalled when we
read in the New York Sun an article in
reference to the destitute condition of
Nebraska farmers, which advises them
to remove to the Southern states. The
people of the North who have gone to
the South to engage in agricultural pur-
suits have generally bitterly regretted
the move. They have found that the
stories told by the railroad land agents
and other interested people were over-
drawn, and that the picture was painted
in too bright colors. What seemed at a
distance to be a land of rare delights
proved, upon closer acquaintance, to be
the very opposite.

The Herald's Washington correspond-
ent writes that almost every train from
the South passing through that city
brings back a number of people from
the North who, allured by the rosy
pictures of life in Florida, abandoned
their comfortable homes and meandered
off to this southern peninsula to spend
the winter. It need hardly be said that
they return thoroughly disgusted with
their Southern trip. One young man
from Boston who was suffering from a
lung trouble and went to St. Augustine
to spend the winter stopped in Washing-
ton a few days ago on his return home.
He stated that the climate of Florida was
infinitely worse than that of New Eng-
land. When he left, oranges all over the
state as far south as Lake Worth were
rotting on the trees and early vegetables
were totally destroyed by the unexpected
frost.

Hitherto the West has been looked
upon as the country of uncertain weather,
but the history of the past year will show
that the Western states have fared far
better than the southeastern section of
our country so far as sudden climatic
changes are concerned. The young
Bostonian stated that in the morning in
St. Augustine the water caused by the
accumulation of moisture during the
winter would run down the rain spout
like an April shower. A nice malaria
breeder at any rate.

People who contemplate leaving their
comfortable homes in Minnesota and
other Western states for this country of
lightning weather changes would do
well to consider these facts before emi-
grating. It is true that they may be
able to keep warm without much trou-
ble, but if an entire year's labor is to
be blighted by a sudden frost it would
seem better to remain in a country where
at least such a rapid dropping of the
temperature would not work so much
injury. A person who has never passed
a year in Florida can scarcely realize
the depressing effects of some of the
days during the spring in this flowery
land. Clouds will hover close to the
earth and the moisture will be so thick
that it can almost be gathered up in the
hand. As a young lady from the West

expressed it: "On such days it is a labor
to live."

The wise man in the Northwest will
continue to fight out his future in his own
country and pay no heed to the alluring
promises of land and railroad agents of
the prosperous life to be led in this big
Southern state, which in spite of all its
resources has not now a single city as
large as St. Paul or Minneapolis, al-
though it contains one of the oldest
towns in the United States. And what is
true of Florida is true of other Southern
states. There is no finer climate in the
world than that of Minnesota, and no-
where will the conditions for making a
comfortable living be found more favor-
able than they are here.

The Bosses Are Worried.

The best answer to the attempt of the
News Tribune to deny Mr. Ten Brook's
loyalty to the Republican party is found
in the list of leading Republicans of
Duluth, whose names appear on the
petition placing him in nomination as an
independent candidate. These gentle-
men are but a small fraction of the Re-
publicans who have urged Mr. Ten Brook
to make the race and have prom-
ised their hearty support to secure his
election.

The attempt to drag national politics
into the municipal campaign and make
the election of certain men, chosen by a
political ring, a party issue, will not suc-
ceed in Duluth. The example of other
cities where such methods have prevailed
is sufficient to convince the people of this
city that they made no mistake in the
past in strenuously opposing every at-
tempt to run the municipal campaigns
upon party lines. It is this feeling that
the only plan made on behalf of the
political ring's candidates is that they
belong to one of the national parties and
should be elected for that reason. It is
an absurd plea—a dangerous principle to
introduce in the selection of municipal
officers—and no true citizen of Duluth
can afford to endorse it.

Mr. Ten Brook will be elected. This
is what worries the political bosses. This
is why their organ denounces him as a
"bolter." But Mr. Ten Brook and his
friends have no reason to feel offended
by this appellation. It is really a cer-
tificate of good standing in the Republi-
can party in this state. Senator Davis
was also in the same class not many
years ago, while Duluth is filled with Re-
publicans who are liable to that accusa-
tion. But they are not the less respected
and they are generally better Republi-
cans than those who prate about their
loyalty to the party.

The majority of these ultra-loyal party
men are "loyal" only because of the of-
fices in sight. They care nothing about
the principles of the party. It is offices
they want, and to get them they are
ready to stoop to any political immorality
that may be necessary. But their game
to obtain control of the city offices has
been effectually blocked.

Postal Savings Banks.

The lack of security afforded to de-
positors in savings banks in this state
was the subject of a communication read
at the last meeting of the chamber of
commerce, and it was suggested that
some sort of legislation should be ob-
tained to remedy the existing state of
affairs. There is no doubt that there are
too few safeguards thrown around the
management of savings banks and that
the absence of any capital stock leaves
the depositors without much security,
and yet it is difficult to see how this can
be remedied. If the savings bank should
have a capital stock the men who natu-
rally would manage them would naturally
want dividends on their investment. In
what particular then would the savings
bank differ from any other state bank?

The true solution of this question is
the establishment of postal savings
banks. Such institutions would furnish
the people with a safe place of deposit
for their savings. The whole resources
of the country would be back of the
postal savings banks, and the people
would feel assured that their savings de-
posited therein were absolutely safe from
loss. The postal savings bank system
has worked well in England and Canada.
There has been an effort to introduce
into this country, with some amend-
ments, the Canadian currency system.
Those who have taken the lead in this
matter appear to have overlooked one of
the most important features of the cur-
rency system in that country, and that is
the postal savings bank. As a plan of
relief for the government finances it is of
the greatest importance, and it should be
adopted in this country.

Jan. article on this subject, the Omaha
Bee points out that there are now about
\$3,000,000,000 deposited in savings banks
and state institutions for savings, and it
asks: Why cannot these deposits be
placed at the disposal of the govern-
ment, thus giving the common people,
and especially the wage workers, an op-
portunity to become creditors of the na-
tion instead of leaving the entire debt in
the hands of foreign and American

capitalists? Suppose that only one-
third of the savings banks deposits were
placed in the postal banks. That
would give the government an oppor-
tunity to accumulate gold for its reserve
and to decrease the drain of gold for in-
terest on bonds and redemption of green-
backs.

Postal savings certificates bearing 3
per cent interest for one year time de-
posits, 2 per cent for six months deposits and 2
per cent for call deposits would circulate
everywhere the same as money. The
holders of these certificates would be
willing to accept paper, silver or
gold for interest and principal. The
bondholder wants gold and gold only.
The main object of the \$100,000,000 gold
reserve in the treasury is to redeem the
greenbacks, and the demand for the
destruction of the greenbacks is inspired
by fear that the treasury will not be able
to redeem them in gold. This danger
can be avoided by using the greenbacks
as a reserve for the postal savings de-
posits.

This plan of relief has worked very
satisfactorily in England and France,
where the greater part of the public debt
is carried by the middle class and the
wage worker. Why will it not work in
the United States? Even if it did not
furnish relief to the government finances to
the extent anticipated, it would furnish a
perfectly safe place of deposit for the
people's savings.

Harry De Windt, traveler and journal-
ist, who after lecturing on Siberia in
England, is to come and do likewise in
this country, declares that George Ken-
nan's stories of Siberian hardships are
false and that the exiles are well treated.
Their cells are roomy, he says, warm,
well-lighted and in summer decorated
with flowers. The convicts have three
meals a day and any amount of beer at
dinner. Sundays and Saints' days are
holidays. In the great political prison
at Aktau only three of the prisoners were
ironed. Either Mr. Kennan or Mr. De
Windt is a colossal liar.

A bill to prevent wire tapping has
been introduced in congress. So long
as wire tapping was an offense com-
mitted by one set of rogues to filch from
the pockets of others in the same line,
share of their immoral gains, the public
was not much concerned, but since the
middleman has developed into the
stealing of news from the wires of a news
gathering and news distributing asso-
ciation by a competitor in the same busi-
ness it has achieved considerable promi-
nence.

The Northern army of Japan appears
to be suffering terribly. There are no
trees in the Shin King province of China,
where they are at present quartered, and
the whole force of 20,000 men is in want
not only of fuel, but also of water, as the
rivers are almost dry. Their provisions
are running low, and what, with severe
cold, uncured rice and raw fish as ra-
tions, the gallant little soldiers of Japan
would appear to be in a rather tight spot
of box.

The building of the defender for the
America's yacht club is delegated to
C. Iselin, W. K. Vanderbilt and E. D.
Morgan, of the New York Yacht club.
The craft will have to be a dandy to win,
and it will be worth a trip to betway
the Iselin and Iselin points at Echo bay,
New Rochelle, N. Y., to get a sight of
her.

Switzerland in the first nine months of
last year imported 52,300 head of cattle,
of which only 226 were from the United
States. The little republic has not as yet
yet proposed to keep out American
cattle and we ought to send her more.

The men of Carthage, Mo., are trying
to induce the legislature to pass a law
forbidding the ladies of Missouri to wear
high hats in theaters. Perhaps Senator
McHale will attend to this matter for the
Minnesota male sufferers.

The Ides of March are likely to find
an empty treasury, and already there is
talk of another bond issue. When is
this serious farce to cease?

Appointments in the army and navy of
China will not be in demand after the
present wholesale executions of unsuccess-
ful commanders.

The Nicaragua canal bill has passed
the senate, but its fate in the house is
very doubtful.

The Cat and the Mouse.
Pussy watched outside the hole.
And money said inside:
"A very wise precaution,
Which money says inside."

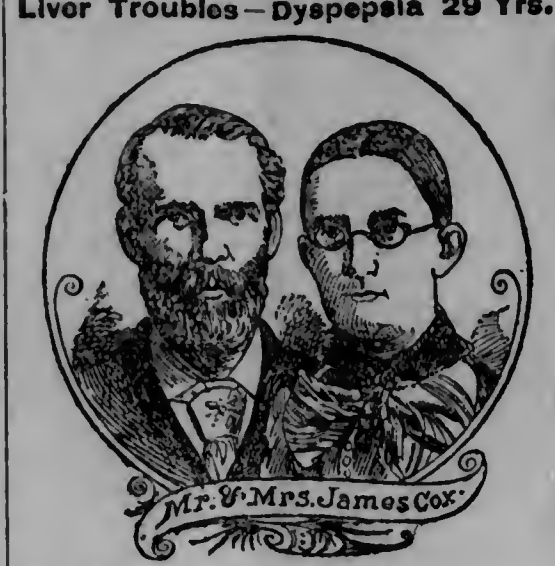

Pussy went away, and then
Money grew so slack
in vigilance, he went outside—
And the cat came back.

Kansas Editorial Philosophy.
Hiawatha, Kan. World: We have
been told that we are not consistent.
Few men are. A consistent man is a
stupid one. The smart man jumps on
either side of the fence and gets out of
reach before the bulldog tears his
clothes.

Robert Bonner says he has great hopes
of seeing his record for 2-0-8-4, was
made in a high wheeled sulky.

Ed Geors has driven more 2-10 horses to
their records than any other reinsman.
He marked six, including Robert J. and
Fautsy, champions of their classes.

Mornington Cannon, one of the young-
est of the English jockeys, born 1873, son
of the famous old jockey, Tom Cannon,
heads the list of winning jockeys, 32,394,
having to his credit 167 winning mounts.

She Said:
Let's Try Hood'sAnd It Helped Them Both
Liver Troubles—Dyspepsia 29 Yrs.

"C. I. Hood & Co., Lowell, Mass.:
"gentlemen—My husband and I have been
taking Hood's Sarsaparilla, and I can truly say
it has helped us both. My husband had
Lumbago Rheumatism.

so that he could not stand up straight, and went
around half bent over. He had to have a cane
to help himself out of his chair. He had taken
so much medicine that we were discouraged.
But I read so much about Hood's Sarsaparilla,
I soon let's go. My husband has improved a
great deal. His back is much better, and his
eyes, which have troubled him a great deal,
also seem better. Hood's Sarsaparilla has given
him a good appetite. I have had liver trouble
and dyspepsia 29 years, but since I have been
taking Hood's Sarsaparilla my side is better, and
I feel much improved. We have only taken four
bottles, and are well pleased with it." Mr. and
Mrs. JAMES COX, Centerville, Wisconsin.

Hood's Pills are prompt and efficient, yet
easy in action. Sold by all druggists. 25c.

heat, money advanced if desired. We pack
and ship of furniture, Trunks delivered
for 25 cents. Duluth Van company, 210 West
Fourth street. Storeroom 10 East Superior
street.

Voss Will Succeed Himself.
Duluth Press: The next treasurer of
Duluth will be Fred Voss. Mr. Voss is
not an offensive partisan. In this coun-
try every man has a right to choose his
own political and religious faith. The
only point is to guard against offensive
partisanship. Mr. Voss is not ashamed of
his principles. This is his favor.
It is also greatly in his favor that, know-
ing him to be a Democrat, Republicans
have confidence in him. Mr. Voss has
never argued for Republican support,
but he has won it by proving himself a
valuable public servant. This is credit-
able not only to Mr. Voss, but to the Re-
publicans who are backing him. The
city treasurer's office is non-political if
any office is.

The Minnesota Slay Sheep.
Milwaukee Evening Wisconsin: The
successful wing of the Minnesota Republi-
cans, together with Ignatius Donnelly,
who has not been a Republican since the
war time, but who has an old score
against the Washburn family, will sing
"Victory and Liberty" at the glorious
day's renewal. Will Donnelly come
back into the Republican fold? Stran-
ger things have happened. He was a
good Republican once, but on being de-
legated for renomination to congress,
through the exertions of the Washburns,
he went over into opposition, and has
been at times active for the Democrats,
and for many years past the head and
front of Greenbackism and Populism.
Only a few weeks ago he formally an-
nounced the withdrawal from politics,
but his Populist friends in the legisla-
ture yesterday gave him thirteen
votes in the ballot on the senatorship. It
has heretofore been such an easy thing
for Donnelly to slip from one political
fold to another that the overthrow of the
Washburn interest may tempt him to try
his luck once more under the party ban-
ner beneath which he began his political
career. But Donnelly would have a
great deal to recant before he could pass
for a Republican.

A Needed Protest.
Superior Inland Ocean: Seeing that
the usual order should be sent to congress
protesting against the amendments to the
Duluth and Superior Bridge company's bill. Wake up!

They Are Growing Less.
Duluth Press: There are still some
honest people who think that, in city
politics, the party lash should not be
withheld. The number who thus opine
is growing beautifully less, and we look
to see it reduced to a corporal's guard.

NEWS OF THE HORSES.
Nancy Hanks, the ex-queen of trotters,
is in foal to either Avion or Vatican.
The great pair May Marshall is dead.
Her best mile was covered in 2:08 1/4.
John R. Gentry, 2:08 1/4, is wintering in
Proper, Ill., and is said to be as sleek
as an otter.

The starting machine has now been
adopted in New Zealand and is giving uni-
versal satisfaction.

Trainer Salisbury says he had rather be
a driver and own a winner than president
of the United States.

The production of Green Mountain Milk
realized \$100,000. She was bought by
Charles Backman for \$450.

The stallions and brood mares on Wynd-
ham Walcott's Bowling Brook farm rep-
resent an outlay of \$150,000.

Robert Bonner says he has great hopes
of seeing his record for 2-0-8-4, was
made in a high wheeled sulky.

Ed Geors has driven more 2-10 horses to
their records than any other reinsman.
He marked six, including Robert J. and
Fautsy, champions of their classes.

Mornington Cannon, one of the young-
est of the English jockeys, born 1873, son
of the famous old jockey, Tom Cannon,
heads the list of winning jockeys, 32,394,
having to his credit 167 winning mounts.

Prof. Oud will organize an Adult Beginners' Class

Monday Evening Jan. 28.

DEBS CONSPIRACY TRIAL.

It Was Formally Opened Before a Jury Today.

CHICAGO, Jan. 26.—The formal opening of the Debs conspiracy trial in the United States circuit court took place today. The twelve jurors selected yesterday were sworn and three more defendants put in appearance, making nineteen of the thirty-eight left on the omnibus indictment who are on trial.

Judge Groscup announced that, after the opening speech for the defense, the counsel for the defendants might show to the jury wherein their clients differed from the position of the leaders.

Thomas C. Michrist, one of the special counsel for the government, opened the argument. Messrs. Darrow, Harper and Geeting followed for the defense.

Dr. Wiley headed the World's fair jury that found Dr. Price's baking powder absolutely pure.

TWELVE PEOPLE DROWNED.

They Were on Barges That Foundered in a Gale.

NEW LONDON, Conn., Jan. 26.—The tug Sea King reported here this morning that she lost a tow of five barges off Point Judith in the gale. The barges foundered at 2:45 this morning. They are the Albert M. American Eagle, Crocus, John J. Naulty and F. A. Dingee.

There were twelve persons with the sinking barges, four women and eight men: Capt. Harsho, Mrs. Harsho, and deckhand of the barge Eagle; Capt. Harry Tucker and deckhand of the barge Albert M.; Captain of the barge Dingee, his wife and a deckhand, names unknown; Capt. Frank Hoffman, Mrs. Hoffman, Miss Hoffman and a deckhand on the barge Crocus.

An Injunction Issued.

CHICAGO, Jan. 26.—Judge Jenkins today issued a preliminary injunction restraining the officers of the Hicks Stock Car company from disposing of the property of the concern. The receiver is asked by R. J. Wilkey, a stockholder, who charges the officers with a deliberate attempt to wreck the company.

State Bar Meeting.

Notices have been received in the city of a meeting of the bar of the state in the state law library at St. Paul next Tuesday afternoon to discuss the question of whether the present legislature shall take action looking to the revision of the state statutes. Attendance or written expression of ideas are asked. A number from Duluth will probably be present.

If You Contemplate

Making a home in, or taking a trip to California or the South, communicate with us. Information cheerfully given.

Have your clothes repaired at J. S. Lane's. New location 323 West Superior street.

The Chester has two very desirable rooms that are not taken. Board and room from \$25 up. Nos. 6 and 7 Chester Terrace.

WILL MAKE THE RACE.

H. B. Dibbell Today Filed His Independent Petition Signed by More Than a Hundred Lawyers.

C. M. Thomas Out of the Fight in the Seventh—Two Independents Against Alderman Nelson.

Theodore Krumseig Will Oppose Alderman Evans in the Second—Ed Ingalls in the Fourth.

The Republican city committee last evening decided to see Homer B. Dibbell and, if possible, persuade him to withdraw from the candidacy for judge of the municipal court. This he will hardly do, however, for at 2 o'clock today his petition went on file with the city clerk. He filed a certificate of nomination signed by 107 lawyers for his independent candidacy. In addition to this Mr. Dibbell has the support of the original charges that a Democratic senator had received a letter from Hawaii, charging that cheap Hawaiian bonds were being given names as to avoid a direct charge. So far as the Frye family of Maine is concerned, there is but one I know of, and I belong to it.

Mr. Frye turned his attention to the details of the charges made in the original article, quoted by Mr. Mills, and pronounced them falsifications throughout. He then referred to an editorial appearing in a New York morning paper today.

"There is intimation made in this article of some peculiar disclosures likely to come as to certain New England senators," proceeded Mr. Frye. "Then the names of Frye and Boutelle and I think Senators Lodge and Hawley, are used with suggestive and mixture of falsehoods until it runs through the chamber of the senator who made that suggestion would be here. I wish he were in the senate now," said Mr. Frye, suggestively.

Mr. Frye, however, has any in the senate now, said Mr. Frye, suggestively.

At this point came the most dramatic event in the senator's speech. He read from a report of Mr. Mills' speech, wherein the latter suggested that perhaps it would be well to have a senatorial investigation of those charges against New England and her senators.

"I had hoped the senator who made that suggestion would be here. I wish he were in the senate now," said Mr. Frye, suggestively.

Mr. Frye, however, has any in the senate now, said Mr. Frye, suggestively.

At this point came the most dramatic event in the senator's speech. He read from a report of Mr. Mills' speech, wherein the latter suggested that perhaps it would be well to have a senatorial investigation of those charges against New England and her senators.

"I had hoped the senator who made that suggestion would be here. I wish he were in the senate now," said Mr. Frye, suggestively.

Mr. Frye, however, has any in the senate now, said Mr. Frye, suggestively.

THE WORLD OF LABOR.

Walters' Union Has a Grievance Against a Restaurant That Does Not Pay Union Wages.

Trades Assembly Wants the Waterworks Extensions Built by Day's Labor and Not by Contract.

Alfred McCullum Made Organizer for the Federation of Labor for the Sixth Congressional District.

The delegates made a general turnout at the regular meeting of the Federated Trades assembly last evening. Much interest was taken in the session and a good bit of business of one sort and another was turned off. In reply to a letter from Bishop McGolrick, saying that he was giving his sole time to church work and not taking any outside appointments, Mr. McDowell secured a passage of a resolution urging the bishop to carry out his promise made last winter to deliver a lecture at the Bethel in the interests of organized labor organizations. The bishop, in his letter, expressed an opinion that perhaps a lecture from him just at the present time might not help the labor cause in Duluth in which he is much interested, but the assembly refused to take that view of it.

At last night's meeting the delegates from the Musicians' union were present for the first time in a long while. The Walters' union delegates were on hand and with them a grievance was brought. The Saddle Rock restaurant refuses to hire union men or to pay union wages, so it is claimed. A committee was appointed from the assembly to wrestle with Col. Volton over the matter.

The proper committee was requested to prepare a lecture from him just at the present time might not help the labor cause in Duluth in which he is much interested, but the assembly refused to take that view of it.

President McCullum was directed to visit the Musicians' union and speak on the subject of the waterworks extensions. He was to have him at their next meeting and he will visit other unions for the same purpose.

A committee was appointed to present resolutions to the city council, asking that the new waterworks improvements be done by day work and not by contract, and to secure a pledge from the alderman candidates for election to that effect.

A committee was appointed to wait upon the school board and endeavor to secure the appointment of an electrical inspector who resides in Duluth instead of West Superior.

Alfred McCullum was appointed district organizer for the American Federation of Labor. His territory includes this congressional district.

A committee of five was appointed to assist in the Bethel anniversary, to be held Feb. 18.

HAS LABOR RIGHTS?
Two Present Opportunities to Settle That Question.

Organized labor, attention! I am going to call to your notice a subject upon which it is your duty to act—to act promptly and positively. The performance required of you is simplicity itself, but the results aimed at are momentous and of vast importance. You are not in politics as organizations, which is well. You have preferred to confine your political action to the use of the power of organized numbers in securing from those in control your just demands. At least this is the substance of your claims.

An opportunity has been made for you to show how much you mean by declaring that you will use the power of organization on nonpartisan lines to secure the rights of labor from the lawmakers. I have no secret to disclose. The subject has already been put before you, and I simply desire to keep it before you and urge you to act.

Here is the story: Under the laws of this land the seamen of America are made slaves and are the helpless victims of avaricious shipowners and brutal taskmasters. The fugitive slave laws of antebellum days were not more severe and cruel in their operation than the law enacted in 1890 for the arrest and punishment of sailors who leave the employment of a vessel before the expiration of a voyage for which they shipped.

Prior to 1890 if a seaman left a vessel before the completion of his term of service he sacrificed all wages due him, but since the passage of the act of 1890 he not only forfeits the wages due him at the time of leaving, but also his belongings and clothing upon the vessel, excepting what he has on his body, and in addition goes to jail for three months.

Any person who harbors a deserter (striker) is guilty of a misdemeanor and is liable to imprisonment. If two or more combine to leave the ship, the term of imprisonment may be increased to 12 months. The unbecoming object of this law is to restrain seamen from striking against inhuman conditions and cruel treatment on board ship.

Mr. A. Furuseth, the active head of the Sailor's Union of the Pacific, a man who knows from years of experience as a seaman of the evils wherewith he speaks, has told me recently about some of the ills and hardships of the American sailor. I have known Mr. Furuseth for ten years; have met him on the Pacific coast among the men whose chosen leader he is. I know his voice, his aims and hopes of the seamen, and I would as soon doubt the evidence of my own eyes as question any statement of fact made by him. The stories of cruelty practiced upon the sailors by the owners of the land and this support should be given to the full extent of the people's ability. Help the A. R. U. men to secure a decision from the supreme court, and let the help be ample to the

many times beyond what is found in the maritime service of any other country on the globe.

Here is Mr. Furuseth's own statement on this point: "The condition of the American sailor abroad and the protection afforded him by law are a disgrace to every civilized nation. Take the state of food alone. It is fixed by law in every maritime country, and, according to the official reports, the food furnished on American ships is 30 per cent below that of Norwegian vessels, 40 per cent below those of Germany and Denmark and more than 50 per cent below those of England." It was to prevent men from combining and compelling an improvement of these conditions, which are truly a disgrace to this nation, that the law of 1890 was passed. The sailor's union was becoming such a power on the Pacific coast that shipowners were by its force to provide something like decent food, and ships' officers were checked in their brutalities. The wealthy shipowners, associated together, decided that the only way to break the power of the union was to curtail the passage of a penal law that would prevent it from exercising any influence for the protection of its members.

This law must be repealed so that their rights as freemen may be restored to American seamen. A bill is before congress repealing the law. Other bills—one of which is to bring these conditions up to the German standard; another to compel inspection of vessels, so as to prevent the shipping of men in death-traps, and another for the application of the employers' liability law to maritime affairs—have been introduced in congress by Representative James G. McLaughlin of California. The American Federation of Labor at its recent session unanimously endorsed these measures and appointed a special committee, consisting of A. Furuseth and Adolph Strever, to go to Washington and work for their passage. No better committee could have been chosen, and I personally know that both of the gentlemen are bending every energy to secure favorable consideration of the seamen's bills by this congress.

Now, here's where organized labor throughout the land comes in. Members of the house of representatives, senators, local organizations of course making their requests of the member from their respective districts. Deluge congress with documentary evidence that labor desires the passage of the bills.

So the men are in jail, and they will have to remain until they have served out their full double sentence unless the supreme court of the United States declares that Judge Woods law is not good law.

If the purpose of this imprisonment is to crush the spirit of antagonism toward plutocratic methods which has been kindled in the minds of the men, the daily press practically assures us completely the purpose—it will fail completely. It would fail if the sentence were ten times as severe as it is, or I have made serious mistakes in estimating the mind through the many years I have known him intimately. He wrote me the other day: "I was never more resolute or determined in my life. Each succeeding exhibition of plutocratic opposition but serves to increase my ardor and strengthen my determination to come Christ forth."

I go to jail not as a galley slave, but sustained by the consciousness that I have done my duty. * * * Mrs. Debs, also my father and mother, bear up bravely. They feel precisely as I do—that no stigma attaches to my imprisonment. This was from a private letter, but if Debs kicks because I want my friends to share the pleasure with me I'll argue the question with him when he gets out of the Bastille de la Contempt.

HEARTLESS TRINITY.
Felix Adler Hottly Sees the Rich Church's Tenement System.

In a lecture delivered before the New York Ethical Culture society on a recent Sunday Professor Felix Adler said: "The tenement house commission of ten years ago, of which I had the honor to be a member, drafted a bill, which became law, providing for an adequate supply of water in the tenements. We felt that we had made some little progress. You may imagine our surprise, after the bill became a law, that the houses in the tenements were not supplied with water. That an appeal was made to the courts to block tenement house reform in this city. All sanitary experts agree upon the necessity for a full supply of water. A law was passed in London in 1891 declaring a house not adequately supplied with water to be unfit for human habitation.

"From what source do you suppose this opposition came? Probably you suppose it was from the liquor dealers. It is true that the liquor dealers are interested in keeping the tenements in a bad condition, for then the inmates are driven to the saloons. But it was not from the liquor dealers that the opposition came. Perhaps some of you who have read the newspapers have learned of the police force to oppose tenement house reform, because we have learned that the police force is allied with crime, and the worst tenements are breeding places of criminals. But it was not from the police."

"It came, of all others, from Trinity church." Professor Adler spoke the words impressively, and he made a long pause.

"Why, there have been some comments in the newspapers. I have read that the Trinity corporation conducted its business on business principles, and that it didn't mix its business and religious principles. Trinity blocked the way of reform in this town, and Trinity is an old offender. Complaints against its tenements fill the board of health records. The death rate in its tenements

is 32 per cent against 24 per cent in other tenement houses.

"Death, sickness, foul cellars, falling ceilings, leaking roofs, rickety stairs, smoken flagging—these are the marks of many of Trinity's tenements. It has been said that we shall never have reform until we Christianize the domicile. You see how Trinity church is proceeding to Christianize the domiciles of the poor of New York."

"I was one of those who placed the law regulating tenements on the statute books, and I have a right to cry out against those who oppose the sanitary law. What is the excuse? One is that Trinity church is not responsible, because it only owns the land and not the buildings. It has been shown that many of the leases run but a twelvemonth, and yet they have been renewed for a church which stands for one who was poor himself, for Jesus of Nazareth, who made the law his special charge. There is no provision for those who are going to death in these houses in order that Trinity may build its great churches and do its charity—save the mark!"

The second reason is no childish, so silly, so foolish, that it is ridiculous even to repeat it. It is that those people should not be supplied with water because they are dirty. How can one listen to those statements? Think of 18 families crowded upon one acre of land in a back yard! Take a day like this and think of women and children standing out in the rain and drawing water and then climbing four flights of stairs!

"This ignorance is culpable because it is assumed. Men are willing to have the knowledge of the way they workmen live. They don't want it."

The annual report of Labor Commissioner Blackstone of Missouri is just out. At the outset the commissioner says that most, if not all, laws purporting to be in the interest of labor are either defective, inefficient or have been nullified by decisions of the courts.

Under the head of conditions the people of Missouri are complimented in the highest terms for the excellent record for law and order made during the railroad and coal miners' strikes. The splendid reputation made by St. Louis for quiet and order, without the presence of militia or soldiers, is made prominent.

Constructive given by courts to the interstate commerce act are brought out and shown to what an absurd extent they have been carried, and by parity to what greater absurdities the logic of decisions may go.

CHRISTIAN ENDEAVOR.
Topic for the Week Beginning Jan. 27.

Consent by Rev. S. H. Doyle. Topic—Acceptance of Christ. Rev. xiii, 1-7 (A meeting for the associate members suggested. It may be held by the laymen committee.)

There is a book of mysteries. Undoubtedly it teaches the one great lesson that the time will come when Christ and His kingdom shall win a great triumph and shall rule all things. The figures and illustrations by Rev. Doyle are so plain and so beautiful, that they are understood by all. It is therefore a book of blessed comfort and consolation to the church. But another feature that has made it popular is that it contains almost its last words. What a fitting close to the word of God! "The Spirit and the bride say come. Let him that heareth say come." These come to refer to the second coming of Christ, and the picture of the church as it will be in the future.

I go to jail not as a galley slave, but sustained by the consciousness that I have done my duty. * * * Mrs. Debs, also my father and mother, bear up bravely. They feel precisely as I do—that no stigma attaches to my imprisonment. Felix Adler Hottly Sees the Rich Church's Tenement System.

In a lecture delivered before the New York Ethical Culture society on a recent Sunday Professor Felix Adler said: "The tenement house commission of ten years ago, of which I had the honor to be a member, drafted a bill, which became law, providing for an adequate supply of water in the tenements. We felt that we had made some little progress. You may imagine our surprise, after the bill became a law, that the houses in the tenements were not supplied with water. That an appeal was made to the courts to block tenement house reform in this city. All sanitary experts agree upon the necessity for a full supply of water. A law was passed in London in 1891 declaring a house not adequately supplied with water to be unfit for human habitation.

"From what source do you suppose this opposition came? Probably you suppose it was from the liquor dealers. It is true that the liquor dealers are interested in keeping the tenements in a bad condition, for then the inmates are driven to the saloons. But it was not from the liquor dealers that the opposition came. Perhaps some of you who have read the newspapers have learned of the police force to oppose tenement house reform, because we have learned that the police force is allied with crime, and the worst tenements are breeding places of criminals. But it was not from the police."

"It came, of all others, from Trinity church." Professor Adler spoke the words impressively, and he made a long pause.

"Why, there have been some comments in the newspapers. I have read that the Trinity corporation conducted its business on business principles, and that it didn't mix its business and religious principles. Trinity blocked the way of reform in this town, and Trinity is an old offender. Complaints against its tenements fill the board of health records. The death rate in its tenements

is 32 per cent against 24 per cent in other tenement houses.

"Death, sickness, foul cellars, falling ceilings, leaking roofs, rickety stairs, smoken flagging—these are the marks of many of Trinity's tenements. It has been said that we shall never have reform until we Christianize the domicile. You see how Trinity church is proceeding to Christianize the domiciles of the poor of New York."

"I was one of those who placed the law regulating tenements on the statute books, and I have a right to cry out against those who oppose the sanitary law. What is the excuse? One is that Trinity church is not responsible, because it only owns the land and not the buildings. It has been shown that many of the leases run but a twelvemonth, and yet they have been renewed for a church which stands for one who was poor himself, for Jesus of Nazareth, who made the law his special charge. There is no provision for those who are going to death in these houses in order that Trinity may build its great churches and do its charity—save the mark!"

The second reason is no childish, so silly, so foolish, that it is ridiculous even to repeat it. It is that those people should not be supplied with water because they are dirty. How can one listen to those statements? Think of 18 families crowded upon one acre of land in a back yard! Take a day like this and think of women and children standing out in the rain and drawing water and then climbing four flights of stairs!

"This ignorance is culpable because it is assumed. Men are willing to have the knowledge of the way they workmen live. They don't want it."

The annual report of Labor Commissioner Blackstone of Missouri is just out. At the outset the commissioner says that most, if not all, laws purporting to be in the interest of labor are either defective, inefficient or have been nullified by decisions of the courts.

Under the head of conditions the people of Missouri are complimented in the highest terms for the excellent record for law and order made during the railroad and coal miners' strikes. The splendid reputation made by St. Louis for quiet and order, without the presence of militia or soldiers, is made prominent.

Constructive given by courts to the interstate commerce act are brought out and shown to what an absurd extent they have been carried, and by parity to what greater absurdities the logic of decisions may go.

CHRISTIAN ENDEAVOR.
Topic for the Week Beginning Jan. 27.

Consent by Rev. S. H. Doyle. Topic—Acceptance of Christ. Rev. xiii, 1-7 (A meeting for the associate members suggested. It may be held by the laymen committee.)

There is a book of mysteries. Undoubtedly it teaches the one great lesson that the time will come when Christ and His kingdom shall win a great triumph and shall rule all things. The figures and illustrations by Rev. Doyle are so plain and so beautiful, that they are understood by all. It is therefore a book of blessed comfort and consolation to the church. But another feature that has made it popular is that it contains almost its last words. What a fitting close to the word of God! "The Spirit and the bride say come. Let him that heareth say come." These come to refer to the second coming of Christ, and the picture of the church as it will be in the future.

I go to jail not as a galley slave, but sustained by the consciousness that I have done my duty. * * * Mrs. Debs, also my father and mother, bear up bravely. They feel precisely as I do—that no stigma attaches to my imprisonment. This was from a private letter, but if Debs kicks because I want my friends to share the pleasure with me I'll argue the question with him when he gets out of the Bastille de la Contempt.

HEARTLESS TRINITY.
Felix Adler Hottly Sees the Rich Church's Tenement System.

In a lecture delivered before the New York Ethical Culture society on a recent Sunday Professor Felix Adler said: "The tenement house commission of ten years ago, of which I had the honor to be a member, drafted a bill, which became law, providing for an adequate supply of water in the tenements. We felt that we had made some little progress. You may imagine our surprise, after the bill became a law, that the houses in the tenements were not supplied with water. A Host of Noted Contributors to the Century
For January and Many Attractive
Articles.

An article in the January Atlantic which will be likely to attract the attention of thoughtful readers is John L. Denison's "The Survival of the American Type." With a courage and frankness not always found in writers on public affairs he describes the political situation

Among the contributors to the Centurion for January are Professor William M. Sloane, Arthur Sherburne Hardy, George C. Davis, George C. Davis, Jr., M. P., Timothy Cole, F. M. Crawford, Noah Brooks, Katharine Lee Bates, Hiram S. Maxim, Helen Grainger, Hermann M. Biggs, and others. The artists include Castaigne and Pappe, whose striking illustrations are found in "The Armies of Napoleon," Bachet, Metcalf, Drake, Wiles, and others besides representations of Napoleon working by eminent French artists. The illustrations with captions include Napoleon Bonaparte, "Scenes in Canton," "The Armory of Old Japan," anecdotes of public men in Washington, "The Time of the Festival," American Colleges for Women, "Dutch and American Art," Maxim's new flying machine, stories of the "War of the Roses," and Georgia, the work of women in public life.

CITY BRIEFS.

Cullum, dentist, top floor, Palladio. Schumann makes the best gold crowns. Snake and cigar. W. A. Foote. The Evening Herald is on sale in St. Paul at the Windsor Hotel news stand. First papers have been issued in the office of the district clerk to Angus M. Campbell, of Canada.

The certificate of appointment of A. Brown, of St. Paul, as pastor of the Methodist church in Duluth, has been filed with the register of deeds. Judge Powell being detained at home by the somewhat severe illness of his wife, Judge Winge took the helm in municipal court this forenoon. Deaths as follows have been reported to the board of health: Horace E. G. East, 20 Second avenue west, aged 22 years and 3 months, of consumption; James I. Gilbert, 321 Dugway street, of blood fever.

The cheapest homes, quickest transit, Duluth Heights Land Co., Herald bldg. A marriage license has been issued to John Luck and Franceska Novik. Charles Berg died at St. Mary's hospital yesterday. He was a county patient and had been brought in from the city.

R. C. M. Heard, D. D., of Monticello, Minn., is in the city and will conduct a series of special religious services in the Lester Park M. E. church, beginning Tuesday evening.

W. H. Winterfield was called to Rochester, N. Y., yesterday by a telegram announcing the serious illness of his sister.

Francis Oueis out after a tussle with a gripper.

W. R. Peety came down from Rainy Lake City today.

R. A. Wilson, of St. Paul, is at the St. James.

Wade Baker, of Grand Rapids, is in the city.

W. M. Luggitt, of St. Paul, state railroad commissioner, was in the city yesterday.

W. E. Seelye, of Brainerd, is in the city.

City Clerk Ethel S. Brown, of Little Falls, and John Raymond of the same city are visiting with A. McG. McDonald.

Rev. W. H. Medley, of Watash, Minn., preached at Pilgrim Congregational church yesterday, is the guest of Mr. and Mrs. D. S. Forgy.

John D. Sullivan, of St. Cloud, county attorney of Stearns county, is in the city. Mr. Sullivan accompanied him and they are at the Spaulding.

Had no time. "I have no time for the reporters," said an ex-courier police headquarter at midnight.

"None of them here just now," replied the sergeant, "but I'll take it down."

"All right. Begin by writing down what a respectable citizen was last night making his way homeward."

"Yes."

"The stars were more or less obscured, and the moon shone fitfully."

"I have it."

"He was within three blocks of his domicile when he was suddenly accosted by a strange man who sprang out of an alley."

"Go on."

"The desperado demanded the citizen's money or his life, and as he spoke furnished a club in his hand. The citizen is a man of nerve and courage, but being taken at a disadvantage he handed over his purse."

"I see."

"The purse contained only 7 cents, but what the citizen complains of is the principle of the thing. He would respectfully but firmly ask—"

"Yes, I know."

"You know what he would ask?"

"Certainly. He wants to ask, 'Where were the police?' The police were somewhere else, of course. Sorry they weren't there, but I can't help it. Good night, my friend."

"Guardian of the peace of the sovereign people, good night!" replied the man as he buttoned his coat and walked out like a crowbar provided with legs.—Detroit Free Press.

Effectual Warning.

It is well known that certain vagabonds desire nothing better, especially when the cold weather comes on, than to be arrested and locked up in order that they may be taken care of for awhile.

One of this fraternity succeeded in getting himself arrested for vagrancy, and on the way to the lockup he was so much overjoyed by the prospect of not having to sleep in the open air that he behaved somewhat boisterously.

"Keep quiet," threatened the policeman. "If you don't, I'll let you go."

Month's Companion.

Adulteration means poison and weakness. Only Price's cream baking powder is absolutely pure.

BUY NOW! Ten acres of land at Spring Garden. Price is low and terms easy. Good roads and near Duluth Market. Good school and neighbors.

GEO. H. CROSBY, 314 Palladio Bldg., Duluth.

NO LIABILITY EXISTS.

Judges Lewis and Ensign Render an Important Decision in American Loan and Trust Company Affairs.

They Hold that the Statutory Liability of Stockholders Does Not Apply in This Case.

Company Was Organized Under Chapter 107 Laws of 1883, Which Impose No Such Liability.

The district court, through Judges Ensign and Lewis, has decided that the American Loan and Trust company does not need more than one receiver and that the stockholders are not liable for the debts of the corporation. The decision is the result of a suit brought some time ago by the International Trust company in behalf of all the creditors of the American Loan and Trust company to enforce the statutory liability of the stockholders and to appoint a receiver.

A number of demurrers were filed by the stockholders and directors of the corporation against the suit, which was brought under chapter 76 of the state laws, and the matter was argued before and taken under advisement by Judges Ensign and Lewis some time ago. The decision, which has just been handed down, sustains the demurrers and denies the motion for the appointment of a receiver.

The following memorandum, signed by both judges, accompanies the order: "The American Loan and Trust company is organized under the provisions of chapter 107 of the general laws of 1883, which impose no liability upon stockholders for the debts of corporations. Corporations organized under said act possess and have the right to exercise banking privileges."

"We are unable to point to any constitutional provision which imposes such liability upon such a corporation."

Odin Hadden, county auditor, has made a return to the alternative writ of mandamus issued on petition of R. C. Ray. He asserts that the court has no jurisdiction over his person, nor of the subject of the action, and he prays that the writ be quashed.

The new cases for the February term were not coming in very fast this morning, but one being filed to noon. There are twenty-seven already filed, which with eighty-one continued cases makes 108 so far. Tomorrow is the last day for filing notes of issue.

WILL RECOMMEND WORK.

Board of Public Works Will Report on Improvements to the Council.

The board of public works will send in to the council meeting tonight some recommendations for making public improvements.

The board will recommend the improvement of Sixth street between Fourth and Twelfth streets, and the widening of the same. Another recommendation will be in favor of widening and improving Miller creek from Michigan street.

The board recommends that commissioners be appointed to condemn connections between Jefferson street in Harrison's addition and Jefferson street in East Duluth.

The board also favored opening a street from a point east of Seventeenth avenue west to Third street to run on an even grade around the head of the hill westward to Seventh street and Piedmont avenue west.

How's This!

We offer \$100 reward for any case of catarrh that cannot be cured by Hall's catarrh cure. P. J. CHENEY & CO., Props., Toledo, O. We the undersigned, have known P. J. Cheney for the last fifteen years, and believe him perfectly honorable in all his business transactions, and financially able to carry out any obligation made by him by this firm.

WEST & TEXAS, Wholesale Druggists, Toledo, O. W. L. DICKSON, KINKADEE & MARTIN, Wholesale Druggists, Toledo, O.

Hall's catarrh cure is taken internally, setting directly upon the blood and mucous surfaces of the system. Price 50c per bottle. Sold by all druggists. Testimonials free.

He Holds Over.

"You haven't been re-nominated for alderman-at-large yet, have you?" asked a voter of William Craig, superintendent of the Duluth Gas and Water company.

"No," replied he, "I hold over."

Genuine Diamonds Found in Tea.

Last Saturday was a great day at the Merchants' Tea parlors, 20 West Superior street. Crowds of purchasers were continually going out and in the company's store all day long from early morning until late at night. Those who found either a lady's or a gent's solid gold watch or an article of genuine diamond jewelry in their cans could be easily distinguished from other purchasers by the expressions of pleasure on their faces. Numbered amongst the many were C. H. Eickholt, the well-known harness dealer, No. 1904 West Superior street, who got a lady's hunting case, stem wind and set, jeweled solid gold watch in one of his cans, and Clement Foubert, 1015 Garfield avenue, also found a beautiful hunting case jeweled stem wind and set watch, and Andrew Flatten, confectioner, No. 205 St. Croix avenue, got a diamond finger ring, solid gold setting.

Mrs. Eliza Brown, dressmaker, and S. L. Bates, brakeman, each paid \$5 for six cans and both got genuine diamond earrings set in solid gold, besides five other presents and six cans of the best tea in the world, as each can is guaranteed to contain a present as a method of advertising for a short time only. The other purchasers who got these valuable articles are too numerous to mention, suffice it to say that their name is "legions." You can do quite as well. Go at once while they are to be had.

Terms: Single cans, \$1, six for \$5 and thirteen cans for \$10. Get up a club. Everyone sending in a club order for \$10 will surely get one or more valuable articles. Orders by mail forwarded anywhere in the United States. Address Merchants' Tea company, No. 20 West Superior street. Open evenings until 9 o'clock.

To the Voters of Duluth: I hereby announce myself as an independent candidate for the position of comptroller of Duluth.

WILLIAM C. SARGENT, 16 Third Ave. West.

COAL.

CLEAN, DRY COAL. FULL WEIGHT. Give Me a Trial Order.

THE MONEY QUESTION.

E. C. Gridley Presented a Plan at the Unitarian Church Last Evening.

His plan consisted in having the government issue paper money of various denominations to be absolute legal tender, the distribution of which was to be accomplished by a system of good security loans at about 5 per cent on the start.

The circulation was to be regulated by the rate of interest, which was to be changed by act of congress to suit the demands of the situation. State, county and municipal bonds, on which 90 per cent of their value was to be issued with out any stipulated date of payment, were mentioned as good securities. In case of default in interest the bonds were to be considered as the property of the government.

A disadvantage in this plan found by Mr. Gridley was that only the capitalist would be able to take advantage of the plan. This was offset by the proposition that the tendency of the plan would be to lower rates of interest, and the increased circulation would make money easier, so that all classes would participate.

SMASHED A MIRROR.

Pat Daugherty Demolished a Large One in Timlin's Saloon.

Saturday night Pat Daugherty entered Timlin's saloon and before he went out, a back bar mirror, valued at \$300, was smashed. The saloon people claim that Pat commenced to abuse the barkeeper and instead of going out when ordered, threw something at the mirror. Pat, on the other hand, says that he helped scrub the saloon and that when the work was done the saloon people tried to get rid of him by throwing him out without giving him the customary drink for that service. He is quick tempered and shed a spittoon at the crowd. He missed a man and hit the mirror.

Daugherty answered to a charge of vagrancy in police court this morning, pleaded guilty and went up for ten days. Andy Nesbitt, who has been painting in the Hotel St. Louis, fell in with some boon companions and got drunk yesterday. He persistently pleaded guilty and was given a suspended sentence.

Dismissed the Cases.

In the cases of George Charles Howard vs. the Iron and Land company, of Minnesota, Emil Hartmann et al. and J. Main et al., cross-complaints vs. George Charles Howard et al., Judge Nelson has ordered that pleas to jurisdiction be allowed, and that the suits in both cases be dismissed on the ground of lack of jurisdiction for the reason that the complainant Howard and the cross-complainants, John Main et al., and the principal defendants, the Iron and Land company of Minnesota, are aliens and citizens of Great Britain.

May Be Settled.

In municipal court this morning, Alexander Robert, charged with grand larceny in the second degree, as the result of defrauding C. Pomeroy and Louis Kouchleau out of \$200, had his preliminary examination continued for ten days, until Thursday, Feb. 7. It is likely that the matter will be settled and never come up in court again.

Are After a Bridge.

There is a scheme on foot now by the Fond du Lac people to endeavor to secure an appropriation for an interstate bridge across the St. Louis river at Fond du Lac. The city engineering department is likely to be called upon to prepare plans and estimates for such a structure, so as to enable the matter to be properly presented to the law makers at St. Paul.

Verdict Set Aside.

In the federal court at Madison on Friday night last, the jury which has been considering the case of John Sheehan against the St. Paul & Duluth Railway company rendered a verdict of \$50,000 in favor of the plaintiff. On motion of the defendant's attorney the verdict was immediately set aside by the court and a new trial granted. Sheehan had a foot cut off while walking on the track near Carlton, Minn., in October, 1894.

Are After a Bridge.

There is a scheme on foot now by the Fond du Lac people to endeavor to secure an appropriation for an interstate bridge across the St. Louis river at Fond du Lac. The city engineering department is likely to be called upon to prepare plans and estimates for such a structure, so as to enable the matter to be properly presented to the law makers at St. Paul.

Verdict Set Aside.

In the federal court at Madison on Friday night last, the jury which has been considering the case of John Sheehan against the St. Paul & Duluth Railway company rendered a verdict of \$50,000 in favor of the plaintiff. On motion of the defendant's attorney the verdict was immediately set aside by the court and a new trial granted. Sheehan had a foot cut off while walking on the track near Carlton, Minn., in October, 1894.

To Tell You....

Of the Values We're Giving at This— Limitation Partnership Sale—

Is a big subject—so big that the news of it must be told daily. It's too much to expect that people generally, without a suggestion will make it a subject of memory, but when the whole community knows the facts, much of our heavy advertising will be unnecessary. Yesterday we spoke of OVERCOATS and ULSTERS. TODAY we'll speak to you of

TROUSERS!

AT 99c. AT \$2.25.

About six different patterns of fine Cashmere and Worsted Pants, all shades of the narrow, neat stripes, blue, black, brown and grays.

30 different patterns of good weight and elegantly made plain and fancy Worsted Tailor-made Trousers. Stripes of all kinds, wide and narrow, all made up in a very superior manner, two hip-pockets, silk puffs, fine pocketing and waistband linings. They look as well and are as good in every respect as Trousers that will cost you \$8.00 at Tailor Shops.

Extra Lengths or "Slims."

The sizes in these Trousers range from 31 to 38 waists, 34 to 37 lengths, and we unhesitatingly say that we are the only house in Duluth that carry a complete line.

\$5 kind for \$3.75. \$4 kind for \$3.00.

claim they are as correct, as perfect fitting, as any ready-to-wear Trousers made. Sixes run from 40 to 46 waist and 30 to 34 lengths.

\$6 kind for \$4. \$5 kind for \$3.75. \$3 kind for \$2.25.

M. S. BURROWS & CO.

Your Attention, Please!

A Word With You.

We've just opened an elegant line of New Wash Dress Goods. Can't take time to say much about them, as the advertising man is waiting for his copy. Come in and see them tomorrow. There are beautiful things amongst them—as handsome a line as you ever saw:

Court Royal Piques, Galatea Cloths, Llama Cloth Duckings, tinted ground Mulls with figures, Figured Organdies in a lovely variety, Satines, Burmah Cloths, Challies, Ginghams, Prints, and a splendid line of Percales.

New Dress Goods.

Come in and let us show you the very best All-Wool Colored and Black Serges for the money that anybody ever offered. This is a big statement, but if you don't say it's true when you see the goods, we'll never expect to sell you again.

MINERAL LANDS

Joint Resolution Forbidding the Issuance of Any More Mineral Leases Passed by the Senate.

Bill Introduced for the Appointment of a State Mineral Land Agent and an Assistant.

The House Resolved in Favor of Election of United States Senators by Popular Vote.

Robert Deakin Was Selected as Reading Clerk of the House on the Fifth Ballot.

ST. PAUL, Jan. 29.—In the senate, the election contest of Probstfield vs. Smith was made a special order for 2:30 this afternoon. The committee declared Senator Smith entitled to his seat. On motion of Senator Wyman, H. F. No. 125, a joint resolution relating to mineral leases and mineral contracts, was taken from the committee and the rules suspended, and the resolution given its final passage. It forbids the issuance of any more leases and Senator Wyman said that it should pass at once if the state wanted to have any mineral land left. There was no opposition to the bill after a few explanations had been made.

Attorney General Childs, in replying to the request of the senate whether any corporations of the state held more than 5000 acres of land, etc., said that he had nothing at hand to make him aware of any such condition of affairs, and he had not instituted any suits along this line. The following were the bills introduced: Mr. Stebbins, to repeal general laws of 1883, relating to commitment of persons under guardianship on account of excessive drinking, to the department of inebriates in the Second hospital for the insane. Hospital for the insane. Mr. Spencer.—To determine the liability of fire insurance companies. Insurance. Mr. Allen.—To amend an act for the organization of new counties and government of same approved April 1, 1893. Towns and counties. The senate took a recess until 2 o'clock.

It's the best—Dr. Price's baking powder—because it's absolutely pure.

DOINGS OF THE HOUSE.
Bill to Create the Office of State Mineral Land Agent.

ST. PAUL, Jan. 29.—In the house this morning Mr. Nye presented a resolution for a committee of three to investigate reported discriminations in railroad rates. Referred to committee on legislative expenses.

Mr. Staples presented for the information of the house some figures on the present condition of the internal improvement fund. A question being raised as to the accuracy of part of the statement, Mr. Staples withdrew it for further investigation. Among the bills introduced were the following:

Mr. Sampson, amending the intoxicating liquor license law, requiring \$500 license fee but allowing local option on the size of the fee. Temperance. Mr. Warner, amending the law of 1893 providing for the new capital. It transfers from the general fund \$250,000 for the erection of the new building and provides that this amount shall be part of the \$2,000,000 appropriation, and that amount is under no circumstances to be exceeded. It makes a number of minor alterations in the law covering the plans, the manner of obtaining them and the manner of proceeding about the building. It went to the committee on public buildings.

E. E. Smith, amending the laws of 1893, relative to legal publications in newspapers. It makes the affidavit prima facie evidence in the case. Judiciary. Mr. Warner, providing for the appointment of a state mineral land agent and to provide for the salary of the same. Such agent shall serve two years, salary \$2000, with \$500 for expenses, with an assistant, salary \$800, and \$300 for expenses. They shall investigate all reported mineral lands in which the state has any interest and report quarterly. It requires a penal bond of \$10,000 from the said agent. Mines and minerals.

Mr. Cant, amending general laws of 1878 relating to redemption of lands sold for taxes. Judiciary. Mr. Down, requiring filing of notice with register of deeds in condemnation proceedings. Municipal legislation. Mr. McKenney, amending the law prohibiting sale of liquors in the vicinity of the state fair grounds, the prohibited territory being one mile from the fair grounds. Temperance.

Mr. Gatterson, a joint resolution in favor of the election of United States senators by popular vote. It went through under a suspension of the rules, with 93 yeas, no nays.

The house then went into committee of the whole with Mr. Feig in the chair for the consideration of general orders. Mr. Gunn's two bills, H. F. No. 7 to repeal the law of 1889 of the election of United States senators in Aitkin county, and H. F. No. 16, amending the wolf bounty law, were recommended to pass, as also was the bill of Mr. Staples, providing for the raising of firearms, even though not loaded.

Mr. Johns' bill for the relief of firemen in smaller towns called for a lively debate. Mr. Jacobson and Mr. Johns going over the ins and outs of the present law and proposed changes, and as there were rather hazy ideas on the subject the committee reported progress.

The election of reading clerk was then

taken up, the candidates being J. Frank Wheaton, Paul Ewert, Robert Deakin and E. A. Taylor. On the fifth ballot Mr. Deakin was elected, the vote standing Deakin, 57; Wheaton, 47; the others having withdrawn. Adjourned.

WISCONSIN APPOINTMENTS.

Frank Ostrander of Superior Made a Normal School Regent.

MILWAUKEE, Jan. 29.—A special from Madison, Wis., to the Wisconsin says: Governor Upham sent the following names of normal school regents to the senate today: E. D. Coe, Whitewater; Frank Ostrander, Superior; W. A. Brown, Marinette; Charles Pittelkow, Milwaukee; James O. Raymond, Stevens Point; and E. Thompson, Oshkosh. On motion of Mr. Woodworth consideration of the appointments was laid over till Wednesday. Mr. Woodworth wants a River Falls man appointed on the board instead of Ostrander.

The Mills purity-in-politics bill was reported from the committee on state affairs and sent to the committee on privileges and elections. In the assembly Mr. Hall introduced two important bills for the control of railroads doing business within the state. One creates a state railroad commission and the other puts the railroads under control, such as provided by the Iowa law that has been adopted by nearly all of Wisconsin's neighboring states. Mr. Sloan introduced a bill calling upon the board of normal school regents to establish a school at Superior under the act of 1890, when the city pays the state \$50,000 and donates a site for the school.

POWERS IS REAPPOINTED.

Three More Appointments Made by Governor Nelson.

ST. PAUL, Jan. 29.—Governor Nelson this morning reappointed Labor Commissioner Powers, Dairy Commissioner Anderson and S. G. Comstock as members of the state normal board. In the dairy commissioner's office, Deputy Commissioner Graham will remain at once, though his successor has not been chosen, and Secretary Bertram will retire at the end of the present fiscal year, July 31. It has been decided that Assistant Adjutant General Evans will remain.

Election Contests.

ST. PAUL, Jan. 29.—The senate is discussing the Probstfield-Smith election contest. The house committee on elections is considering the Allen-Furlong contest from Mower county, and it is believed the decision will be against Furlong (Dem.), the sitting member.

Recovered by the State.

ST. PAUL, Jan. 29.—State Auditor Dunn today received a check for \$600.70 from T. R. Foley, of Aitkin, who was sued by the state pine land committee for trespass in cutting timber without authority of law from section 16, Aitkin county.

LITTLE PROGRESS MADE.

The Administration Bill Before the House Committee Today.

WASHINGTON, Jan. 29.—The house committee on banking and currency started at 11 o'clock today upon what promises to be a long consideration of the administration bill. According to present indications the committee will take up the bill all day. Practically no progress was made during the early part of the day and all indications point to a re-bubbling of the whole financial question at all phases. Representative Cox, of Tennessee, began business by a motion to report the bill to the house, which at once aroused a chorus of opposition. Three of the Republicans, Henderson, Illinois; Brosius, Pennsylvania, and Haugen, Wisconsin, objected strenuously to what they termed summary action, and Representative Cobb, declared that he would never vote to report the bill to the house in its present form.

In the course of discussion, Representative Walker (Rep.), Massachusetts, opposed the proposition of a 50-year term for the bonds and gave notice that he will offer an amendment for a shorter term. Other Republicans stood with him on this objection and also gave it as their view that greenbacks should not be retired unless the circulation was kept to its present volume by replacing the retired greenbacks with national bank notes.

Representative Cox gave notice that he would move to substitute for the administration bill the ill-fated Carlisle bill with certain amendments of his own which have been outlined heretofore. There may be adopted by the committee a rule limiting the time for debate on amendments, which will somewhat expedite matters.

The committee adopted an amendment which was practically a compromise between two proposals of Messrs. Brosius and Haugen. As adopted the amendment strikes out the words "fifty years after date" and makes the bonds payable "at the pleasure of the United States after ten years from the date of issue." This proposal to shorten the bond term met with nearly unanimous approval.

At the afternoon session of the committee, it adopted an amendment to the administration bill to reduce the tax on bank circulation to one-fourth of 1 per cent yearly, payable in two installments of one-eighth of 1 per cent each. Several amendments were defeated. The feature of the bill making customs duties payable in gold is being hotly debated. Later—the committee voted to strike out the section providing for the payment of customs duties in gold.

Shot By a Courtisan.

SIoux CITY, Ia., Jan. 29.—Albert Evans, an insurance agent of this city, was fatally shot in Covington, Neb., just across the river from here, this morning by Ollie Hall, a courtisan. All parties implicated are under arrest. Jealousy was the cause.

Attacked by Footpads.

CHICAGO, Jan. 29.—A bold attempt was made last night to rob John Herman, cashier of E. W. Sanders bank, at 1256 East Ravenswood, park boulevard, of \$3000 in cash and \$1000 in notes. He was attacked by footpads, but put them to flight.

ONE IS NEEDED

But One More Juror is Required to Complete the Panel in the Hayward Trial.

Probable That County Attorney Nye Will Begin His Opening Address to the Jury Today.

Close Relations Between Defense in the Blix Case and Prosecution in the Hayward Case.

Renewed Rumors That Blix Will Change His Plea to Guilty and Testify Against Hayward.

MINNEAPOLIS, Jan. 29.—Only six of the new venire of fifty answered to their names as called in the Hayward case this morning. Those who were present came from remote points in the county and had been riding nearly all night to reach the court room on time. When Michael Eckes, the first juror was placed on the stand today there was a very marked change in the manner of questioning by the defense. Mr. Eckes was very severely examined, but his answers to every question were such as to preclude the possibility of any but a peremptory challenge. The defense had none to offer, the juror was satisfactory to Mr. Nye, and he was sworn in. One man now remains to be secured, and it is not unlikely that he may be found among the remaining veniremen. If the jury is filled before the noon adjournment Mr. Nye will begin his opening address at 2 o'clock. It becomes more evident daily that the relations between the defense in the Blix case and the prosecution in the Hayward case are close. The attorney for Blix was in close conference with the state's attorney this morning before court opened.

These conferences and other circumstances have led to the positive assertion in some quarters that Blix is to be brought into court immediately after the opening of the case, that he will then change his plea to guilty and be put on the stand at once as the principal witness against Hayward.

The defense in the Hayward trial, just at the close of the morning session of the court, presented a petition which seems to show that insanity will be the plea made for the defendant. The petition asks the court's permission to take the depositions of J. F. McKenzie, superintendent of the Illinois hospital for the insane at Jacksonville, and of S. V. Keller, of Madera, Ill.; Mrs. Mary A. Williams and Mrs. Sarah A. Phipps, of Mattoon, Ill., and Dr. Samuel Van Meter, of Charleston, Ill., all relatives of Harry Hayward.

By Superintendent McKenzie, the defense expects to prove also that John H. Keller, maternal grand uncle of the defendant, was confined in the Jacksonville asylum at intervals between 1840 and 1882, and at the age of 72, in 1882, and that George K. Van Meter, first cousin of the maternal grandmother of the defendant, became violently insane in 1849, was confined in the asylum, escaped and was never heard of again.

By the relatives mentioned, the defense expects to prove also that Zillah Van Meter Keller, maternal great grandmother of the defendant was three times insane and had suicidal tendencies; that Moses Van Meter, the uncle of the maternal great grandmother of the defendant, was violently insane all his life. The court decided to hear the petition later in the day.

The state, while somewhat surprised by the motion, does not believe that insanity is to be the sole principal defense. The county attorney believes that this defense is to be held in reserve for use if necessary. The defense's position will be to insist that Hayward did not commit or instigate this crime; if he did instigate it he was insane when he did it.

It's the perfection of every excellence, Dr. Price's baking powder, because it's absolutely pure.

Senator Berry Re-Elected.
LITTLE ROCK, Ark., Jan. 29.—In separate sessions of the houses of the legislature today the balloting for United States senator resulted: Senate—James H. Berry (Dem.), 26; W. M. Fishback (Dem.), 19. F. R. Remmel (Rep.), 1. House—Berry, 73; Fishback, 14. W. B. Parks (Pop.), 9. The election of Berry will be declared in joint session at noon tomorrow.

Blew Out Her Brains.
NILES, Ohio, Jan. 29.—Mrs. Louis Sahn, a lady prominent in church work at this place, stood before a mirror this morning and blew her brains out with a revolver. The woman held her young infant in her arms while she committed the deed. The baby was uninjured. Poor health probably led to the act.

To Admit Anti-Toxine Free.
WASHINGTON, Jan. 29.—The house ways and means committee today agreed to report favorably a bill to admit anti-toxine free of duty.

Bissell to Retire.

NEW YORK, Jan. 29.—A Washington dispatch to the Evening Post says: Postmaster General Bissell will retire from the head of his department with the end of the present session of congress.

WASHINGTON, Jan. 29.—Postmaster General Bissell today said that there was no truth whatever in the report that he intended to resign from the cabinet.

Delaware's Deadlock.

DOVER, Del., Jan. 29.—Five ballots were taken today in the United States senatorial fight without change.

The Best Foundation

Transient trade is all right for superstructure, but steady custom is the foundation of a business. That's what we have always worked for. We propose to not only give you prices that will attract you, but treatment that will hold you. By doing this we will disprove the old statement, "There's no friendship in trade," because a man had better try to get along without customers, than without friends.

But as we have friends and customers both, we want to give them a Grand Benefit all day

Wednesday and Thursday

On Thursday night we take our annual inventory, and as we are strong believers in Reciprocity, we will offer for those two days some Extraordinary Bargains to our friends and customers, thus reciprocating for their esteemed patronage during the past year.

READ WHAT WE OFFER in the various departments, and not particularly the Bargains offered on our Bargain Counters.

Bargain Counter No. 1.

NOT WELL RECEIVED.

Report That This Country Will Intercede in the Guatemalan Affair Does Not Please Mexico.

That Country Will Decline With Thanks Offer of Minister Gray to Act As Mediator.

Mexico Claims That There is Nothing to Arbitrate and Guatemala Must Yield or Fight.

CITY OF MEXICO, Jan. 29.—It is probable that Mexico will decline with thanks the attempt of the United States to intercede in the Guatemalan affair. The reception in this capital today of a telegram from Washington saying that the United States will endeavor to act as mediator and that Minister Gray has started on his return to Mexico to co-operate with United States Minister Young of Guatemala, created much unfavorable comment in the limited circles in which it was made public. President Diaz, when asked how the proffer would be received by Mexico, politely replied that the country in general naturally felt grateful to the United States as a sister republic in its desires to sustain peace, which were exactly his own wishes, but while expressing his gratitude, the president did not say the offer would be accepted.

"In all such cases the settlement of the matter at issue must depend upon the consent of the parties directly concerned," said Gen. Diaz.

While giving no hint that Mexico will not listen to a proper extent to the intervention of the United States in the matter, the press was given the general impression that Mexico will continue to occupy the present position on the border dispute and hold to the claims for damages from Guatemala which it has all along held.

President Diaz is known to be far too wise a statesman to allow himself to be helped for the preservation of peace, but it is generally understood by those close to the seat of power that he will let nothing come in the way of the settlement at an early date of the long-troubled Guatemalan question. If war is necessary to accomplish this end, then it will be war to the finish. The daily two Republics of today, contained an editorial on the intervention of the United States in the Guatemalan dispute, which may be considered as indicative of the general feeling in Mexico, as follows:

"The telegraphic announcement that the United States would, if agreeable to Mexico, mediate in the Guatemalan question, created no little surprise and considerable dissatisfaction. Guatemala has, from the commencement of the present dispute, insisted upon submitting the question to the arbitration of the government of the United States. Mexico has maintained that the question having been practically settled by the treaty of 1882, is not of the character that should be submitted to arbitration. There is no question as to the interpretation of the treaty. It is perfectly clear and explicit without a single clause under which a dispute can be raised.

"The present administration of Guatemala does not like the provisions of that treaty and wishes to ignore it or withdraw from it. In proposing to submit the subject to arbitration, it merely wishes that matters which have been fully discussed and definitely agreed upon by the two countries be reopened to discussion, with the hope that a new decision may be reached. It was with this view that Guatemala purposely caused the invasion of territory which had formerly been in dispute, but which was agreed in the treaty of 1882 should

be regarded as Mexican pending the final survey of the boundary. When Mexico protested against this procedure, Guatemala coolly proposed that the matter be left to arbitration, and it is understood that the Guatemalan minister in Washington on several different occasions requested the United States government to offer its services as arbitrator, and that on those four occasions the request was flatly refused.

"Now the announcement is made that the United States government will offer to mediate in the interest of peace. Mediation in this case would be interference in the interest of a nation which is endeavoring to elude compliance with its treaty obligations. Should the proffered intervention be accepted, Guatemala will naturally desire to have the question of the boundary, and thus reopen to discussion the almost inextinguishable question, which, after years of diplomatic consideration was definitely adjusted in 1882. Upon the whole, the offer of the United States, if correctly reported, seems to be ill-considered and inopportune, and will probably produce the growth of a smaller one held on Saturday, but which for lack of organization did not reach to what was deemed fit proportions. The company marched to the governor's palace, where, in the presence of thousands of spectators, addresses full of fire and well applauded were delivered by leading students, and in which they gave vent to the young men of the state to be on hand in any emergency in which the general government might find their services useful.

Dr. Price's baking powder makes the finest food, because it is absolutely pure.

STUDENTS' DEMONSTRATION.
Patriotism Displayed by the Mexican Youth of Jalisco.

GUADALAJARA, Mex., Jan. 29.—Today a large students' demonstration was held, in which hundreds of young men from the schools of medicine, law and other colleges of this city took part, showing the patriotism of the youth of the state of Jalisco on the Guatemalan matter. Today's demonstration was the outgrowth of a smaller one held on Saturday, but which for lack of organization did not reach to what was deemed fit proportions. The company marched to the governor's palace, where, in the presence of thousands of spectators, addresses full of fire and well applauded were delivered by leading students, and in which they gave vent to the young men of the state to be on hand in any emergency in which the general government might find their services useful.

Dr. Price's baking powder makes the finest food, because it is absolutely pure.

DEATHS.
Two People Killed and Several Injured by a Railroad Wreck.

INDIANAPOLIS, Jan. 29.—John W. Norton, of St. Louis, who was one of the victims of the Vandavia wreck at Coatesville yesterday afternoon, died at a place at 6 o'clock this morning. He was carried to a church where he lay on a couch composed of the cushions taken from the wrecked Pullman. He was the most frightfully mangled of the victims of the wreck. He was manager of the Grand Opera house at St. Louis.

W. S. Towers, of Carthage, Mo., died while being carried from the car, injured at the wreck. Margaret Roberts, Indianapolis; Ewing Whitting, Boston; Mrs. Whitting, St. Neugon, Vigo, Tex.; F. L. Wrap, Dr. H. Talbot, Indianapolis; N. W. Ferguson, Terre Haute; Mrs. D. Hudson, Greencastle; G. L. Parish, Palestine, Ill.; W. S. Towers, Carthage, Mo.; D. W. Mendelbald, Terre Haute; L. A. Sheets, Indianapolis; G. L. Mansfield, Ohio; J. W. Cravens, editor Greencastle (Ind.) World; Mrs. Zella Segun Wallace, Indianapolis.

The present administration of Guatemala does not like the provisions of that treaty and wishes to ignore it or withdraw from it. In proposing to submit the subject to arbitration, it merely wishes that matters which have been fully discussed and definitely agreed upon by the two countries be reopened to discussion, with the hope that a new decision may be reached. It was with this view that Guatemala purposely caused the invasion of territory which had formerly been in dispute, but which was agreed in the treaty of 1882 should

AN APPEAL ALLOWED.
The Manitoba School Case Before the British Privy Council.

LONDON, Jan. 29.—In the presence of Baron Watson, lord of appeal in ordinary, Lord MacNaughton, lord of appeal in ordinary, and Lord Halsbury, a member of the judiciary committee of the privy council, the lord chancellor, Lord Herschell, today delivered judgment allowing the appeal from the decision of the supreme court of Canada in the case of Brophy and others against the attorney general of Manitoba rendered on Feb. 23, 1894, and known as the "Manitoba school case." No costs were allowed.

Fallen Into Arrears.
WASHINGTON, Jan. 29.—The work of the special examiners of the pension bureau has fallen into an arrearage of over 20,000 cases, owing to the recent lack of appropriations. The bureau has a result of the increase of \$350,000 in the appropriation for the service this force is now being augmented by sixty-three employees detailed for the purpose from the bureau.

An Honor for Capt. Mahan.
LONDON, Jan. 29.—The Graphic, commenting upon the suggestion recently made in a letter to the St. James Gazette that Capt. Mahan, of the United States navy, be appointed regius professor of modern history at Cambridge university, says: "We think Capt. Mahan would prefer a sea life, but the offer of the professorship would best express our gratitude. His refusal would be our loss."

New Chinese Loan.
LONDON, Jan. 29.—In its financial article this morning the Times says that in the form of a Chinese government 6 per cent gold loan of £3,000,000 fully secured on the revenue of the imperial maritime customs has been virtually arranged.

A Perils Elopement.
PEORIA, Ill., Jan. 29.—Dr. E. B. Studer, a young physician, who has been practicing here and at the University of Illinois, one of the oldest and most highly respected physicians in the city, has eloped with Amanda Heber, a young woman employed by a dry goods store. He was engaged to marry Miss Nette, of St. Louis.

Keep your blood pure and healthy and you will not have rheumatism. Hood's sarsaparilla gives the blood vitality and richness.

No beauty without good health. No good health with impure blood. No impure blood if Eley's Sarsaparilla is used. Trial size, 50 cents. Max Wirth.

Killed by Sewer Gas.
CHICAGO, Jan. 29.—While attempting to rescue an employee, John H. Walsb, proprietor of Gaynor's hotel at Canal and Adams street, was killed by an explosion of sewer gas today.

Van Horne Returning.
LIVERPOOL, Jan. 29.—Among the passengers aboard the White Star liner Teutonic, is Sir William Van Horne, president of the Canadian Pacific railroad.

IMPORTANT WILL STOLEN.
Will of the Late James G. Fair Stolen in San Francisco.

SAN FRANCISCO, Jan. 29.—The will of the late James G. Fair was stolen from the clerk's office some time yesterday afternoon and there is not the slightest clue to the perpetrators of the crime. The discovery was made about half an hour before the usual time for closing the office. Some papers in connection with the will were also stolen, and asked for permission to see the document.

A will filed for probate is a public document and it is the duty of the clerk to keep it safe. It is supposed to be open for the inspection of anyone who is interested in the case and desires to see it. The clerk who was asked to produce the will went to the pigeon hole, where it had been last placed. He took the bulky envelope on which was inscribed "last will and testament of James G. Fair" and took it to the desk where the visitor was waiting. When he opened it he was staggered at the contents, and the precious document was not there. In its place was a lot of worthless paper which had been carefully folded and inserted in the envelope. An attempt to delay the discovery as long as possible. The information was imparted to the chief deputy. He carefully scrutinized the envelope to make sure that the will was really missing. A search was made in the pigeonhole where the document belonged. There was no sign of it anywhere. The will was gone. There was not the slightest trace of it and the investigation was given up.

When the chief deputy and other clerks who had been apprised of the theft left the clerk's office last evening, there was not a shadow of doubt in their minds but that the will had been stolen. Still they had hopes that it would turn up all right. The disappearance of such a will is a far more serious matter than would be the disappearance of a will in any other case. The great length and peculiar verbiage of the document render it almost impossible to prove the exact language, which is important, even should there be no contest. Copies are in possession of the attorneys but if there is to be a contest the accuracy of copies would not be questioned.

What is more the signature of the dead millionaire is gone. It cannot be produced for the scrutiny of experts or for identification by the attesting witnesses, whose testimony is to be entered in support of the will on hearing of the executor's petition for admission of the testament to probate.

Dr. Price's baking powder is declared by all official experts absolutely pure.

HANGED IN EFFIGY.
Street Railway Presidents in Brooklyn Who Are Disliked.

BROOKLYN, Jan. 29.—Presidents North and Lewis were hanged in effigy last night on the trolley wires of the Union avenue line at the crossing of the Hamburg and Flushing avenue lines. From the high tenements on either side dead cats and dogs, old clothing and boots and shoes were thrown across the wires. A gang of line men busy clearing the wires.

Notwithstanding the vigilance of the police, a battered looking dummy, with a noose around its neck, was hoisted on a pole at the intersection of the street and shortly afterwards a dummy labeled "Lewis" kept it company.

Stones and bricks assailed the militia pickets at the Ridgeway station of the Brooklyn Heights Railroad company a little before daylight today. The three companies of the Forty-seventh regiment were called out for duty and several shots were fired in the direction from whence the missiles had been thrown. It is not known that anyone was hurt.

A gang of six street cleaners was attacked and badly beaten by a mob numbering about seventy-five, at Flushing and Nostrand avenues, while at the moving snow from the rails this morning.

A Pardon Sought.
PITTSBURGH, Jan. 29.—An effort is being made to have the late John F. Fitzgerald, who shot and killed Detective David H. Clinton near this city on March 21, 1891, and who committed suicide in New Orleans after his capture there. She was convicted as an accessory and sentenced to eight years in the penitentiary.

Engineers May Strike.
OAKLAND, Cal., Jan. 29.—Chief Arthur of the Brotherhood of Locomotive Engineers is on his way to the Pacific coast. Under his instructions all the brotherhoods are being polled on all the roads in order to get a vote on the question of ordering a general strike. According to the rules of the brotherhood a general strike cannot be ordered without a consenting vote from two-thirds of the members of the organization.

A Serious Charge.
TOLEDO, Jan. 29.—A deputy United States marshal arrested and brought to Toledo, Charles M. Hughes, Jr., ex-cashier of the First National bank, of Lima, on the charge of misappropriation of \$10,000 of the bank's funds. Hughes was released on bond for his appearance Friday before the United States commissioner.

Killed by Sewer Gas.
CHICAGO, Jan. 29.—While attempting to rescue an employee, John H. Walsb, proprietor of Gaynor's hotel at Canal and Adams street, was killed by an explosion of sewer gas today.

NEW STATE CAPITOL.

Ramsey County Members Listen to Explanation of the Changes Desired in the Existing Law.

Proposed to Transfer at Once \$250,000 From the General Fund to the Building Fund.

It is Not Necessary to Increase the Tax Levy, But It May Be Reduced Slightly.

ST. PAUL, Jan. 29.—The Ramsey county delegation met at the Windsor last night and listened to the explanation of the changes which it is proposed to make in the law providing for the construction of a new capital building. Channing Seabury, vice president of the capitol commission, appeared before the delegation and submitted the bill which has been drafted by the committee. Under the present law a sum equal to two-tenths of a mill on the assessed value of the property of the state is available for the next ten years, beginning 1895. This will amount to \$130,000 annually, but as there have already been appropriations for the next four years, there remains available for constructing the building only \$60,000 per year for that period.

It is proposed to make available at once by transfer from the general fund \$250,000 to be used for the construction of the building. The transfer of this amount will not increase the tax levy, as there is now a surplus of over \$100,000 in this fund deposited in over-carrying bonds of the state. Not only will it be unnecessary to increase the tax levy, but after allowing for all the expenses of the capitol building, Governor Nelson estimates and so advises in his message that the levy can be lowered 2-10 of a mill, that is from 7-10 to 5-10 of a mill. The bill further provides for changes in architecture and other details, and was discussed by members of the delegation. Mr. Seabury has collected a mass of interesting data, which will be of great value to the members in supporting the proposed amendments to the present law. The bill will be introduced in both the house and senate some time this week.

In addition to the appointments telegraphed to Ramsey county, Governor Nelson sent the following to the senate, the majority being reappointments: W. W. Pendergast, superintendent of the state prison; George J. Becker, railroad and warehouse commissioner; C. A. Gilman, St. Cloud, state librarian; William Bird, Fairmont, member of game and fish commission; Edwin Dunn, Ely, member of board of managers of state prison; John W. Mason, Ferguson, Falls, trustee of hospital for the insane; John Byers, Hastings, member of board of control state public school; C. H. Smith, insurance commissioner; S. B. Brown, Minneapolis, surveyor general and land commissioner; O. C. Christian, member of board of equalization; Channing Seabury, member of board of equalization, Second district. J. G. Nelson, Stillwater, member of board of equalization, Third district. J. G. Nelson, Stillwater, member of board of equalization, Third district. J. G. Nelson, Stillwater, member of board of equalization, Third district.

In the senate last night the committee on normal schools reported a bill for the establishment of a normal school at Duluth, with the recommendation that it pass, and the report was adopted. The bill will come up for passage later in the week.

Look to your health. Alum baking powders destroy it. Dr. Price's is absolutely pure.

Shareholders Must Pay.
DENVER, Jan. 29.—Receiver Frank Adams, of the defunct Commercial National bank, has received notice from the court in Washington to enforce the individual liability of the stockholders. Each shareholder will be required to pay \$100 upon every share he possesses.

Yes, 'tis true.
Foley's Honey and Tar
Is the best cough medicine
Max Wirth.

There is good reason for the popularity of Chamberlain's Cough Remedy. Davis & Buzard, of West Monterey, Clarion county, Pa., says: "It has cured people that our physicians could do nothing for. We persuaded them to try a bottle of Chamberlain's Cough Remedy and they now acknowledge it with the rest of us. Twenty-five and 50-cent bottles for sale by all druggists."

WEST DULUTH ITEMS

West Duluthians Are Getting Decidedly Worked Up Over the Political Situation, Aldermanic and Otherwise.

Ald. French is Learning That He Has No Walkaway With Bob Kennedy Opposing Him.

Ald. Olafson is Believed to Have Easy Opposition in the Eighth—Other Local News.

Politics absorbs all other questions in West Duluth at the present time. The Republicans are claiming large majorities for the straight ticket, while the Democrats and independents are as positive in their declarations that they will win although they do not boast of great majorities.

The Aldermanic fight will be a hard and close one. In the Seventh ward, Alderman French's friends are confident but "Bob" Kennedy always was every inch a fighter and has lost none of his old-time powers. Alderman French has a hard fight on his hands and has no walkaway by any means.

In the Eighth Alderman Olafson is leading. John M. Martin does not develop the strength which it was supposed he would. W. H. Smith may poll the full Democratic vote but this will come far from electing him.

As regards the judgeship of Municipal Court No. 2 the race appears so far to be a walkaway for C. W. Hoyt, as the candidacy of P. Q. Hoyt is arousing no enthusiasm whatever.

The Monday Club held an interesting meeting last evening. The question, "Should United States senators be elected by popular vote?" was ably discussed by E. J. Murphy, J. E. Nygren, D. M. DeVore and Van R. Brown.

Messrs. Sewery and Viehle rendered some excellent music on the mandolin and autoharp.

Highest medals from every competitive contest show Price's cream baking powder absolutely pure.

West Duluth Briefs.

A masquerade ball will be given at the West Duluth skating rink on Thursday evening.

It is understood that T. R. Mayo, of West Duluth will accept a position as deputy sheriff of the first of next month.

Edward Home has gone to Milwaukee. Dr. Forbes left for St. Paul yesterday.

Misses Nellie and Marie Murphy returned yesterday from a visit to St. Paul.

M. Kastner leaves in a short time for New York to purchase goods.

The undersigned has all kinds of sleds on hand for sale cheap. J. E. Johnson, corner of Main and Fifth—Seventh avenue, West Duluth.

Only Four Days to California.

No high altitudes.

No Sunday travel.

Best winter route for California.

The Minneapolis & St. Louis Railroad company, ever watchful of the interests of the traveling public, has inaugurated a tourist Pullman car service from St. Paul and Minneapolis to California, via Kansas City, Fort Worth and El Paso, Tex., which is unquestionably the most pleasant and attractive route for winter travel, on the following

THROUGH TRIP SCHEDULE.

Le. St. Paul, 9:30 a. m. Tuesday.

Ar. Kansas City, 10:30 a. m. Wednesday.

Ar. Fort Worth, 8:30 a. m. Thursday.

Ar. El Paso, 11:30 a. m. Friday.

Ar. Los Angeles, 7:30 p. m. Saturday.

The berths in this car are upholstered and completely furnished. The car is accompanied by conductor and colored porter, who give passengers the same attention as is accorded the patrons of regular Pullman sleeper. Cooking ranges and two commodious lavatories are at the service of passengers.

The excursions will be under the management of A. Phillips & Co., making the fifteenth year of continuous satisfactory service. Any one who has ever been to California will endorse the claims of the celebrated Phillips Excursion via the "Albert Lea Route."

The price of double berth through is only \$60. Reservations should be made several days in advance, and communications addressed to the nearest ticket agent, or A. B. Cuts, general ticket and passenger agent, "Albert Lea Route," Minneapolis, Minn.

California Fruit Drop.

\$5,000,000 worth raised this year. Do you want to know where and at what profit the golden orange is raised? Do you want to know where and at what profit the unsurpassed California raisin grape is grown or the luscious peach, the loveliest prune in the world, or the magnificent grape? Do you want to know how to travel through that district comfortably and cheaply? If you do, address

CALIFORNIA BUREAU OF INFORMATION, Room 1138 Guaranty Loan Building, Minneapolis, Minn.

WHEAT WAS DEMORALIZED.

Heavy Break in Prices Caused by Discouraging News.

The wheat markets today bordered on a panic condition. The main factor of weakness was the growing impression that nothing would come of the president's appeal to convene for financial relief. The houses yesterday would not come out by the dispatches today, which said that all legislation in that direction would be blocked. This was a severe blow to speculation; cables also came weak and demoralized, with the buyers over there said to be having it all their own way, and domestic markets soon got in line and went off to 3c.

During the last day or two there had been considerable buying for the long account on the reaction theory and on the hopes built upon the president's message, that the new law from Washington and the general had, without causing much wheat to be thrown overboard, New York led the selling and as the pressure was enormous, demoralization followed. At Chicago the selling was excited and urgent, and the low price record was broken. The trading in Duluth was not heavy but was fairly important and was entirely confined to May and single trade in July wheat or cash and bill movement. May wheat sold lower at 50c, and after an advance of 1/2c sold down to 49c at 11:30. Near the close the market rallied and May sold up to 49 1/2c. The close was 49c, and the market closed steady for best, other weak.

New York Money.

New York, Jan. 29.—Money: Prime commercial paper 3 1/2% to 4% per cent. Sterling exchange stable and quiet. Actual business bankers' bills at 50c for 30 days, and 48 1/2c for 60 days. Post office exchange on London, 48 1/2c for 30 days, 48 1/4c for 60 days. Silver certificates 99 1/2c, but no sales. Bar silver, 157 1/2c.
